The director of revenue shall establish and issue special personalized license plates containing letters or numbers or combinations of letters and numbers, not to exceed six characters in length. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Any person desiring to obtain a special personalized license plate for any motor vehicle other than a commercial motor vehicle licensed for more than twelve thousand pounds shall apply to the director of revenue on a form provided by the director and shall pay a fee of fifteen dollars in addition to the regular registration fees. The director of revenue shall issue rules and regulations setting the standards and establishing the procedure for application for and issuance of the special personalized license plates and shall provide a deadline each year for the applications. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void. No two owners shall be issued identical plates. An owner shall make a new application and pay a new fee each year such owner desires to obtain or retain special personalized license plates; however, notwithstanding the provisions of subsection 8 of section 301.130 to the contrary, the director shall allow the special personalized license plates to be replaced with new plates every three years without any additional charge, above the fee established in this section, to the renewal applicant. Any person currently in possession of an approved personalized license plate shall have first priority on that particular plate for each of the following years that timely and appropriate application is made.

2. No personalized license plates shall be issued containing any letters, numbers or combination of letters and numbers which are obscene, profane, [inflammatory or contrary to public policy] **patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found.** The director may recall any personalized license plates, including those issued prior to August 28, 1992, if the director determines that the plates are obscene, profane, [inflammatory or contrary to public policy] **patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found.** Where the director recalls such plates pursuant to the provisions of this subsection, the director shall reissue personalized license plates to the owner of the motor vehicle for which they were issued at no charge, if the new plates proposed by the owner of the motor vehicle meet the standards established pursuant to this section. **The director shall not apply the provisions of this statute in a way that violates the Missouri or United States constitutions as interpreted by the courts with controlling authority in the state of Missouri. The primary purpose of motor vehicle licence plates is to identify motor vehicles. Nothing in the issuance of a personalized license plate creates a designated or limited public forum.** Nothing contained in this subsection shall be interpreted to prohibit the use of license plates, which are no longer valid for registration purposes, as collector's items or for decorative purposes.

3. The director may also establish categories of special license plates from which license plates may be issued. Any such person, other than a person exempted from the additional fee pursuant to subsection 6 of this section, that desires a personalized special license plate from any such category shall pay the same additional fee and make the same kind of application as that

required by subsection 1 of this section, and the director shall issue such plates in the same manner as other personalized special license plates are issued.

4. The director of revenue shall issue to residents of the state of Missouri who hold an unrevoked and unexpired official amateur radio license issued by the Federal Communications Commission, upon application and upon payment of the additional fee specified in subsection 1 of this section, except for a person exempted from the additional fee pursuant to subsection 6 of this section, personalized special license plates bearing the official amateur radio call letters assigned by the Federal Communications Commission to the applicant. The application shall be accompanied by an affidavit stating that the applicant has an unrevoked and unexpired amateur radio license issued by the Federal Communications Commission and the official radio call letters assigned by the Federal Communications Commission to the applicant.

5. Notwithstanding any other provision to the contrary, any business that repossesses motor vehicles or trailers and sells or otherwise disposes of them shall be issued a placard displaying the word "Repossessed", provided such business pays the fees presently required of a manufacturer, distributor, or dealer in subsection 1 of section 301.253. Such placard shall bear a number and shall be in such form as the director of revenue shall determine, and shall be only used for demonstrations when displayed substantially as provided for number plates on the rear of the motor vehicle or trailer.

Notwithstanding any provision of law to the contrary, any person who has retired from any branch of the United States armed forces or reserves, the United States Coast Guard or reserve, the United States Merchant Marines or reserve, the National Guard, or any subdivision of any such services shall be exempt from the additional fee required for personalized license plates issued pursuant to section 301.441. In the case of a manufacturer, new motor vehicle franchise dealer or used motor vehicle dealer, the photograph shall include the lot of the business. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.573. (3) If the application is for licensure as a wholesale motor vehicle dealer or as a boat dealer, the application shall contain the business address, not a post office box, and telephone number of the place where the books, records, files and other matters required and necessary to conduct the business are located and where the same may be inspected during normal daytime business hours. Wholesale motor vehicle dealers and boat dealers shall file reports as required of new franchised motor vehicle dealers and used motor vehicle dealers;

(4) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a wholesale motor vehicle dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-103, RSMo, issued by any state or federal financial institution in the penal sum of twenty-five thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, wholesale motor vehicle dealers and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party;

(5) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.573. All fees payable pursuant to the provisions of sections 301.550 to 301.573, other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section, shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that

amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, wholesale motor vehicle auction or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

3. Upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number within eight working hours after presentment of the application. Upon the renewal of a boat dealer, boat manufacturer, manufacturer, motor vehicle dealer, public motor vehicle auction, wholesale motor vehicle dealer or wholesale motor vehicle auction, the department shall issue the distinctive dealer license number or certificate of number as quickly as possible. The issuance of such distinctive dealer license number or certificate of number shall be in lieu of registering each motor vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer, wholesale motor vehicle auction or motor vehicle dealer.

4. Notwithstanding any other provision of the law to the contrary, the department shall assign the following distinctive dealer license numbers to:

6. In the case of manufacturers and motor vehicle dealers, the department shall also issue one number plate bearing the distinctive dealer license number to the applicant upon payment by the manufacturer or dealer of a fifty-dollar fee. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Boat dealers and boat manufacturers shall be entitled to one certificate of number bearing such number upon the payment of a fifty-dollar fee. As many additional number plates as may be desired by manufacturers and motor vehicle dealers and as many additional certificates of number as may be desired by boat dealers and boat manufacturers may be obtained upon payment of a fee of ten dollars and fifty cents for each additional plate or certificate. A motor vehicle dealer, boat dealer, manufacturer, boat manufacturer, public motor vehicle auction, wholesale motor vehicle dealer or wholesale motor vehicle auction obtaining a dealer license plate or certificate of number or additional license plate or additional certificate of number, throughout the calendar year, shall be required to pay a fee for such license plates or certificates of number computed on the basis of one-twelfth of the full fee prescribed for the original and duplicate number plates or certificates

of number for such dealers' licenses, multiplied by the number of months remaining in the licensing period for which the dealer or manufacturers shall be required to be licensed. In the event of a renewing dealer, the fee due at the time of renewal shall not be prorated.

7. The plates issued pursuant to subsection 3 or 6 of this section may be displayed on any motor vehicle owned and held for resale by the motor vehicle dealer or manufacturer, and used by a customer who is test driving the motor vehicle, or is used by an employee or officer, but shall not be displayed on any motor vehicle or trailer hired or loaned to others or upon any regularly used service or wrecker vehicle. Boat dealers and manufacturers may display their certificate of number on a vessel or vessel trailer which is being transported to an exhibit or show.

301.567. ADVERTISING STANDARDS, VIOLATION OF, WHEN. — 1. For purposes of this section, a violation of any of the following advertising standards shall be deemed an attempt by the advertising dealer to obtain a fee or other compensation by fraud, deception or misrepresentation in violation of section 301.562:

(1) A motor vehicle shall not be advertised as new, either by express terms or implication, unless it is a "new motor vehicle" as defined in section 301.550;

(2) When advertising any motor vehicle which is not a new motor vehicle, such advertisement must expressly identify that the motor vehicle is a used motor vehicle by express use of the term "used", or by such other term as is commonly understood to mean that the vehicle is used;

(3) Any terms, conditions, and disclaimers relating to the advertised motor vehicle's price or financing options shall be stated clearly and conspicuously. An asterisk or other reference symbol may be used to point to a disclaimer or other information, but not be used as a means of contradicting or changing the meaning of an advertised statement;

(4) The expiration date, if any, of an advertised sale or vehicle price shall be clearly and conspicuously disclosed. In the absence of such disclosure, the advertised sale or vehicle price shall be deemed effective so long as such vehicles remain in the advertising dealership's inventory;

(5) The terms "list price", "sticker price", or "suggested retail price", shall be used only in reference to the manufacturer's suggested retail price for new motor vehicles, and, if used, shall be accompanied by a clear and conspicuous disclosure that such terms represent the "manufacturer's suggested retail price" of the advertised vehicle;

(6) Terms such as "at cost", "\$..... above cost", shall not be used in advertisements because of the difficulty in determining a dealer's actual net cost at the time of the sale. Terms such as "invoice price", "\$..... over invoice", may be used, provided that the invoice referred to is the manufacturer's factory invoice for a new motor vehicle and the invoice is available for customer inspection. For purposes of this section, "manufacturer's factory invoice" means that document supplied by the manufacturer to the dealer listing the manufacturer's charge to the dealer before any deduction for holdback, group advertising, factory incentives or rebates, or any governmental charges;

(7) When the price or financing terms of a motor vehicle are advertised, the vehicle shall be fully identified as to year, make, and model. In addition, in advertisements placed by individual dealers and not line-make marketing groups, the advertised price or credit terms shall include all charges which the buyer must pay to the dealer, except buyer-selected options and state and local taxes. If a processing fee or freight or

destination charges are not included in the advertised price, the amount of any such processing fee and freight or destination charge must be clearly and conspicuously disclosed within the advertisement;

(8) Advertisements which offer to match or better any competitors' prices shall not be used;

(9) Advertisements of "dealer rebates" shall not be used, however, this shall not be deemed to prohibit the advertising of manufacturer rebates, so long as all material terms of such rebates are clearly and conspicuously disclosed;

(10) "Free", "at no cost", shall not be used if any purchase is required to qualify for the "free" item, merchandise, or service;

(11) "Bait advertising", in which an advertiser may have no intention to sell at the prices or terms advertised, shall not be used. Bait advertising shall include, but not be limited to, the following examples:

(a) Not having available for sale the advertised motor vehicles at the advertised prices. If a specific vehicle is advertised, the dealer shall be in possession of a reasonable supply of such vehicles, and they shall be available at the advertised price. If the advertised vehicle is available only in limited numbers or only by order, such limitations shall be stated in the advertisement;

(b) Advertising a motor vehicle at a specified price, including such terms as "as low as \$.....", but having available for sale only vehicles equipped with dealer added cost options which increase the selling price above the advertised price;

(12) Any reference to monthly payments, down payments, or other reference to financing or leasing information shall be accompanied by a clear and conspicuous disclosure of the following:

(a) Whether the payment or other information relates to a financing or a lease transaction;

(b) If the payment or other information relates to a financing transaction, the minimum down payment, annual percentage interest rate, and number of payments necessary to obtain the advertised payment amount must be disclosed, in addition to any special qualifications required for obtaining the advertised terms including, but not limited to, "first-time buyer" discounts, "college graduate" discounts, and a statement concerning whether the advertised terms are subject to credit approval;

(c) If the payment or other information relates to a lease transaction, the total amount due from the purchaser at signing with such costs broken down and identified by category, lease term expressed in number of months, whether the lease is closed-end or open-end, and total cost to the lessee over the lease term in dollars;

(13) Any advertisement which states or implies that the advertising dealer has a special arrangement or relationship with the distributor or manufacturer, as compared to similarly situated dealers, shall not be used;

(14) Any advertisement which, in the circumstances under which it is made or applied, is false, deceptive, or misleading shall not be used;

(15) No abbreviations for industry words or phrases shall be used in any advertisement unless such abbreviations are accompanied by the fully spelled or spoken words or phrases.

2. The requirements of this section shall apply regardless of whether a dealer advertises by means of print, broadcast, or electronic media, or direct mail.

3. Dealers shall clearly and conspicuously identify themselves in each advertisement by use of a dealership name which complies with subsection 6 of section 301.560.

301.600. LIENS AND ENCUMBRANCES, HOW PERFECTED — EFFECT OF ON VEHICLES AND TRAILERS BROUGHT INTO STATE — SECURITY PROCEDURES FOR VERIFYING ELECTRONIC NOTICES. — 1. Unless excepted by section 301.650, a lien or encumbrance on a

motor vehicle or trailer, as defined by section 301.010, is not valid against subsequent transferees or lienholders of the motor vehicle or trailer who took without knowledge of the lien or encumbrance unless the lien or encumbrance is perfected as provided in sections 301.600 to 301.660.

2. Subject to the provisions of section 301.620, a lien or encumbrance on a motor vehicle or trailer is perfected by the delivery to the director of revenue of a notice of a lien in a format as prescribed by the director of revenue. To perfect a subordinate lien, the notice of lien must be accompanied by the documents required to be delivered to the director pursuant to subdivision (3) of section 301.620. The notice of lien is perfected as of the time of its creation if the delivery of such notice to the director of revenue is completed within thirty days thereafter, otherwise as of the time of the delivery. A notice of lien shall contain the name and address of the owner of the motor vehicle or trailer and the secured party, a description of the motor vehicle or trailer, including the vehicle identification number, and such other information as the department of revenue may prescribe. A notice of lien substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading. **Provided the lienholder submits complete and legible documents, the director of revenue shall mail confirmation or electronically confirm receipt of such notice of lien to the lienholder as soon as possible, but no later than fifteen business days after the filing of the notice of lien.**

3. Liens may secure future advances. The future advances may be evidenced by one or more notes or other documents evidencing indebtedness and shall not be required to be executed or delivered prior to the date of the future advance lien securing them. The fact that a lien may secure future advances shall be clearly stated on the security agreement and noted as "subject to future advances" on the notice of lien and noted on the certificate of ownership if the motor vehicle or trailer is subject to only one notice of lien. To secure future advances when an existing lien on a motor vehicle or trailer does not secure future advances, the lienholder shall file a notice of lien reflecting the lien to secure future advances. A lien to secure future advances is perfected in the same time and manner as any other lien, except as follows: proof of the lien for future advances is maintained by the department of revenue; however, there shall be additional proof of such lien when the notice of lien reflects such lien for future advances, is receipted for by the department of revenue, and returned to the lienholder.

4. If a motor vehicle or trailer is subject to a lien or encumbrance when brought into this state, the validity and effect of the lien or encumbrance is determined by the law of the jurisdiction where the motor vehicle or trailer was when the lien or encumbrance attached, subject to the following:

(1) If the parties understood at the time the lien or encumbrance attached that the motor vehicle or trailer would be kept in this state and it was brought into this state within thirty days thereafter for purposes other than transportation through this state, the validity and effect of the lien or encumbrance in this state is determined by the law of this state;

(2) If the lien or encumbrance was perfected pursuant to the law of the jurisdiction where the motor vehicle or trailer was when the lien or encumbrance attached, the following rules apply:

(a) If the name of the lienholder is shown on an existing certificate of title or ownership issued by that jurisdiction, the lien or encumbrance continues perfected in this state;

(b) If the name of the lienholder is not shown on an existing certificate of title or ownership issued by that jurisdiction, the lien or encumbrance continues perfected in this state three months after a first certificate of ownership of the motor vehicle or trailer is issued in this state, and also thereafter if, within the three-month period, it is perfected in this state. The lien or encumbrance may also be perfected in this state after the expiration of the three-month period; in that case perfection dates from the time of perfection in this state;

(3) If the lien or encumbrance was not perfected pursuant to the law of the jurisdiction where the motor vehicle or trailer was when the lien or encumbrance attached, it may be perfected in this state; in that case perfection dates from the time of perfection in this state;

(4) A lien or encumbrance may be perfected pursuant to paragraph (b) of subdivision (2) or subdivision (3) of this subsection either as provided in subsection 2 or 3 of this section or by the lienholder delivering to the director of revenue a notice of lien or encumbrance in the form the director of revenue prescribes and the required fee.

5. By rules and regulations, the director of revenue shall establish a security procedure for the purpose of verifying that an electronic notice of lien or notice of satisfaction of a lien on a motor vehicle or trailer given as permitted in sections 301.600 to 301.640 is that of the lienholder, verifying that an electronic notice of confirmation of ownership and perfection of a lien given as required in section 301.610 is that of the director of revenue, and detecting error in the transmission or the content of any such notice. A security procedure may require the use of algorithms or other codes, identifying words or numbers, encryption, callback procedures or similar security devices. Comparison of a signature on a communication with an authorized specimen signature shall not by itself be a security procedure.

301.610. CERTIFICATE OF OWNERSHIP, DELIVERY TO WHOM, WHEN — ELECTRONIC CERTIFICATE OF OWNERSHIP, DEFINED, MAINTAINED BY DIRECTOR, WHEN. — 1. A certificate of ownership of a motor vehicle or trailer when issued by the director of revenue shall be mailed [or confirmation of such ownership shall be electronically transmitted or mailed to the first lienholder named in such certificate; and if no lienholder is shown, then the certificate of ownership shall be mailed to the] owner shown on the face of the title of such motor vehicle or trailer. **If the certificate of ownership is being held electronically by the director of revenue at the election of a lienholder, then confirmation of such ownership shall be electronically transmitted or mailed to the first lienholder named in such certificate.**

2. A lienholder may elect that the director of revenue retain possession of an electronic certificate of ownership, and the director shall issue regulations to cover the procedure by which such election is made. Each such certificate of ownership shall require a separate election, unless the director provides otherwise by regulation. A subordinate lienholder shall be bound by the election of the superior lienholder with respect to the certificate involved.

3. "Electronic certificate of ownership" means any electronic record of ownership, including a lien or liens that may be recorded.

301.620. DUTIES OF PARTIES UPON CREATION OF LIEN OR ENCUMBRANCE. — If an owner creates a lien or encumbrance on a motor vehicle or trailer:

(1) The owner shall immediately execute the application, in the space provided therefor on the certificate of ownership or on a separate form the director of revenue prescribes, to name the lienholder on the certificate, showing the name and address of the lienholder and the date of the lienholder's security agreement, and cause the certificate, application and the required fee to be delivered to the director of revenue;

(2) The lienholder or an authorized agent licensed pursuant to sections 301.112 to 301.119 shall deliver to the director of revenue a notice of lien as prescribed by the director accompanied by all other necessary documentation to perfect a lien as provided in section 301.600;

(3) [Upon request of the owner or subordinate lienholder, a lienholder in possession of the certificate of ownership shall either mail or deliver the certificate to the subordinate lienholder for delivery to the director of revenue or, upon receipt from the subordinate lienholder of the owner's application, the certificate and the required fee, mail or deliver them to the director of revenue with the certificate. The delivery of the certificate does not affect the rights of the first lienholder under the security agreement;] **To perfect a lien for a subordinate lienholder when a transfer of ownership occurs, the subordinate lienholder shall either mail or deliver or cause to be mailed or delivered, a completed notice of lien to the department of revenue, accompanied**

by authorization from the first lienholder. The owner shall ensure the subordinate lienholder is recorded on the application for title at the time the application is made to the department of revenue. To perfect a lien for a subordinate lienholder when there is no transfer of ownership, the owner or lienholder in possession of the certificate, shall either mail or deliver or cause to be mailed or delivered, the owner's application for title, certificate, notice of lien, authorization from the first lienholder and title fee to the department of revenue. The delivery of the certificate and executing a notice of authorization to add a subordinate lien does not affect the rights of the first lienholder under the security agreement;

(4) Upon receipt of the [certificate, application and the required fee] **documents and fee required in subdivision (3) of this section**, the director of revenue shall issue a new certificate of ownership containing the name and address of the new lienholder, and shall mail the certificate as prescribed in section 301.610 or if a lienholder who has elected for the director of revenue to retain possession of an electronic certificate of ownership the lienholder shall either mail or deliver to the director a notice of authorization for the director to add a subordinate lienholder to the existing certificate. Upon receipt of such authorization [and], a notice of lien **and required documents and title fee, if applicable**, from a subordinate lienholder, the director shall add the subordinate lienholder to the certificate of ownership being electronically retained by the director and provide confirmation of the addition to both lienholders;

(5) **Failure of the owner to name the lienholder in the application for title, as provided in this section is a class A misdemeanor.**

301.630. LIEN OR ENCUMBRANCE, ASSIGNMENT, PROCEDURE, EFFECT OF — PERFECTION OF ASSIGNMENT, HOW, FEE — FORM FOR NOTICE OF ELECTRONIC CERTIFICATE. — 1. A lienholder may assign, absolutely or otherwise, his or her lien or encumbrance in the motor vehicle or trailer to a person other than the owner without affecting the interest of the owner or the validity or effect of the lien or encumbrance, but any person without notice of the assignment is protected in dealing with the lienholder as the holder of the lien or encumbrance and the lienholder remains liable for any obligations as lienholder until the assignee is named as lienholder on the certificate.

2. The assignee may, but need not, to perfect the assignment, have the certificate of ownership endorsed or issued with the assignee named as lienholder, upon delivering to the director of revenue the certificate and an assignment by the lienholder named in the certificate in the form the director of revenue prescribes the application and the required fee.

3. If the certificate of ownership is being electronically retained by the director of revenue, the original lienholder may mail or deliver a notice of assignment of a lien to the director in a form prescribed by the director. Upon receipt of notice of assignment the director shall update the electronic certificate of ownership to reflect the assignment of the lien and lienholder.

301.640. RELEASE OF LIENHOLDERS' RIGHTS UPON SATISFACTION OF LIEN OR ENCUMBRANCE, PROCEDURE — ISSUANCE OF NEW CERTIFICATE OF OWNERSHIP — CERTAIN LIENS DEEMED SATISFIED, WHEN — PENALTY. — 1. Upon the satisfaction of any lien or encumbrance of a motor vehicle or trailer [for which the certificate of ownership is in possession of the lienholder], the lienholder shall, within ten business days release the lien or encumbrance on the certificate **or a separate document**, and mail or deliver the certificate [to the next lienholder named therein, or, if none,] **or a separate document** to the owner or any person who delivers to the lienholder an authorization from the owner to receive the certificate **or such documentation. The release on the certificate or separate document shall be notarized. Each perfected subordinate lienholder if any, shall release such lien or encumbrance as provided in this section for the first lienholder.** The owner may cause the certificate to be mailed or delivered to the director of revenue, who shall issue a new certificate of ownership upon application and payment of the required fee. A lien or encumbrance shall be

satisfied for the purposes of this section when a lienholder receives payment in full in the form of certified funds, as defined in section 381.410, RSMo.

2. If the electronic certificate of ownership is in the possession of the director of revenue, the lienholder shall notify the director within ten business days of any release of a lien and provide the director with the most current address of the owner. The director shall note such release on the electronic certificate and if no other lien exists the director shall mail or deliver the certificate free of any lien to the owner.

3. [Upon the satisfaction of any lien or encumbrance in a motor vehicle or trailer for which a certificate is in possession of a prior lienholder, the lienholder whose lien or encumbrance is satisfied shall within ten business days release the lien or encumbrance on the certificate and deliver the certificate to the owner or any person who delivers to the lienholder an authorization from the owner to receive it. The lienholder in possession of the certificate shall at the request of the owner and upon surrender of the certificate of title by the owner and receipt of the required fee, either mail or deliver the certificate of ownership to the director of revenue, or deliver the certificate to the owner, or the person authorized by the owner, for delivery to the director of revenue, who shall issue a new certificate.

4.] If the purchase price of a motor vehicle or trailer did not exceed six thousand dollars at the time of purchase, a lien or encumbrance which was not perfected by a motor vehicle financing corporation whose net worth exceeds one hundred million dollars, or a depository institution, shall be considered satisfied within six years from the date the lien or encumbrance was originally perfected unless a new lien or encumbrance has been perfected as provided in section 301.600. This subsection does not apply to motor vehicles or trailers for which the certificate of ownership has recorded in the second lienholder portion the words "subject to future advances".

[5.] 4. Any lienholder who fails to comply with subsection 1[,] or 2 [or 3] of this section shall pay to the person or persons satisfying the lien or encumbrance twenty-five dollars for the first ten business days after expiration of the time period prescribed in subsection 1[,] or 2 [or 3] of this section, and such payment shall double for each ten days thereafter in which there is continued noncompliance, up to a maximum of five hundred dollars for each lien. If delivery of the certificate **or other lien release** is made by mail, the delivery date is the date of the postmark for purposes of this subsection.

5. Any person who knowingly and intentionally sends in a separate document releasing a lien of another without authority to do so shall be guilty of a class C felony.

301.660. LAW NOT TO AFFECT EXISTING RIGHTS, DUTIES AND INTERESTS. — All transactions involving liens or encumbrances on motor vehicles or trailers entered into before [July 1, 1991] **July 1, 2003**, and the rights, duties and interests flowing from them remain valid thereafter and may be terminated, completed, consummated or enforced as required or permitted by any statute or other law amended or repealed by sections 301.600 to 301.660 as though the repeal or amendment had not occurred.

306.400. LIENS AND ENCUMBRANCES — VALID, PERFECTED, WHEN, HOW, FUTURE ADVANCES — BOATS AND MOTORS SUBJECT TO, WHEN, HOW DETERMINED — REVENUE TO ESTABLISH SECURITY PROCEDURE, ELECTRONIC NOTICES, RULEMAKING AUTHORITY. — 1. As used in sections 306.400 to 306.440, the terms "motorboat", "vessel", and "watercraft" shall have the same meanings given them in section 306.010, and the term "outboard motor" shall include outboard motors governed by section 306.530.

2. Unless excepted by section 306.425, a lien or encumbrance on an outboard motor, motorboat, vessel, or watercraft shall not be valid against subsequent transferees or lienholders of the outboard motor, motorboat, vessel or watercraft, who took without knowledge of the lien or encumbrance unless the lien or encumbrance is perfected as provided in sections 306.400 to 306.430.

3. A lien or encumbrance on an outboard motor, motorboat, vessel or watercraft is perfected by the delivery to the director of revenue of a notice of lien in a format as prescribed by the director. Such lien or encumbrance shall be perfected as of the time of its creation if the delivery of the items required in this subsection to the director of revenue is completed within thirty days thereafter, otherwise such lien or encumbrance shall be perfected as of the time of the delivery. A notice of lien shall contain the name and address of the owner of the outboard motor, motorboat, vessel or watercraft and the secured party, a description of the outboard motor, motorboat, vessel or watercraft motor, including any identification number, and such other information as the department of revenue may prescribe. A notice of lien substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading. **Provided the lienholder submits complete and legible documents, the director of revenue shall mail confirmation or electronically confirm receipt of each notice of lien to the lienholder as soon as possible, but no later than fifteen business days after the filing of the notice of lien.**

4. Liens may secure future advances. The future advances may be evidenced by one or more notes or other documents evidencing indebtedness and shall not be required to be executed or delivered prior to the date of the future advance lien securing them. The fact that a lien may secure future advances shall be clearly stated on the security agreement and noted as "subject to future advances" in the second lienholder's portion of the notice of lien. To secure future advances when an existing lien on an outboard motor, motorboat, vessel or watercraft does not secure future advances, the lienholder shall file a notice of lien reflecting the lien to secure future advances. A lien to secure future advances is perfected in the same time and manner as any other lien, except as follows. Proof of the lien for future advances is maintained by the department of revenue; however, there shall be additional proof of such lien when the notice of lien reflects such lien for future advances, is receipted for by the department of revenue, and returned to the lienholder.

5. Whether an outboard motor, motorboat, vessel, or watercraft is subject to a lien or encumbrance shall be determined by the laws of the jurisdiction where the outboard motor, motorboat, vessel, or watercraft was when the lien or encumbrance attached, subject to the following:

(1) If the parties understood at the time the lien or encumbrances attached that the outboard motor, motorboat, vessel, or watercraft would be kept in this state and it is brought into this state within thirty days thereafter for purposes other than transportation through this state, the validity and effect of the lien or encumbrance in this state shall be determined by the laws of this state;

(2) If the lien or encumbrance was perfected pursuant to the laws of the jurisdiction where the outboard motor, motorboat, vessel, or watercraft was when the lien or encumbrance attached, the following rules apply:

(a) If the name of the lienholder is shown on an existing certificate of title or ownership issued by that jurisdiction, his or her lien or encumbrance continues perfected in this state;

(b) If the name of the lienholder is not shown on an existing certificate of title or ownership issued by the jurisdiction, the lien or encumbrance continues perfected in this state for three months after the first certificate of title of the outboard motor, motorboat, vessel, or watercraft is issued in this state, and also thereafter if, within the three-month period, it is perfected in this state. The lien or encumbrance may also be perfected in this state after the expiration of the three-month period, in which case perfection dates from the time of perfection in this state;

(3) If the lien or encumbrance was not perfected pursuant to the laws of the jurisdiction where the outboard motor, motorboat, vessel, or watercraft was when the lien or encumbrance attached, it may be perfected in this state, in which case perfection dates from the time of perfection in this state;

The fact that a lien may secure future advances shall be clearly stated on the security agreement and noted as "subject to future advances" [in the second lienholder's portion of the title application] **in the notice of lien** and noted on the certificate of ownership if the motor vehicle or trailer is subject to only one lien. **To secure future advances when an existing lien on a manufactured home does not secure future advances, the lienholder shall file a notice of lien reflecting the lien to secure future advances. A lien to secure future advances is perfected in the same time and manner as any other lien, except as follows: proof of the lien for future advances is maintained by the department of revenue; however, there shall be additional proof of such lien when the notice of lien reflects such lien for future advances, is receipted by the department of revenue, and returned to the lienholder.**

4. Whether a manufactured home is subject to a lien or encumbrance shall be determined by the laws of the jurisdiction where the manufactured home was when the lien or encumbrance attached, subject to the following:

5. By rules and regulations, the director of revenue shall establish a security procedure for the purpose of verifying that an electronic notice of lien or notice of satisfaction of lien on a manufactured home given as permitted in this chapter is that of the lienholder, verifying that an electronic notice of confirmation of ownership and perfection of a lien given as required in this chapter is that of the director of revenue, and detecting error in the transmission or the content of such notice. A security procedure may require the use of algorithms or other codes, identifying words or numbers, encryption, call back procedures or similar security devices. Comparison of a signature on a communication with an authorized specimen signature shall not by itself be a security procedure.

6. All transactions involving liens or encumbrances on manufactured homes perfected pursuant to sections 700.350 to 700.390 after June 30, 2001, and before August 28, 2002, and the rights, duties, and interests flowing from them are and shall remain valid thereafter and may be terminated, completed, consummated, or enforced as required or permitted by section 400.9-303, RSMo, or this section. 2. A lienholder may elect that the director of revenue retain possession of an electronic certificate of title, and the director shall issue regulations to cover the procedure by which such election is made. In addition to the application forms prescribed by the department, each applicant shall submit the following to the department:

A bona fide established place of business for any new motor vehicle franchise dealer or used motor vehicle dealer shall include a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading or exchanging of motor vehicles or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant's place of business shall contain a working telephone which shall be maintained during the entire registration year. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name [and class] of the business [conducted] **set forth** in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which one or more vehicles may be displayed, except when licensure is for a wholesale motor vehicle dealer, a lot and sign shall not be required. **The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department.** When licensure is for a boat dealer, a lot shall not be required. In the case of new motor vehicle franchise dealers, the bona fide established place of business shall include adequate facilities, tools and personnel necessary to properly service and repair motor vehicles and trailers under their franchisor's warranty;

In the case of a manufacturer, new motor vehicle franchise dealer or used motor vehicle dealer, the photograph

A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.573. (3) If the application is for licensure as a wholesale motor vehicle dealer or as a boat dealer, the application shall contain the business address, not a post office box, and telephone number of the place where the books, records, files and other matters required and necessary to conduct the business are located and where the same may be inspected during normal daytime business hours. Wholesale motor vehicle dealers and boat dealers shall file reports as required of new franchised motor vehicle dealers and used motor vehicle dealers;

(4) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a wholesale motor vehicle dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-103, RSMo, issued by any state or federal financial institution in the penal sum of twenty-five thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, wholesale motor vehicle dealers and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party;

(5) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.573. All fees payable pursuant to the provisions of sections 301.550 to 301.573, other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section, shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, wholesale motor vehicle auction or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

3. Upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number within eight working hours after presentment of the application. Upon the renewal of a boat dealer, boat manufacturer, manufacturer, motor vehicle dealer, public motor vehicle auction, wholesale motor vehicle dealer or wholesale motor vehicle auction, the department shall issue the distinctive dealer license number or certificate of number as quickly as possible. The issuance of such distinctive dealer license number or certificate of number shall be in lieu of registering each motor vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer, wholesale motor vehicle auction or motor vehicle dealer.

6. In the case of manufacturers and motor vehicle dealers, the department shall also issue one number plate bearing the distinctive dealer license number to the applicant upon payment by the manufacturer or dealer of a fifty-dollar fee. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Boat dealers and boat manufacturers shall be entitled to one certificate of number bearing such number upon the payment of a fifty-dollar fee. As many additional number plates as may be desired by manufacturers and motor vehicle dealers and as many additional certificates of number as may be desired by boat dealers and boat manufacturers may be obtained upon payment of a fee of ten dollars and fifty cents for each additional plate or certificate. A motor vehicle dealer, boat dealer, manufacturer, boat manufacturer, public motor vehicle auction, wholesale motor vehicle dealer or wholesale motor vehicle auction obtaining a dealer license plate or certificate of number or additional license plate or additional certificate of number, throughout the calendar year, shall be required to pay a fee for such license plates or certificates of number computed on the basis of one-twelfth of the full fee prescribed for the original and duplicate number plates or certificates of number for such dealers' licenses, multiplied by the number of months remaining in the licensing period for which the dealer or manufacturers shall be required to be licensed. In the event of a renewing dealer, the fee due at the time of renewal shall not be prorated.

7. The plates issued pursuant to subsection 3 or 6 of this section may be displayed on any motor vehicle owned and held for resale by the motor vehicle dealer or manufacturer, and used by a customer who is test driving the motor vehicle, or is used by an employee or officer, but shall not be displayed on any motor vehicle or trailer hired or loaned to others or upon any regularly

The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303, RSMo, and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, RSMo, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of

the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

It shall be the responsibility of such member of the armed forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a [hardship] **limited** driving privilege granted by a court **or the director of revenue**.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department. Assignment recommendations, based upon the needs assessment as described in subdivision (21) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court **of the county in which such assignment was given**, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517, RSMo. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.023, RSMo, or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion

shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee of sixty dollars. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. The supplemental fees received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053, RSMo.

302.525. SUSPENSION OR REVOCATION, WHEN EFFECTIVE, DURATION — RESTRICTED DRIVING PRIVILEGE — EFFECT OF SUSPENSION OR REVOCATION BY COURT ON CHARGES ARISING OUT OF SAME OCCURRENCE. — 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege **as defined in section 302.010 and** issued by the director of revenue [for the limited purpose of driving in connection with the person's business, occupation, or employment, and to and from an alcohol education or treatment program]. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, RSMo, and is otherwise eligible. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol related enforcement contacts during the immediately preceding five years.

3. For purposes of this section, "alcohol related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012, RSMo, or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol related traffic offense, both the suspension or revocation under this section and any other suspension or revocation [under this chapter] **arising from such convictions** shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation [imposed under this chapter] **arising from such convictions**, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

302.535. TRIAL DE NOVO, CONDUCT, VENUE, WHAT JUDGE MAY HEAR, WHEN — RESTRICTED DRIVING PRIVILEGE, WHEN, DURATION OF. — 1. Any person aggrieved by a decision of the department may file a petition for trial de novo by the circuit court. The burden of proof shall be on the state to adduce the evidence. Such trial shall be conducted pursuant to the Missouri rules of civil procedure and not as an appeal of an administrative decision pursuant to chapter 536, RSMo. The petition shall be filed in the circuit court of the county where the arrest occurred. The case shall be decided by the judge sitting without a jury. Until January 1, 2002, the presiding judge of the circuit court may assign a traffic judge, pursuant to section 479.500, RSMo 1994, a circuit judge or an associate circuit judge to hear such petition. After January 1, 2002, pursuant to local court rule pursuant to article V, section 15 of the Missouri Constitution, the case may be assigned to a circuit judge or an associate circuit judge, or to a traffic judge pursuant to section 479.500, RSMo.

2. The filing of a petition for trial de novo shall not result in a stay of the suspension or revocation order. [But upon the filing of such petition, a restricted driving privilege for the limited purpose of driving in connection with the petitioner's business, occupation, employment, or formal program of secondary, postsecondary or higher education shall be issued by the department] **A restricted driving privilege as defined in section 302.010 shall be issued in accordance with subsection 2 of section 302.525**, if the person's driving record shows no prior alcohol-related enforcement contact during the immediately preceding five years. Such [limited] **restricted** driving privilege shall terminate on the date of the disposition of the petition for trial de novo.

3. In addition to the [limited] **restricted** driving privilege as permitted in subsection 2 of this section, the department may upon the filing of a petition for trial de novo issue a restricted driving privilege [for the limited purpose of driving in connection with the petitioner's business, occupation, employment, or formal program of secondary, postsecondary or higher education] **as defined in section 302.010**. In determining whether to issue such a restrictive driving privilege, the department shall consider the number and the seriousness of prior convictions and the entire driving record of the driver.

4. Such time of restricted driving privilege pending disposition of trial de novo shall be counted toward any time of restricted driving privilege imposed pursuant to section 302.525. Nothing in this subsection shall be construed to prevent a person from maintaining his restricted driving privilege for an additional sixty days in order to meet the conditions imposed by section 302.540 for reinstating a person's driver's license.

Assignment recommendations, based upon the needs assessment as described in subdivision (21) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court **of the county in which such assignment was given**, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517, RSMo. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense,

and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.023, RSMo, or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

2. The fees for the program authorized in subsection 1 of this section, or a portion thereof to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee of sixty dollars. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. The supplemental fees received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053, RSMo.

3. Court-ordered participation in a substance abuse traffic offender program, pursuant to section 577.049, RSMo, shall satisfy the requirements of this section if the court action arose out of the same occurrence that resulted in a person's license being administratively suspended or revoked.

4. The division of alcohol and drug abuse of the department of mental health may create a treatment demonstration project within existing appropriations and shall develop and certify a program to provide education or rehabilitation services for individuals determined by the division to be serious or repeat offenders. The program shall qualify as a substance abuse traffic offender program. As used in this subsection, a "serious or repeat offender" is one who was determined to have a blood alcohol content of fifteen-hundredths of one percent or more by weight while operating a motor vehicle or a prior or persistent offender as defined in section 577.023, RSMo.

577.041. REFUSAL TO SUBMIT TO CHEMICAL TEST — NOTICE, REPORT OF PEACE OFFICER, CONTENTS — REVOCATION OF LICENSE, HEARING — EVIDENCE, ADMISSIBILITY — REINSTATEMENT OF LICENSES — SUBSTANCE ABUSE TRAFFIC OFFENDER PROGRAM — ASSIGNMENT RECOMMENDATIONS, JUDICIAL REVIEW — FEES. — 1. If a person under arrest, or who has been stopped pursuant to subdivision (2) or (3) of subsection 1 of section 577.020, refuses upon the request of the officer to submit to any test allowed pursuant to section 577.020, then none shall be given and evidence of the refusal shall be admissible in a proceeding pursuant to section 565.024 or 565.060, RSMo, or section 577.010 or 577.012. The request of the officer shall include the reasons of the officer for requesting the person to submit to a test and also shall inform the person that evidence of refusal to take the test may be used against such person and that the person's license shall be immediately revoked upon refusal to take the test. If a person when requested to submit to any test allowed pursuant to section 577.020 requests to speak to an attorney, the person shall be granted twenty minutes in which to attempt to contact an attorney. If upon the completion of the twenty-minute period the person continues to refuse to submit to any test, it shall be deemed a refusal. In this event, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a motor vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person a notice of such person's right to file a petition for review to contest the license revocation.

2. The officer shall make a sworn report to the director of revenue, which shall include the following:

- (1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit and the notice of the right to file a petition for review, which notices and permit may be combined in one document; and

(6) Any license to operate a motor vehicle which the officer has taken into possession.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit or associate circuit court in the county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation pursuant to this section. Upon the person's request the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing the court shall determine only:

(1) Whether or not the person was arrested or stopped;

(2) Whether or not the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether or not the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked pursuant to the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 577.001, or a program determined to be comparable by the department or the court.

Assignment recommendations, based upon the needs assessment as described in subdivision (21) of section 302.010, RSMo, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court **of the county in which such assignment was given**, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517, RSMo. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.023, RSMo, or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee of sixty dollars. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. The supplemental fees received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053, RSMo.

- (1) For any felony, three years;

- (3) For any infraction, six months.

5. A prosecution is commenced either when an indictment is found or an information filed.

No person whose right to vote is challenged shall receive a ballot until his identity and qualifications have been established.

3. Any question of doubt concerning the identity or qualifications of a voter shall be decided by a majority of the judges **from the major political parties**. (1) If the voter desires to vote a straight party ticket, he may place a cross (X) mark in the circle directly below the party name at the head of the column, or he may place cross (X) marks in the squares directly to the left of the names of candidates on one party ticket;

(2) If the voter desires to vote a split party ticket, he may place a cross (X) mark in the circle directly below one party name at the head of the column and cross (X) marks in the squares directly to the left of the names of candidates on other party tickets, or he may place cross (X) marks in the squares directly to the left of the names of candidates on different party tickets;

(3) If the voter desires to vote for a person whose name does not appear on the ballot, he may cross out a name which appears on the ballot for the office and write the name of the person for whom he wishes to vote above or below the crossed-out name and place a cross (X) mark in the square directly to the left of the crossed-out name. If a write-in line appears on the ballot, he may write the name of the person for whom he wishes to vote on the line and place a cross (X) mark in the square directly to the left of the name;

(4) If the ballot does not contain any party designations, the voter shall place a cross (X) mark in the squares directly to the left of the names of the candidates for whom he desires to vote;

2. For purposes of this section, a punch or sensor mark or any other mark clearly indicating that the voter intends to mark that particular square shall be equivalent to a cross (X) mark.

3. If voting machines are used, the voter shall, immediately upon direction by the judges, go alone to a voting machine, close the curtain and vote in substantially the same manner provided in subsection 1 of this section. Rather than placing cross (X) marks on the ballot, however, the voter shall cause the designations to appear on the face of the voting machine, cast any write-in votes and register his votes as directed in the instructions for use of the machine.

4. If the voter accidentally spoils his ballot or ballot card or makes an error, he may return it to an election judge and receive another. The election judge shall mark "SPOILED" across the ballot or ballot card and place it in an envelope marked "SPOILED BALLOTS". After another ballot has been prepared in the manner provided in section 115.433, the ballot shall be given to the voter for voting.

The secretary of state shall promulgate rules and regulations to prescribe uniform specifications for the form of such stickers and items. If authorized,** such sticker or item shall contain a cross (X) mark, or other mark as described in subsection 2 of this section, in the square directly left of the candidate's name and the office for which the candidate is a write-in candidate. A write-in vote that does not meet the requirements of this subsection which appears on a ballot shall not be counted [under] **pursuant to** sections 115.447 to 115.525. In those jurisdictions using an electronic voting system which utilizes mark sense or optical scan technology **and if the election authority authorizes the use of stickers for write-ins,** such system shall be programmed to identify and separate those ballots which contain an office in which write-in candidates are eligible to receive votes, and which contain less votes than a voter is entitled to cast. In addition, such sticker shall be considered "printed matter" as defined in subsection 8 of section 130.031, RSMo, and as such shall contain the designation required by subsection 8 of section 130.031, RSMo.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

115.453. PROCEDURE FOR COUNTING VOTES FOR CANDIDATES. — Election judges shall count votes for all candidates in the following manner:

(1) If a cross (X) mark appears in the circle immediately below a party name at the head of a column, each candidate of the party shall be counted as voted for. If a cross (X) mark appears in the circle immediately below more than one party name, no candidate shall be counted as voted for, except a candidate before whose name a cross (X) mark appears in the square preceding the name and a cross (X) mark does not appear in the square preceding the name of any candidate for the same office in another column. If a cross (X) mark appears in the

circle immediately below a party name at the head of a column, and a cross (X) mark appears in the square next to the name of any candidate in another column, each candidate of the party whose circle is marked shall be counted as voted for, except where a cross (X) mark appears in the square preceding the name of any candidate in another column. Except as provided in this subdivision and subdivision (2) of this section, each candidate with a cross (X) mark in the square preceding his or her name shall be counted as voted for.

(2) If no cross (X) mark appears in the circle immediately below any party name, but a cross (X) mark does appear in the square next to any candidate's name, the name of each candidate next to which a cross (X) mark appears shall be counted as voted for, and no other name shall be counted as voted for. If cross (X) marks appear next to the names of more candidates for an office than are entitled to fill the office, no candidate for the office shall be counted as voted for. If more than one candidate is to be nominated or elected to an office, and any voter has voted for the same candidate more than once for the same office at the same election, no votes cast by the voter for the candidate shall be counted.

(3) No vote shall be counted for any candidate that is not marked substantially in accordance with the provisions of this section. The judges shall count votes marked substantially in accordance with this section when the intent of the voter seems clear. **Regulations promulgated by the secretary of state shall be used by the judges to determine voter intent.** No ballot containing any proper votes shall be rejected for containing fewer marks than are authorized by law.

(4) Write-in votes shall be counted only for candidates for election to office who have filed a declaration of intent to be a write-in candidate for election to office with the proper election authority, who shall then notify the proper filing officer of the write-in candidate prior to 5:00 p.m. on the second Friday immediately preceding the election day; except that, write-in votes shall be counted only for candidates for election to state or federal office who have filed a declaration of intent to be a write-in candidate for election to state or federal office with the secretary of state pursuant to section 115.353 prior to 5:00 p.m. on the second Friday immediately preceding the election day. No person who filed as a party or independent candidate for nomination or election to an office may, without withdrawing as provided by law, file as a write-in candidate for election to the same office for the same term. No candidate who files for nomination to an office and is not nominated at a primary election may file a declaration of intent to be a write-in candidate for the same office at the general election. When declarations are properly filed with the secretary of state, the secretary of state shall promptly transmit copies of all such declarations to the proper election authorities for further action pursuant to this section. The election authority shall furnish a list to the election judges and counting teams prior to election day of all write-in candidates who have filed such declaration. This subdivision shall not apply to elections wherein candidates are being elected to an office for which no candidate has filed.

(5) Write-in votes shall be cast and counted for a candidate without party designation. Write-in votes for a person cast with a party designation shall not be counted. Except for candidates for political party committees, no candidate shall be elected as a write-in candidate unless such candidate receives a separate plurality of the votes without party designation regardless of whether or not the total write-in votes for such candidate under all party and without party designations totals a majority of the votes cast.

(6) When submitted to the election authority, each declaration of intent to be a write-in candidate for the office of United States president shall include the name of a candidate for vice president and the name of nominees for presidential elector equal to the number to which the state is entitled. At least one qualified resident of each congressional district shall be nominated as presidential elector. Each such declaration of intent to be a write-in candidate shall be accompanied by a declaration of candidacy for each presidential elector in substantially the form set forth in subsection 3 of section 115.399. Each declaration of candidacy for the office of presidential elector shall be subscribed and sworn to by the candidate before the election official

receiving the declaration of intent to be a write-in, notary public or other officer authorized by law to administer oaths.

During the time that voted ballots, ballot cards, **processed ballot materials in electronic form** and write-in forms are kept by the election authority, it shall not open or inspect them or allow anyone else to do so, except upon order of a legislative body trying an election contest, a court or a grand jury. When absentee votes are not reported separately the statement shall include the reason why such reporting did not occur. Nothing in this section shall be construed to require the election authority to tabulate absentee ballots by precinct on election night.

2. The verification board shall prepare the returns by drawing an abstract of the votes cast for each candidate and on each question submitted to a vote of people in its jurisdiction by the state and by each political subdivision and special district at the election. connection with the commission of such offense, or are leased to, listed in the name of, or commonly used by such person.

4. Each order authorizing or approving the interception of any wire communication shall specify:

6. Whenever an order authorizing interception is entered pursuant to the provisions of sections 542.400 to 542.422, the order may require reports to be made to the court who issued the order showing what progress has been made toward achievement of the authorized objective and the need for continued interception. Such reports shall be made at such intervals as the court may require, but in no case longer than thirty days.

7. Notwithstanding any other provisions of sections 542.400 to 542.422, any law enforcement officer with the approval of the prosecuting attorney may request an order of an appropriate court whenever reasonable grounds therefor exist to have a pen register placed in effect, which pen register will only determine the phone number to which the call is placed.

8. Notwithstanding any other provision of law to the contrary, communication common carriers, and their officers, employees and agents, may provide information, facilities or technical assistance to persons authorized by law to intercept wire communications, if the communication common carrier, its officers, employees or agents have been provided with a court order directing such assistance signed by the authorizing court. The court order shall set forth the period of time during which the provision of the information, facilities or technical assistance is authorized and specifying the information, facilities, or technical assistance required. No cause of action shall lie in any court against any communication common carrier, its officers, employees, and agents for providing information, facilities or assistance in accordance with the terms of an order under this subsection. 168.071. REVOCATION, SUSPENSION OR REFUSAL OF CERTIFICATE OR LICENSE, GROUNDS—PROCEDURE—APPEAL. — 1. [The Missouri state board of education may refuse to issue or renew, or may suspend or revoke a certificate of license to teach upon satisfactory proof of incompetency, cruelty, immorality, drunkenness, neglect of duty, or the annulling of a written contract for reasons other than election to the general assembly, with the local board of education without the consent of the majority of the members of the board which is a party to the contract. Charges may be filed by any school district or, at the request of the school district, by the office of the attorney general if the school district has been identified as financially stressed pursuant to section 161.520, RSMo. If the underlying conduct or actions which are the basis for charges filed under this subsection are also the subject of a pending criminal charge against the person holding such certificate, and that person requests in writing a delayed hearing on advice of counsel under the fifth amendment of the Constitution of the United States, no hearing shall be held until after final disposition of the criminal charge.

2. The state board of education may refuse to issue or renew, or may, upon hearing, suspend or revoke a certificate of license to teach if a certificate holder or applicant for a

certificate has pleaded to or been found guilty of a felony or crime involving moral turpitude under the laws of this state or any other state or of the United States, or any other country, whether or not the sentence is imposed.

3. The certificate of license to teach shall be revoked or, in the case of an applicant, a certificate shall not be issued, if the certificate holder or applicant has pleaded guilty to or been found guilty of any of the following offenses established pursuant to Missouri law or offenses of a similar nature established under the laws of any other state or of the United States, or any other country, whether or not the sentence is imposed:

Failure of the certificate holder to notify the commissioner of the intent to appeal waives all rights to appeal said revocation. Upon notice of the certificate holder's intent to appeal, an appeal hearing shall be held by a hearing officer designated by the commissioner of education, with the final decision made by the state board of education, based upon the record of that hearing. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard by the hearing officer, together with witnesses. In those cases where the plea of guilty to or finding of guilt of any of the offenses listed in subsection 3 of this section involve a minor child, testimony from the minor child involved in the complaint shall not be required. The charges shall be signed by the chief administrative officer of the district or by the president of the board of education when so authorized by a majority of the board. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard, together with witnesses.

be heard by the court without a jury and any testimony from the minor child involved in the complaint shall be taken directly from the hearing record taken on behalf of the state board of education.

2. A public school district may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, including annulment of a written contract. Charges shall be in writing, specify the basis for the charges, and be signed by the chief administrative officer of the district, or by the president of the board of education as authorized by a majority of the board of education. 3. The department of elementary and secondary education may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, other than annulment of contract. Charges shall be in writing, specify the basis for the charges, and be signed by legal counsel representing the department of elementary and secondary education.

4. If the underlying conduct or actions which are the basis for charges filed pursuant to this section are also the subject of a pending criminal charge against the person holding such certificate, the certificate holder may request, in writing, a delayed hearing on advice of counsel under the fifth amendment of the Constitution of the United States. Based upon such a request, no hearing shall be held until after a trial has been completed on this criminal charge.

7. The certificate holder whose certificate was revoked pursuant to subsection 6 of this section may appeal such revocation to the state board of education. Notice of this appeal must be received by the commissioner of education within ninety days of notice of revocation pursuant to this subsection. Failure of the certificate holder to notify the commissioner of the intent to appeal waives all rights to appeal the revocation. Upon notice of the certificate holder's intent to appeal, an appeal hearing shall be held by a hearing officer designated by the commissioner of education, with the final decision made by the state board of education, based upon the record of that hearing. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard by the hearing officer, together with witnesses.

469.411. DETERMINATION OF UNITRUST AMOUNT — DEFINITIONS — EXCLUSIONS TO NET FAIR MARKET VALUE OF ASSETS — APPLICABILITY OF SECTION TO CERTAIN TRUSTS.
— 1. If the provisions of this section apply to a trust, the unitrust amount shall be determined as follows:

(1) For the first three accounting periods of the trust, the unitrust amount for a current valuation year of the trust shall be three percent, or any higher percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section, of the net fair market values of the assets held in the trust on the first business day of the current valuation year;

(2) Beginning with the fourth accounting period of the trust, the unitrust amount for a current valuation year of the trust shall be three percent, or any higher percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section, of the average of the net fair market values of the assets held in the trust on the first business day of the current valuation year and the net fair market values of the assets held in the trust on the first business day of each prior valuation year;

(3) The unitrust amount for the current valuation year computed pursuant to subdivision (1) or (2) of this subsection shall be proportionately reduced for any distributions, in whole or in part, other than distributions of the unitrust amount, and for any payments of expenses, including debts, disbursements and taxes, from the trust within a current valuation year that the trustee determines to be material and substantial, and shall be proportionately increased for the receipt, other than a receipt that represents a return on investment, of any additional property into the trust within a current valuation year;

(4) For purposes of subdivision (2) of this subsection, the net fair market values of the assets held in the trust on the first business day of a prior valuation year shall be adjusted to reflect any reduction, in the case of a distribution or payment, or increase, in the case of a receipt, for the prior valuation year pursuant to subdivision (3) of this subsection, as if the distribution, payment or receipt had occurred on the first day of the prior valuation year;

(5) In the case of a short accounting period, the trustee shall prorate the unitrust amount on a daily basis;

(6) In the case where the net fair market value of an asset held in the trust has been incorrectly determined either in a current valuation year or in a prior valuation year, the unitrust amount shall be increased in the case of an undervaluation, or be decreased in the case of an overvaluation, by an amount equal to the difference between the unitrust amount determined based on the correct valuation of the asset and the unitrust amount originally determined.

2. As used in this section, the following terms mean:

(1) "Current valuation year", the accounting period of the trust for which the unitrust amount is being determined;

(2) "Prior valuation year", each of the two accounting periods of the trust immediately preceding the current valuation year.

3. In determining the sum of the net fair market values of the assets held in the trust for purposes of subdivisions (1) and (2) of subsection 1 of this section, there shall not be included the value of:

(1) Any residential property or any tangible personal property that, as of the first business day of the current valuation year, one or more income beneficiaries of the trust have or had the right to occupy, or have or had the right to possess or control, other than in a capacity as trustee, and instead the right of occupancy or the right to possession or control shall be deemed to be the unitrust amount with respect to the residential property or the tangible personal property; or

(2) Any asset specifically given to a beneficiary under the terms of the trust and the return on investment on that asset, which return on investment shall be distributable to the beneficiary.

4. In determining the net fair market value of each asset held in the trust pursuant to subdivisions (1) and (2) of subsection 1 of this section, the trustee shall, not less often than annually, determine the fair market value of each asset of the trust that consists primarily of real property or other property that is not traded on a regular basis in an active market by appraisal or other reasonable method or estimate, and that determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the trust. Any claim based on a determination made pursuant to this subsection shall be barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim. The rules set forth in subsection 2 of section 469.409 shall apply to the barring of claims pursuant to this subsection.

5. This section shall apply to the following trusts:

(1) Any trust created after August 28, 2001, with respect to which the terms of the trust clearly manifest an intent that this section apply;

(2) Any trust created under an instrument that became irrevocable on or before August 28, 2001, if the trustee, in the trustee's discretion, elects to have this section apply two years from August 28, 2001, unless the instrument creating the trust provides otherwise. The trustee shall deliver notice to all qualified beneficiaries and the settlor of the trust, if he or she is then living, of the trustee's intent to make such an election at least sixty days before making that election. The trustee shall have sole authority to make the election. Delivery of the notice to a person with respect to whom, pursuant to subdivision (2) of section 472.300, RSMo, an order would bind a beneficiary of the trust is delivery of notice to that beneficiary for all purposes of this subsection. An action or order by any court shall not be required. The election shall be made by a signed writing delivered to the settlor of the trust, if he or she is then living, and to all qualified beneficiaries. The election is irrevocable, unless revoked by order of the court having jurisdiction of the trust. The election may specify the percentage used to determine the unitrust amount pursuant to this section, provided that such percentage is three percent or greater, or if no percentage is specified, then that percentage shall be three percent. In making an election pursuant to this subsection, the trustee shall be subject to the same limitations and conditions as apply to an adjustment between income and principal pursuant to subsections 3 and 4 of section [469.409] **469.405**;

(3) No action of any kind based on an election made or not made by a trustee pursuant to subdivision (2) of this subsection shall be brought against the trustee by any beneficiary of that trust three years from August 28, 2001.

The county treasurer shall hold in reserve, for payment of interest on such bonds, a sufficient amount of the money so derived that may come into his or her hands in excess of the amount then necessary to pay all bonds and interest then past due, to pay all interest that will become payable before the next installment of such special tax becomes payable, and three percent of the principal amount of the bonds not then due. The county treasurer shall, whenever any of the bonds or interest thereon become due, apply such money as may be in his or her custody and applicable thereto, or that may thereafter come into his or her custody and be applicable thereto, to payment of such bonds and interest as may be due and unpaid.

8. 160.545. A+ SCHOOL PROGRAM ESTABLISHED — PURPOSE — RULES — VARIABLE FUND MATCH REQUIREMENT — WAIVER OF RULES AND REGULATIONS, REQUIREMENT — REIMBURSEMENT FOR HIGHER EDUCATION COSTS FOR STUDENTS — EVALUATION. — 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and

(3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable district-wide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

4. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June

thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

5. [Within the amount appropriated for the program, in addition to the grants to public schools authorized by subsections 1 to 3 of this section,] **For any school year, grants authorized by subsections 1 to 3 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 6 of this section.**

6. The commissioner of education shall, by rule and regulation of the state board of education and with the advice of the coordinating board for higher education, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school for any student:

(1) Who has attended a public high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section, **except that students who are active duty military dependents who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision;** and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the state board of education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of said board.

Any child, determined to be handicapped, shall be eligible for such services upon reaching his or her third birthday and state school funds shall be apportioned accordingly. This subsection shall apply to each full school year beginning on or after July 1, 1991. In the event that federal funding fails to be appropriated at the authorized level as described in 20 U.S.C. 1419(b)(2), the implementation of this subsection relating to services for handicapped children three and four years of age may be delayed until such time as funds are appropriated to meet such level. Each local school district and each special school district shall be responsible to engage in a planning process to design the service delivery system necessary to provide special education and related services for children three and four years of age with handicaps. The planning process may include public, private and private not-for-profit agencies which have provided such services for this population. The school district, or school districts, or special

school district, shall be responsible for designing an efficient service delivery system which uses the present resources of the local community which may be funded by the department of elementary and secondary education or the department of mental health. These records may be obtained with parental permission from previous medical or psychological evaluation, may be provided by competent personnel of such district or special district, or may be secured by such district from competent and qualified medical, psychological or other professional personnel.

3. Where special districts have been formed to serve handicapped children under the provisions of sections 162.670 to 162.995, such children shall be educated in programs of the special district, except that component districts may provide education programs for handicapped children ages three and four inclusive in accordance with regulations and standards adopted by the state board of education.

5. Any and all state costs required to fund special education services for three- and four-year-old children pursuant to this section shall be provided for by a specific, separate appropriation and shall not be funded by a reallocation of money appropriated for the public school foundation program.

6. **School districts providing early childhood special education shall give preference when developing an individualized education program for a student who had received services pursuant to Part C of the Individuals With Disabilities Education Act, to continue services with the student's Part C provider, unless this would result in a cost which exceeds the average cost per student in early childhood special education for the district responsible for educating the student. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. No withdrawals may be made from the trusted account established pursuant

30.260. INVESTMENT POLICY REQUIRED — TIME AND DEMAND DEPOSITS — INVESTMENTS—INTEREST RATES. — 1. The state treasurer shall prepare, maintain and adhere to a written investment policy which shall include an asset allocation plan which limits the total amount of state moneys which may be invested in any particular investment authorized by section 15, article IV of the Missouri Constitution. The state treasurer shall present a copy of such policy to the governor, commissioner of administration, state auditor and general assembly at the commencement of each regular session of the general assembly or at any time the written investment policy is amended.

2. The state treasurer shall determine by the exercise of the treasurer's best judgment the amount of state moneys that are not needed for current operating expenses of the state government and shall keep on demand deposit in banking institutions in this state selected by the treasurer and approved by the governor and state auditor the amount of state moneys which the treasurer has so determined are needed for current operating expenses of the state government and disburse the same as authorized by law.

3. Within the parameters of the state treasurer's written investment policy, the state treasurer shall place the state moneys which the treasurer has determined are not needed for current operations of the state government on time deposit drawing interest in banking institutions in this state selected by the treasurer and approved by the governor and the state auditor, or place them outright or, if applicable, by repurchase agreement in obligations described in section 15, article IV, Constitution of Missouri, as the treasurer in the exercise of the treasurer's best judgment determines to be in the best overall interest of the people of the state of Missouri, giving due consideration to:

- (1) The preservation of such state moneys;
- (2) The liquidity needs of the state;
- (3) The comparative yield to be derived therefrom;
- (4) The effect upon the economy and welfare of the people of Missouri of the removal or withholding from banking institutions in the state of all or some such state moneys and investing same in obligations authorized in section 15, article IV of the Missouri Constitution; and
- (5) All other factors which to the treasurer as a prudent state treasurer seem to be relevant to the general public welfare in the light of the circumstances at the time prevailing. 4. Except for state moneys deposited in linked deposits as provided in sections 30.750 to 30.767, the rate of interest payable by all banking institutions on time deposits of state moneys shall be the same as the average rate paid during the week next preceding the week in which the deposit was made for United States of America treasury securities maturing and becoming

payable closest to the time of termination of the deposit, as determined by the state treasurer, adjusted to the nearest one-tenth of a percent; except that the rate shall never exceed the maximum rate of interest which by federal law or regulation a bank which is a member of the Federal Reserve System may from time to time pay on a time deposit of the same size and maturity.

5. Within the parameters of the state treasurer's written investment policy, the state treasurer may subscribe for or purchase outright or by repurchase agreement investments of the character described in subsection 3 of this section which the treasurer, in the exercise of the treasurer's best judgment, believes to be the best for investment of state moneys at the time and in payment therefor may withdraw moneys from any bank account, demand or time, maintained by the treasurer without having any supporting warrant of the commissioner of administration. The state treasurer may bid on subscriptions for such obligations in accordance with the treasurer's best judgment. The state treasurer shall provide for the safekeeping of all such obligations so acquired in the same manner that securities pledged to secure the repayment of state moneys deposited in banking institutions are kept by the treasurer pursuant to law. The state treasurer may pay all costs and expenses reasonably incurred by the treasurer in connection with the subscription, purchase, sale, collection, safekeeping or delivery of all such obligations at any time acquired by the treasurer.

2. Subject to the provisions of section 301.620, a lien or encumbrance on a motor vehicle or trailer is perfected by the delivery to the director of revenue of a notice of a lien in a format as prescribed by the director of revenue. To perfect a subordinate lien, the notice of lien must be accompanied by the documents required to be delivered to the director pursuant to subdivision (3) of section 301.620. The notice of lien is perfected as of the time of its creation if the delivery of such notice to the director of revenue is completed within thirty days thereafter, otherwise as of the time of the delivery. A notice of lien shall contain the name and address of the owner of the motor vehicle or trailer and the secured party, a description of the motor vehicle or trailer, including the vehicle identification number, and such other information as the department of revenue may prescribe. The fact that a lien may secure future advances shall be clearly stated on the security agreement and noted as "subject to future advances" on the notice of lien and noted on the certificate of ownership if the motor vehicle or trailer is subject to only one notice of lien. To secure future advances when an existing lien on a motor vehicle or trailer does not secure future advances, the lienholder shall

file a notice of lien reflecting the lien to secure future advances. A lien to secure future advances is perfected in the same time and manner as any other lien, except as follows: proof of the lien for future advances is maintained by the department of revenue; however, there shall be additional proof of such lien when the notice of lien reflects such lien for future advances, is receipted for by the department of revenue, and returned to the lienholder.

(1) If the parties understood at the time the lien or encumbrance attached that the motor vehicle or trailer would be kept in this state and it was brought into this state within thirty days thereafter for purposes other than transportation through this state, the validity and effect of the lien or encumbrance in this state is determined by the law of this state;

(2) If the lien or encumbrance was perfected pursuant to the law of the jurisdiction where the motor vehicle or trailer was when the lien or encumbrance attached, the following rules apply:

(a) If the name of the lienholder is shown on an existing certificate of title or ownership issued by that jurisdiction, the lien or encumbrance continues perfected in this state;

(b) If the name of the lienholder is not shown on an existing certificate of title or ownership issued by that jurisdiction, the lien or encumbrance continues perfected in this state three months after a first certificate of ownership of the motor vehicle or trailer is issued in this state, and also thereafter if, within the three-month period, it is perfected in this state. The lien or encumbrance may also be perfected in this state after the expiration of the three-month period; in that case perfection dates from the time of perfection in this state;

(3) If the lien or encumbrance was not perfected pursuant to the law of the jurisdiction where the motor vehicle or trailer was when the lien or encumbrance attached, it may be perfected in this state; in that case perfection dates from the time of perfection in this state;

(4) A lien or encumbrance may be perfected pursuant to paragraph (b) of subdivision (2) or subdivision (3) of this subsection either as provided in subsection 2 or 3 of this section or by the lienholder delivering to the director of revenue a notice of lien or encumbrance in the form the director of revenue prescribes and the required fee.

A security procedure may require the use of algorithms or other codes, identifying words or numbers, encryption, callback procedures or similar security devices. lien or encumbrance and the lienholder remains liable for any obligations as lienholder until the assignee is named as lienholder on the certificate.

2. The assignee may, but need not [to] perfect the assignment, have the certificate of ownership endorsed or issued with the assignee named as lienholder, upon delivering to the director of revenue the certificate and an assignment by the lienholder named in the certificate in the form the director of revenue prescribes the application and the required fee.

As used in sections 306.400 to 306.440, the terms "motorboat", "vessel", and "watercraft" shall have the same meanings given them in section 306.010, and the term "outboard motor" shall include outboard motors governed by section 306.530.

2. Unless excepted by section 306.425, a lien or encumbrance on an outboard motor, motorboat, vessel, or watercraft shall not be valid against subsequent transferees or lienholders of the outboard motor, motorboat, vessel or watercraft, who took without knowledge of the lien or encumbrance unless the lien or encumbrance is perfected as provided in sections 306.400 to 306.430.

3. A lien or encumbrance on an outboard motor, motorboat, vessel or watercraft is perfected by the delivery to the director of revenue of a notice of lien in a format as prescribed by the director. Such lien or encumbrance shall be perfected as of the time of its creation if the delivery of the items required in this subsection to the director of revenue is completed within thirty days thereafter, otherwise such lien or encumbrance shall be perfected as of the time of the delivery. A notice of lien shall contain the name and address of the owner of the outboard motor, motorboat, vessel or watercraft and the secured party, a description of the outboard motor, motorboat, vessel or watercraft motor, including any identification number, and such other information as the department of revenue may prescribe. A notice of lien substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading. **Provided the lienholder submits complete and legible documents, the director of revenue shall mail confirmation or electronically confirm receipt of each notice of lien to the lienholder as soon as possible, but no later than fifteen business days after the filing of the notice of lien.**

4. Liens may secure future advances. The future advances may be evidenced by one or more notes or other documents evidencing indebtedness and shall not be required to be executed or delivered prior to the date of the future advance lien securing them. The fact that a lien may secure future advances shall be clearly stated on the security agreement and noted as "subject to future advances" in the second lienholder's portion of the notice of lien. To secure future advances when an existing lien on an outboard motor, motorboat, vessel or watercraft does not secure future advances, the lienholder shall file a notice of lien reflecting the lien to secure future advances. A lien to secure future advances is perfected in the same time and manner as any other lien, except as follows. Proof of the lien for future advances is maintained by the department of revenue; however, there shall be additional proof of such lien when the notice of lien reflects such lien for future advances, is receipted for by the department of revenue, and returned to the lienholder.

5. Whether an outboard motor, motorboat, vessel, or watercraft is subject to a lien or encumbrance shall be determined by the laws of the jurisdiction where the outboard motor, motorboat, vessel, or watercraft was when the lien or encumbrance attached, subject to the following:

(1) If the parties understood at the time the lien or encumbrances attached that the outboard motor, motorboat, vessel, or watercraft would be kept in this state and it is brought into this state within thirty days thereafter for purposes other than transportation through this state, the validity and effect of the lien or encumbrance in this state shall be determined by the laws of this state;

(2) If the lien or encumbrance was perfected pursuant to the laws of the jurisdiction where the outboard motor, motorboat, vessel, or watercraft was when the lien or encumbrance attached, the following rules apply:

(a) If the name of the lienholder is shown on an existing certificate of title or ownership issued by that jurisdiction, his or her lien or encumbrance continues perfected in this state;

(b) If the name of the lienholder is not shown on an existing certificate of title or ownership issued by the jurisdiction, the lien or encumbrance continues perfected in this state for three months after the first certificate of title of the outboard motor, motorboat, vessel, or watercraft is issued in this state, and also thereafter if, within the three-month period, it is perfected in this state. The lien or encumbrance may also be perfected in this state after the expiration of the three-month period, in which case perfection dates from the time of perfection in this state;

(3) If the lien or encumbrance was not perfected pursuant to the laws of the jurisdiction where the outboard motor, motorboat, vessel, or watercraft was when the lien or encumbrance attached, it may be perfected in this state, in which case perfection dates from the time of perfection in this state;

(4) A lien or encumbrance may be perfected pursuant to paragraph (b) of subdivision (2) or subdivision (3) of this subsection in the same manner as provided in subsection 3 of this section.

6. The director of revenue shall by rules and regulations establish a security procedure to verify that an electronic notice or lien or notice of satisfaction of a lien on an outboard motor, motorboat, vessel or watercraft given pursuant to sections 306.400 to 306.440 is that of the lienholder, to verify that an electronic notice of confirmation of ownership and perfection of a lien given pursuant to section 306.410 is that of the director of revenue and to detect error in the transmission or the content of any such notice. Such a security procedure may require the use of algorithms or other codes, identifying words or numbers, encryption, callback procedures or similar security devices. Comparison of a signature on a communication with an authorized specimen signature shall not by itself constitute a security procedure.

306.405. CERTIFICATES OF TITLE, DELIVERY OF, HOW, TO WHOM — LIENHOLDER MAY ELECT TO HAVE REVENUE RETAIN ELECTRONIC TITLE. — 1. All certificates of title of an outboard motor, motorboat, vessel, or watercraft issued by the director of revenue shall be mailed [or confirmation of such ownership shall be electronically transmitted or mailed to the first lienholder named in such certificate or, if no lienholder is named,] to the owner named therein. If the certificate of ownership is being held electronically by the director of revenue at the election of a lienholder, then confirmation of such ownership shall be electronically transmitted or mailed to the first lienholder named in such certificate.

2. A lienholder may elect to have the director of revenue retain possession of an electronic certificate of title and the director shall issue regulations to govern the procedure for making such an election. Each such certificate of title shall require a separate election unless the director provides otherwise by regulation. A subordinate lienholder shall be bound by the election of the superior lienholder with respect to the certificate involved.

3. "Electronic certificate of title" means any electronic record of ownership, including liens that may be recorded.

306.410. DUTIES OF PARTIES UPON CREATION OF LIEN OR ENCUMBRANCE — FAILURE OF OWNER TO PERFORM CERTAIN DUTIES, PENALTY. — If an owner creates a lien or encumbrance on an outboard motor, motorboat, vessel, or watercraft:

(1) The owner shall immediately execute the application, either in the space provided therefor on the certificate of title or on a separate form the director of revenue prescribes, to name the lienholder on the certificate of title, showing the name and address of the lienholder and the date of his or her security agreement, and shall cause the certificate of title, the application and the required fee to be mailed or delivered to the director of revenue. Failure of the owner to do so is a class A misdemeanor;

(2) The lienholder or an authorized agent licensed pursuant to sections 301.112 to 301.119, RSMo, shall deliver to the director of revenue a notice of lien as prescribed by the director accompanied by all other necessary documentation to perfect a lien pursuant to section 306.400;

(3) [Upon request of the owner or subordinate lienholder, a lienholder in possession of the certificate of title who receives the owner's application and required fee shall mail or deliver the certificate of title, application, and fee to the director of revenue, unless such certificate of title secures future advance liens. The delivery of the certificate of title to the director of revenue shall not affect the rights of the first lienholder under his or her security agreement] **To perfect a lien for a subordinate lienholder when a transfer of ownership occurs, the subordinate lienholder shall either mail or deliver or cause to be mailed or delivered, a completed notice of lien to the department or revenue, accompanied by authorization from the first lienholder. The owner shall ensure the subordinate lienholder is recorded on the application for title at the time the application is made to the department of revenue. To perfect a lien for a subordinate lienholder when there is no transfer of ownership, the owner or lienholder in possession of the certificate, shall either mail or deliver or cause to be mailed or delivered, the owner's application for title, certificate, notice of lien, authorization from the first lienholder and title fee to the department of revenue. The delivery of the certificate and executing a notice of authorization to add a subordinate lien does not affect the rights of the first lienholder under the security agreement;**

(4) Upon receipt of the [certificate of title, application and the required fee] **documents and fee required in subdivision (3) of this section**, the director of revenue shall issue a new certificate of title containing the name and address of the new lienholder, and mail the certificate of title to the first lienholder named in it or if a lienholder has elected to have the director of revenue retain possession of an electronic certificate of title, the lienholder shall either mail or deliver to the director a notice of authorization for the director to add a subordinate lienholder to the existing certificate **as prescribed in section 306.405**. Upon receipt of such authorization and a notice of lien from a subordinate lienholder, the director shall add the subordinate lienholder to the certificate of title being electronically retained by the director and provide confirmation of the addition to both lienholders.

306.420. SATISFACTION OF LIEN OR ENCUMBRANCE, RELEASE OF, PROCEDURE — DUTIES OF LIENHOLDER AND DIRECTOR OF REVENUE — PENALTY FOR UNAUTHORIZED RELEASE OF A LIEN. — 1. Upon the satisfaction of a lien or encumbrance on an outboard motor, motorboat, vessel, or watercraft [for which the certificate of title is in the possession of the lienholder and provided the owner waives any rights to future advances subject to a lien in this chapter], the lienholder shall, within ten days [after demand and, in any event, within thirty days,] execute a release of his or her lien or encumbrance, **on the certificate or separate document**, and mail or deliver the certificate [and release to the next lienholder named therein, or, if no other lienholder is so named,] **or separate document** to the owner or any person who delivers to the lienholder an authorization from the owner to receive the [certificate.] **documentation. The release on the certificate or separate document shall be notarized. Each perfected subordinate lienholder, if any, shall release such lien or encumbrance as provided in this**

section for the first lienholder. The owner may cause the certificate of title, the release, and the required fee to be mailed or delivered to the director of revenue, who shall release the lienholder's rights on the certificate and issue a new certificate of title.

2. [Upon the satisfaction of a second or third lien or encumbrance on an outboard motor, motorboat, vessel, or watercraft for which the certificate of title is in the possession of the first lienholder, the lienholder whose lien or encumbrance is satisfied shall, within ten days after demand, and, in any event, within thirty days, execute a release and deliver the release to the owner or any person who delivers to the lienholder an authorization from the owner to receive it. The lienholder in possession of the certificate of title shall, at the request of the owner and upon receipt of the release and the required fee, either mail or deliver the certificate, the release, and the required fee to the director of revenue, or deliver the certificate of title to the owner, or the person authorized by him or her, for delivery of the certificate, the release and required fee to the director of revenue, who shall release the subordinate lienholder's rights on the certificate of title and issue a new certificate of title.

The director shall note such release on the electronic certificate and if no other lien exists, the director shall mail or deliver the certificate free of any lien to the owner.

(g) Subject to subsection (h), an account debtor may not waive or vary its option under subsection (b)(3).

(2) Provides that the **assignment or transfer or the** creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the lease.

(2) A delegation of a material performance of either party to the lease contract in violation of the term.

(c) The creation, attachment, perfection, or enforcement of a security interest in the lessor's interest under the lease contract or the lessor's residual interest in the goods is not a transfer that materially impairs the lessee's prospect of obtaining return performance or materially changes the duty of or materially increases the burden or risk imposed on the lessee within the purview of section 400.2A-303(4) unless, and then only to the extent that, enforcement actually results in a delegation of material performance of the lessor. (2) Provides that the **assignment or transfer or the** creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(b) Subsection (a) applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note.

(1) Would impair the creation, attachment, or perfection of a security interest; or
(2) Provides that the **assignment or transfer or the** creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(d) To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute, or regulation described in subsection (c) would be effective under law other than this article but is ineffective under subsection (a) or (c), the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(1) Is not enforceable against the person obligated on the promissory note or the account debtor;

(2) The commissioner may not enter an order against an investment adviser on the basis of the lack of qualification of any person other than (A) the investment adviser himself if he is an individual or (B) an investment adviser representative.

(3) The commissioner may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both.

(4) The commissioner shall consider that an agent who will work under the supervision of a registered broker-dealer need not have the same qualifications as a broker-dealer and that an investment adviser representative who will work under the supervision of a registered investment adviser need not have the same qualifications as an investment adviser.

(5) The commissioner shall consider that an investment adviser is not necessarily qualified solely on the basis of experience as a broker-dealer or agent. When [he] **the commissioner** finds that an applicant for initial or renewal registration as a broker-dealer is not qualified as an investment adviser, [he] **the commissioner** may by order condition the applicant's registration as a broker-dealer upon [his] **the applicant** not transacting business in this state as an investment adviser.

(6) The commissioner may by rule provide for an examination, including an examination developed or approved by an organization of securities administrators, which examination may be written or oral or both, to be taken by any class of or all applicants, as well as persons who represent or will represent an investment adviser in doing any of the acts which make him **or her** an investment adviser; provided, however, that no examination may be required of any person (1) who was registered as a broker-dealer or as an agent or who was a general partner or officer of a registered broker-dealer January 1, 1968, and (2) who has been continuously registered [under] **pursuant to** this law since that time. (c) The commissioner may by order summarily postpone or suspend registration pending final determination of any proceeding [under] **pursuant to** this section, including a proceeding to determine the completeness of an application or where the commissioner is requesting additional information regarding the application. Upon the entry of the order, the commissioner shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is an agent or investment adviser representative, that it has been entered and of the reasons therefor and that within fifteen days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the

commissioner. If hearing is requested or ordered, the commissioner, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.

(d) If the commissioner finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, agent, investment adviser or investment adviser representative, or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian, or cannot be located after reasonable search, the commissioner may by order cancel the registration or application.

(e) Withdrawal from registration as a broker-dealer, agent, investment adviser or investment adviser representative becomes effective thirty days after receipt of an application to withdraw or within such shorter period of time as the commissioner may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within thirty days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the commissioner by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the commissioner may nevertheless institute a revocation or suspension proceeding [under] **pursuant to** section 409.204(a)(2)(B) within one year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective.

The commissioner shall have the burden of proving a ground for suspension or revocation [under] **pursuant to** sections 409.101 to 409.419.

(2) The administrative hearing commission shall conduct hearings and make findings of fact and conclusions of law in those cases wherein a person files a petition with the commission, which petition states that the commissioner has denied any registration of any agent, broker-dealer or investment adviser [under] **pursuant to** sections 409.101 to 409.419.

(3) Upon receipt of a written complaint or petition filed pursuant to subsections (1) and (2) of this subsection (f), the administrative hearing commission shall cause a copy of the complaint or petition to be served upon the appropriate parties in person or by certified mail, together with a notice of the place of and date upon which the hearing on the complaint or petition will be held.

(4) Hearing procedures, action by the commissioner in revoking, suspending or denying any registration of any agent, broker-dealer or investment adviser hereunder, judicial review of the decisions of the commissioner and of the administrative hearing commission, and all other procedural matters hereunder shall be governed by the provisions of sections 621.015 to 621.193, RSMo.

The thirty-day temporary registration creates no property right for the agent, broker-dealer, investment adviser, or investment adviser's representative. During the thirty-day temporary registration, the agent's or investment adviser's application may be denied or summarily postponed by the commissioner pursuant to this section; however, if no denial or postponement has been entered during the period of temporary registration, the agent or investment adviser representative shall have a registration in this state. However, the registration of the transferring agent or investment adviser representative is immediately effective as of the date the new employment or association began,**

if the application contains no new or amended disciplinary disclosure within the preceding three years.

(h) The commissioner shall have one hundred twenty days from the date of an initial or renewal registration in which to institute a proceeding to revoke or suspend a registration of any agent, broker-dealer, investment adviser, or investment adviser representative because of a fact or transaction that was known by the commissioner when the registration became effective.

(d) Any benefit association, insurance company, safe deposit company, money market fund or similar entity authorized to do business in the state.

3. The division shall enter into agreements with financial institutions to develop and operate a data match system which uses automated exchanges to the maximum extent feasible. Such agreements shall require the financial institution, to provide to the division, for each calendar quarter, the name, record address, Social Security number or other taxpayer identification number, and other identifying information of each noncustodial parent who maintains an account at such institution and who owes past due support, as identified by the division by name and Social Security number or other taxpayer identification number. The financial institution shall only provide such information stated in this subsection that is readily available through existing data systems, and as such data systems are enhanced, solely at the financial institution's discretion and for its business purposes, the financial institution shall provide any original and additional information which becomes readily available for any new data match request.

4. The division shall pay a reasonable fee to the financial institution for conducting the data match pursuant to this section, but such amount shall not exceed the costs incurred by the financial institution.

5. The division [of] or a IV-D agency may issue liens against any account in a financial institution and may release such liens.

6. **(1)** If a notice of lien is received from the division or a IV-D agency, the financial institutions shall immediately encumber the assets held by such institution on behalf of any noncustodial parent who is subject to such lien. However, if the account is in the name of a noncustodial parent and such parent's spouse **or parent**, the financial institution at its discretion may not encumber the assets and when it elects not to encumber such assets, shall so notify the division or IV-D agency. The amount of assets to be encumbered shall be stated in the notice and shall not exceed the amount of unpaid support due at the time of issuance. [The financial institution shall, within five business days of receipt of such notice, mail a copy of the notice of lien to the noncustodial parent and any other person named on the account at the address shown in the records of the financial institution.] **The financial institution shall, within ten business days of receipt of a notice of lien, notify the division or IV-D agency of the financial institution's response to the notice of lien.**

(2) Within ten business days of notification by the financial institution that assets have been encumbered, the division or IV-D agency shall notify by mail the noncustodial parent of the issuance of the lien and the reasons for such issuance. The notice shall advise the noncustodial parent of the procedures to contest such lien pursuant to section 454.475 by requesting a hearing within thirty days from the date the notice was mailed by the division to the noncustodial parent.

7. (1) Except as provided in subsection 6 of this section, the interest of the noncustodial parent shall be presumed equal to all other joint owners, unless at least one of the joint owners provides the division or IV-D agency with a true copy of a written agreement entered prior to the date of issuance of notice of lien, or other clear and convincing evidence regarding the various ownership interests of the joint owners within twenty days of the financial institution's mailing of the notice of lien. The financial institution shall only encumber the amount presumed to belong to the noncustodial parent. The division or IV-D agency may proceed to issue an order for the amount in the account presumed to belong to the noncustodial parent if no prior written agreement or other evidence is provided.

(2) If a prior written agreement or other clear and convincing evidence is furnished to the division, and based on such agreement or evidence the division or IV-D agency determines that the interest of the noncustodial parent is less than the presumed amount, the division or IV-D agency shall amend the lien to reflect the amount in the account belonging to the noncustodial parent or shall release the lien if the noncustodial parent has no interest in the account. In no event shall the division or IV-D agency obtain more than the presumed amount of the account without a judicial determination that a greater amount of the account belongs to the noncustodial parent. The division or IV-D agency may by levy and execution on a judgment in a court of competent jurisdiction seek to obtain an amount greater than the amount presumed to belong to the noncustodial parent upon proof that the noncustodial parent's interest is greater than the amount presumed pursuant to this subsection.

(3) For purposes of this subsection, accounts are not joint accounts when the noncustodial parent has no legal right to the funds, but is either a contingent owner or agent. Such nonjoint accounts shall include, but are not limited to, a pay-on-death account or any other account in which the noncustodial parent owner may act as agent by a power of attorney or otherwise. Furthermore, when any account naming the noncustodial parent has not been disclosed to the noncustodial parent which is evidenced by a signature card or other deposit agreement not containing the signature of such noncustodial parent, then for the purposes of this subsection, such account shall not be treated as a joint account.

(4) Notwithstanding any other provision of this section, a financial institution shall not encumber any account of less than one hundred dollars.

8. Upon service of an order to surrender issued pursuant to this section, any financial institution in possession of a jointly owned account may interplead such property as otherwise provided by law.

9. Any other joint owner may petition a court of competent jurisdiction for a determination that the interests of the joint owners are disproportionate. The party filing the petition shall have the burden of proof on such a claim. If subject to the jurisdiction of the court, all persons owning affected accounts with a noncustodial parent shall be made parties to any proceeding to determine the respective interests of the joint owners. The court shall enter an appropriate order determining the various interests of each of the joint owners and authorizing payment against the obligor's share for satisfaction of the child support or maintenance obligation.

10. The court may assess costs and reasonable attorney's fees against the noncustodial parent if the court determines that the noncustodial parent has an interest in the affected joint account.

11. The division may order the financial institution to surrender all or part of the encumbered assets. The order shall not issue until sixty days after the notice of lien is sent to the

financial institution. The financial institution shall, within seven days of receipt of the order, pay the encumbered amount as directed in the order to surrender.

12. A financial institution shall not be liable pursuant to any state or federal law, including 42 U.S.C. section 669A, to any person for:

(3) Any other action taken in good faith to comply with the requirements of this section.

13. A financial institution that fails without due cause to comply with a notice of lien or order to surrender issued pursuant to this section shall be liable for the amount of the encumbered assets and the division may bring an action against the financial institution in circuit court for such amount. For purposes of this subsection, "due cause" shall include, but not be limited to, when a financial institution demonstrates to a court of competent jurisdiction that the institution established in good faith a routine to comply with the requirements of this section and that one or more transactions to enforce the lien or order to surrender were not completed due to an accidental error, a misplaced computer entry, or other accidental human or mechanical problems.

5. By rules and regulations, the director of revenue shall establish a security procedure for the purpose of verifying that an electronic notice of lien or notice of

satisfaction of lien on a manufactured home given as permitted in this chapter is that of the lienholder, verifying that an electronic notice of confirmation of ownership and perfection of a lien given as required in this chapter is that of the director of revenue, and detecting error in the transmission or the content of such notice. A security procedure may require the use of algorithms or other codes, identifying words or numbers, encryption, call back procedures or similar security devices. Comparison of a signature on a communication with an authorized specimen signature shall not by itself be a security procedure.

6. All transactions involving liens or encumbrances on manufactured homes perfected pursuant to sections 700.350 to 700.390 after June 30, 2001, and before August 28, 2002, and the rights, duties, and interests flowing from them are and shall remain valid thereafter and may be terminated, completed, consummated, or enforced as required or permitted by section 400.9-303, RSMo, or this section. Section 400.9-303, RSMo, and this section are remedial in nature and shall be given that construction.

7. The repeal and reenactment of subsections 3 and 4 of this section shall become effective July 1, 2003.

Provided the lienholder submits complete and legible documents, the director of revenue shall mail confirmation or electronically confirm receipt of each notice of lien to the lienholder as soon as possible, but no later than fifteen business days after the filing of the notice of lien.

2. A lienholder may elect that the director of revenue retain possession of an electronic certificate of title, and the director shall issue regulations to cover the procedure by which such election is made. Each such certificate of ownership shall require a separate election unless the director provides otherwise by regulation. A subordinate lienholder shall be bound by the election of the superior lienholder with respect to the certificate involved.

3. As used in this section, "electronic certificate of ownership" means any electronic record of ownership including a lien or liens that may be recorded.

700.360. CREATION OF LIEN OR ENCUMBRANCE BY OWNER, DUTIES, FAILURE TO PERFORM, PENALTY — SUBORDINATE LIENHOLDERS, PERFECTION PROCEDURE — NEW CERTIFICATE ISSUED, WHEN. — If an owner creates a lien or encumbrance on a manufactured home:

(1) The owner shall immediately execute the application, either in the space provided therefor on the certificate of title or on a separate form the director of revenue prescribes, to name the lienholder on the certificate of title, showing the name and address of the lienholder and the date of his security agreement, and shall cause the certificate of title, the application and the required fee to be mailed or delivered to the director of revenue. Failure of the owner to do so, **including naming the lienholder in such application**, is a class A misdemeanor;

(2) [Upon request of the owner or subordinate lienholder, a lienholder in possession of the certificate of title who receives the owner's application and required fee shall mail or deliver the certificate of title, application, and fee to the director of revenue. The delivery of the certificate of title to the director of revenue shall not affect the rights of the first lienholder under his security agreement;

(3) To perfect a lien for a subordinate lienholder when a transfer of ownership occurs, the subordinate lienholder shall either mail or deliver or cause to be mailed or delivered, a completed notice of lien to the department of revenue, accompanied by authorization from the first lienholder. The owner shall ensure the subordinate lienholder is recorded on the application for title at the time the application is made to the department of revenue. To perfect a lien for a subordinate lienholder when there is no transfer of ownership, the owner or lienholder in possession of the certificate, shall either mail or deliver or cause to be mailed or delivered, the owner's application for title, certificate, notice of lien, authorization from the first lienholder and title fee to the department of revenue. The delivery of the certificate and executing a notice of authorization to add a subordinate lien does not affect the rights of the first lienholder under the security agreement;

(4) Upon receipt of the documents and fee required in subdivision (3) of this section, the director of revenue shall issue a new certificate of ownership containing the name and address of the new lienholder, and shall mail the certificate as prescribed in section 700.355, or if a lienholder who has elected for the director of revenue to retain possession of an electronic certificate of ownership, the lienholder shall either mail or deliver to the director a notice of authorization for the director to add a subordinate lienholder to the existing certificate. Upon receipt of such authorization, a notice of lien and required documents and title fee, if applicable, from a subordinate lienholder, the director shall add the subordinate lienholder to the certificate of ownership being electronically retained by the director and provide confirmation of the addition to both lienholders.

700.365. ASSIGNMENT OF LIEN OR ENCUMBRANCE BY LIENHOLDER, RIGHTS AND OBLIGATIONS—PERFECTION BY ASSIGNEE, HOW. — 1. A lienholder may assign, absolutely or otherwise, his lien or encumbrance on the manufactured home to a person other than the owner without affecting the interest of the owner or the validity or effect of the lien or encumbrance, but any person without notice of the assignment is protected in dealing with the lienholder as the holder of the lien or encumbrance and the lienholder shall remain liable for any obligations as lienholder until the assignee is named as lienholder on the certificate of title.

2. An assignee under subsection 1 of this section may, but need not to perfect the assignment, have the certificate of title issued with the assignee named as lienholder, upon delivering to the director of revenue the certificate of title, an assignment by the lienholder named in the certificate of title, and the required fee in the form the director of revenue prescribes.

3. **If the certificate of ownership is being electronically retained by the director of revenue, the original lienholder may mail or deliver a notice of assignment of a lien to the director in a form prescribed by the director. release to the next lienholder named therein, or, if no other lienholder is so named] **or separate document**, to the owner or any person who delivers to the lienholder an authorization from the owner to receive the certificate **or separate document**. **Each perfected subordinate lienholder, if any, shall release such lien or encumbrance as provided in this section for the first lienholder. The release on the certificate or separate document shall be notarized.** The owner may cause the certificate of title, the release, and the required fee to be mailed or delivered to the director of revenue, who shall release the lienholder's rights on the certificate and issue a new certificate of title.

[2. Upon the satisfaction of a second or third lien or encumbrance on a manufactured home for which the certificate of title is in the possession of the first lienholder, the lienholder whose lien or encumbrance is satisfied shall, within ten days after demand, and, in any event, within thirty days, execute a release and deliver the release to the owner or any person who delivers to the lienholder an authorization from the owner to receive it. The lienholder in possession of the certificate of title shall, at the request of the owner and upon receipt of the release and the required fee, either mail or deliver the certificate, the release, and the required fee to the director of revenue, or deliver the certificate of title to the owner, or the person authorized by him, for delivery of the certificate, the release and required fee to the director of revenue, who shall release the subordinate lienholder's rights on the certificate of title and issue a new certificate of title.]

2. At the time the owner of any such motor vehicle, trailer, boat, or outboard motor makes application to the director of revenue for an official certificate of title and the registration of the same as otherwise provided by law, he shall present to the director of revenue evidence satisfactory to the director showing the purchase price paid by or charged to the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, or that the motor vehicle, trailer, boat, or outboard motor is not subject to the tax herein provided and, if the motor vehicle, trailer, boat, or outboard motor is subject to the tax herein provided, the applicant shall pay or cause to be paid to the director of revenue the tax provided herein.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisalment by the director.

4. No certificate of title shall be issued for such motor vehicle, trailer, boat, or outboard motor unless the tax for the privilege of using the highways or waters of this state has been paid or the vehicle, trailer, boat, or outboard motor is registered under the provisions of subsection 5 of this section.

5. The owner of any motor vehicle, trailer, boat, or outboard motor which is to be used exclusively for rental or lease purposes may pay the tax due thereon required in section 144.020 at the time of registration or in lieu thereof may pay a use tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A use tax shall be charged and paid on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in the state. If the owner elects to pay upon each rental or lease, he shall make an affidavit to that effect in such form as the director of revenue shall require and shall remit the tax due at such times as the director of revenue shall require.

6. In the event that any leasing company which rents or leases motor vehicles, trailers, boats, or outboard motors elects to collect a use tax, all of its lease receipt would be subject to the use tax, regardless of whether or not the leasing company previously paid a sales tax when the vehicle, trailer, boat, or outboard motor was originally purchased.

7. The provisions of this section, and the tax imposed by this section, shall not apply to manufactured homes.

Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

4. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

5. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452, RSMo, and shall report the findings to the child fatality review panel established pursuant to section 210.192.

6. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting or causing a report to be made to the division.

7. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri division of family services, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the Missouri division of family services.

210.145. TELEPHONE HOT LINE FOR REPORTS ON CHILD ABUSE —DIVISION OF FAMILY SERVICES, DUTIES, PROTOCOLS, LAW ENFORCEMENT CONTACTED IMMEDIATELY, INVESTIGATION WITHIN TWENTY-FOUR HOURS, EXCEPTION —CHIEF INVESTIGATOR NAMED — ADMISSIBILITY OF REPORTS IN CUSTODY CASES. — 1. The division shall establish and maintain an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.

2. Upon receipt of a report, the division shall immediately communicate such report to its appropriate local office and any relevant information as may be contained in the information system. The local division staff shall determine, through the use of protocols developed by the division, whether an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.

3. The local office shall contact the appropriate law enforcement agency immediately upon receipt of a report which division personnel determine merits an investigation, or, which, if true, would constitute a suspected violation of any of the following: section 565.020, 565.021, 565.023, 565.024 or 565.050, RSMo, if the victim is a child less than eighteen years of age, section 566.030 or 566.060, RSMo, if the victim is a child less than eighteen years of age, or other crime under chapter 566, RSMo, if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050, RSMo, if the victim is a child less than eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 568.080, or 568.090, RSMo, section 573.025, 573.037 or 573.045, RSMo, or an attempt to commit any such crimes. The local office shall provide such agency with a detailed description of the report received. In such cases the local division office shall request the assistance of the local law enforcement agency in all aspects of the investigation of the complaint. The appropriate law enforcement agency shall either assist the division in the investigation or provide the division, within twenty-four hours, an explanation in writing detailing the reasons why it is unable to assist.

4. The local office of the division shall cause an investigation or family assessment and services approach to be initiated immediately or no later than within twenty-four hours of receipt of the report from the division, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. **If the parents of the child are not the alleged abusers, the parents of the child must be notified prior to the child being interviewed by the division. The division shall not meet with the child in any location where abuse of such child is alleged to have occurred.** When the child is reported absent from the residence, the location and the well-being of the child shall be verified.

5. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or

subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The [public school district liaison shall be designated by the superintendent of each school district] **superintendent of each school district shall designate a specific person or persons to act as the public school district liaison.** Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. **Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., Section 1232g, and federal rule 34 C.F.R., Part 99.**

6. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

7. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

8. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

9. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

10. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

11. If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109

to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

12. Within thirty days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within thirty days, unless good cause for the failure to complete the investigation is documented in the information system. If the investigation is not completed within thirty days, the information system shall be updated at regular intervals and upon the completion of the investigation. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

13. A person required to report under section 210.115 to the division shall be informed by the division of his right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. A person required to report to the division pursuant to section 210.115 may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the mandated reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the mandated reporter within five days of the outcome of the investigation.

14. In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However, nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made.

15. **In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services pursuant to subdivision (d) of subsection 1 of section 211.031, RSMo, and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.**

16. The division of family services is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021, RSMo, and chapter 536, RSMo, to carry out the provisions of sections 210.109 to 210.183.

Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

Execution of any order entered by the court pursuant to this subsection, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child, and the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

The child and his attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. A child ordered to perform services under this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288, RSMo. Execution of any order entered by the court, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed;

(9) When a child has been adjudicated to have violated a municipal ordinance or to have committed an act that would be a misdemeanor if committed by an adult, assess an amount of up to twenty-five dollars to be paid by the child to the clerk of the court; when a child has been adjudicated to have committed an act that would be a felony if committed by an adult, assess an amount of up to fifty dollars to be paid by the child to the clerk of the court.

4. Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the division of youth services. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021, RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The division may

The director may bring the civil action to enforce the provisions of this chapter. The attorney general may, on behalf of the director, bring suit pursuant to this section.

2. The director shall determine the amount of civil damages to request in the suit based on the nature and gravity of the violation. **The director shall also consider the size of the business when determining the appropriate civil damages. The size of the business shall be determined by the number of people employed by that business.** A request for the maximum civil damages shall be justified by the following, **to be considered individually or in combination:**

(5) "Religious organization", any society, sect, persuasion, mission, church, parish, congregation, temple, convention or association of any of the foregoing, diocese or presbytery, or other organization, whether or not incorporated, that meets at more or less regular intervals for worship of a supreme being or higher power, or for mutual support or edification in piety or with respect to the idea that a minimum standard of behavior from the standpoint of overall morality is to be observed, or for the sharing of common religious bonds and convictions;

(6) "Report", the communication of an allegation of abuse or neglect pursuant to sections 210.109 to 210.183, RSMo.

2. When a minister or agent designated pursuant to subsection 3 of this section has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect

under circumstances required to being reported pursuant to sections 210.109 to 210.183, RSMo, the minister or designated agent shall immediately report or cause a report to be made as provided in sections 210.109 to 210.183, RSMo. The designated agent shall then become responsible for making or causing the report to be made pursuant to sections 210.109 to 210.183, RSMo. This section shall not preclude any person from reporting abuse or neglect as otherwise provided by law.

452.402. GRANDPARENT'S VISITATION RIGHTS GRANTED, WHEN, TERMINATED, WHEN — GUARDIAN AD LITEM APPOINTED, WHEN — ATTORNEY FEES AND COSTS ASSESSED, WHEN. — 1. The court may grant reasonable visitation rights to the grandparents of the child and issue any necessary orders to enforce the decree. The court may grant grandparent visitation when:

(1) The parents of the child have filed for a dissolution of their marriage. A grandparent shall have the right to intervene in any dissolution action solely on the issue of visitation rights. Grandparents shall also have the right to file a motion to modify the original decree of dissolution to seek visitation rights when such rights have been denied to them;

(2) One parent of the child is deceased and the surviving parent denies reasonable visitation rights **to a parent of the deceased parent of the child;**

(3) **The child has resided in the grandparent's home for at least six months within the twenty-four month period immediately preceding the filing of the petition;**

(4) A grandparent is unreasonably denied visitation with the child for a period exceeding ninety days. **However, if the natural parents are legally married to each other and are living together with the child, a grandparent may not file for visitation pursuant to this subdivision; or**

~~[(4)]~~ (5) The child is adopted by a stepparent, another grandparent or other blood relative.

2. The court shall determine if the visitation by the grandparent would be in the child's best interest or if it would endanger the child's physical health or impair the child's emotional development. Visitation may only be ordered when the court finds such visitation to be in the best interests of the child. **However, when the parents of the child are legally married to each other and are living together with the child, it shall be a rebuttable presumption that such parents know what is in the best interest of the child.** The court may order reasonable conditions or restrictions on grandparent visitation.

3. If the court finds it to be in the best interests of the child, the court may appoint a guardian ad litem for the child. The guardian ad litem shall be an attorney licensed to practice law in Missouri. The guardian ad litem may, for the purpose of determining the question of grandparent visitation rights, participate in the proceedings as if such guardian ad litem were a party. The court shall enter judgment allowing a reasonable fee to the guardian ad litem.

4. A home study, as described by section 452.390, may be ordered by the court to assist in determining the best interests of the child.

5. The court may, in its discretion, consult with the child regarding the child's wishes in determining the best interest of the child.

6. The right of a grandparent to seek or maintain visitation rights pursuant to this section may terminate upon the adoption of the child.

In all cases the approval of the court of the adoption shall be required and such approval shall be given or withheld as the welfare of the person sought to be adopted may, in the opinion of the court, demand.

2. The written consent of the person to be adopted shall be required in all cases where the person sought to be adopted is fourteen years of age or older, except where the court finds that such child has not sufficient mental capacity to give the same.

3. With the exceptions specifically enumerated in section 453.040, when the person sought to be adopted is under the age of eighteen years, the written consent of the following persons shall be required and filed in and made a part of the files and record of the proceeding:

(1) The mother of the child; and

(2) Any man who:

(a) Is presumed to be the father pursuant to the subdivisions (1), (2), or (3) [or (5)] of subsection 1 of section 210.822, RSMo; or

(b) Has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; or

(c) Filed with the putative father registry pursuant to section 192.016, RSMo, a notice of intent to claim paternity or an acknowledgment of paternity either prior to or within fifteen days after the child's birth, and has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; or

(3) The child's current adoptive parents or other legally recognized mother and father.

Upon request by the petitioner and within one business day of such request, the clerk of the local court shall verify whether such written consents have been filed with the court.

4. The written consent required in subdivisions (2) and (3) of subsection 3 of this section may be executed before or after the commencement of the adoption proceedings, and shall be acknowledged before a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose signatures and addresses shall be plainly written thereon. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

5. The written consent required in subdivision (1) of subsection 3 of this section by the birth parent shall not be executed anytime before the child is forty-eight hours old. Such written consent shall be executed in front of a judge or a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

6. The written consents shall be reviewed and, if found to be in compliance with this section, approved by the court within three business days of such consents being presented to the court. Upon review, in lieu of approving the consent within three business days, the court may set a date for a prompt evidentiary hearing upon notice to the parties. Failure to review and approve the written consent within three business days shall not void the consent, but a party may

seek a writ of mandamus from the appropriate court, unless an evidentiary hearing has been set by the court pursuant to this subsection.

7. The written consent required in subsection 3 of this section may be withdrawn anytime until it has been reviewed and accepted by a judge.

8. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection 9 of this section, such written consent shall be deemed valid.

9. However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and shall provide the names of all such persons unless the mother has good cause as to why she should not name such persons. The court shall determine if good cause is justifiable. By signing the consent, the birth parent acknowledges that those having an interest in the child have been supplied with all available information to assist in locating all possible fathers; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

10. The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

11. Where the person sought to be adopted is eighteen years of age or older, his written consent alone to his adoption shall be sufficient.

12. A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

13. Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the attorney fees incurred pursuant to subsection 12 of this section to be paid by the prospective adoptive parents or the child-placing agency.

Such notice continues until further notice by the court or the division.

5. The withholding of health benefit plan employee contributions or premiums from income, if required to comply with the order, shall not be held in abeyance pending the outcome of any hearing provided pursuant to section 454.609.] **The division shall use the National Medical Support Notice required by 42 U.S.C. Section 666(a)(19) and 45 C.F.R. Section 303.32 to enforce health benefit plan coverage under this chapter. - 620.1355. Director to certify corporations — factors to be considered — certificate issued when — failure to qualify, applicant's right of appeal — nonresident corporation, director may issue opinion, when.
- B. Emergency clause.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 620.1355, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 620.1355, to read as follows:

620.1355. DIRECTOR TO CERTIFY CORPORATIONS — FACTORS TO BE CONSIDERED — CERTIFICATE ISSUED WHEN — FAILURE TO QUALIFY, APPLICANT'S RIGHT OF APPEAL —

NONRESIDENT CORPORATION, DIRECTOR MAY ISSUE OPINION, WHEN. — The director shall certify an investment funds service corporation or S corporation to make the annual election and shall determine whether applicants for certification qualify pursuant to the definitions found in subdivision (4) of subsection 2 of section 143.451, RSMo. In making his or her determination for certification, the director shall further take into consideration factors including, but not limited to: current and past industry employment growth and employment retention in the state; salary levels of new or existing industry employment in the state; the income tax laws applied to investment funds service corporations in other states; industry growth nationally and within the state; the prevailing conditions in the economy and financial markets; the competitive environment within the industry; the applicant's past certification and use of this section and sections 620.1350 and 620.1360; and an applicant's size, structure and method of operation. After determining an applicant is qualified to make the election, the director shall issue a certificate of qualification, a copy of which the applicant shall annually file with the applicant's income tax return. Once certified by the director, an investment funds service corporation shall remain certified for the annual election pursuant to this section and sections 620.1350 and 620.1360 until it no longer qualifies pursuant to the definitions of subdivision (4) of subsection 2 of section 143.451, RSMo. The director may, at any time, require reasonable information to be submitted by an investment funds service corporation to establish its qualification for certification. If the director determines an application does not qualify for the annual election, the director shall notify the applicant of the reason for this determination in writing and the applicant shall have the same rights of reconsideration and appeal afforded to taxpayers denied tax credits pursuant to section 135.250, RSMo. **The director, upon request, may issue an opinion stating whether a nonresident investment funds service corporation or S corporation would meet the qualifications for certification pursuant to this section if such corporation were to relocate its principal business headquarters to this state, and such opinion shall be binding upon this state and its agencies if such corporation relocates its headquarters to this state in reliance on such opinion and if at the time such corporation relocates its principal business headquarters to this state, it meets the requirements of subdivision (4) of subsection 2 of section 143.451, RSMo, the director shall certify the corporation to make the initial annual election as set forth in this section. Any provision of law to the contrary notwithstanding, information submitted to the director pursuant to this section shall be exempt from the provisions of chapter 610, RSMo.**

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to provide nonresident investment funds service corporations with critical information regarding their certification status, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

No credit shall be given or deductions made from payments for overtime for the purpose of retirement benefits.

7. Probationary patrolmen and patrolmen shall receive additional compensation for authorized overtime, court time and court standby time whenever the total accumulated time exceeds forty hours. The accumulated forty hours shall be taken as compensatory time off at the officer's discretion with the approval of his supervisor.

Any such payments shall be made in increments of not less than forty hours, and at rates equivalent to the base straight-time rates being earned by said officers at the time of payment; except that, no such officer shall be required to accept payment for accumulated unused vacation time.

2. Upon receipt of a written request from a private investigatory agency, a youth service agency or a provider, with the written consent of the applicant, the highway patrol shall conduct a criminal record review of an applicant for a paid or voluntary position with the agency or provider if such position would place the applicant in contact with minors, patients or residents.

3. Any request for information made pursuant to the provisions of this section shall be on a form provided by the highway patrol and shall be signed by the person who is the subject of the request.

4. The patrol shall respond in writing to the youth service agency or provider making a request for information pursuant to this section and shall inform such youth service agency or provider of the **address and offense for which the offender registered pursuant to sections 589.400 to 589.425, RSMo, and the nature of the offense, and the date, place and court for any other offenses contained in the criminal record review.** Notwithstanding any other provision of law to the contrary, the youth service agency or provider making such request shall have access to all records of arrests resulting in an adjudication where the applicant was found guilty or entered a plea of guilty or nolo contendere in a prosecution pursuant to chapter 565, RSMo, sections 566.010 to 566.141, RSMo, or under the laws of any state or the United States for offenses described in sections 566.010 to 566.141, RSMo, or chapter 565, RSMo, during the period of any probation imposed by the sentencing court.

43.653. HIGHWAY PATROL TO CREATE AND SUPERVISE — LOCATION OF LAB. — The highway patrol is hereby authorized to create, direct, control and supervise the "Missouri Regional Computer Forensics Lab" (RCFL). The highway patrol has the ability to bring

together federal, state, and local resources to fight computer crimes for the purposes listed in section 43.656. The RCFL shall be located within a twenty-five mile radius of an international airport.

43.656. DECLARATION OF NEED FOR LAB. — It is hereby found and declared that:

(1) With the widespread use of computers, the Internet and electronic devices to commit crimes and the critical lack of resources at state and local levels;

(2) Modern day criminals have learned to exploit the Internet and electronic communication to leverage computer technology to reach a virtually unlimited number of victims while maintaining a maximum level of anonymity, computer crimes will continue to mount, especially in, but not limited to, the areas of child pornography and sexual offenses involving children, consumer fraud and harassment.

(3) It is necessary for the protection of the citizens of this state that provisions be made for the establishment of the Missouri regional computer forensics lab to prevent and reduce computer, Internet and other electronically-based crimes.

43.659. POWERS OF HIGHWAY PATROL. — The highway patrol shall have the power, as necessary or convenient to carry out and effectuate the purposes and provisions of sections 43.653 to 43.656, to enter into agreements or other transactions with, negotiate memorandum of understanding with all governmental agencies, participate in interstate computer forensic matters as they relate to the purposes of the center, both within and outside the state when necessary or appropriate, or when required to do so by a proper authority and accept grants and the cooperation of, the United States or any agency or instrumentality thereof or of this state or any agency or instrumentality thereof, in furtherance of the purposes of this section, and to do any and all things necessary in order to avail itself of such aid and cooperation.

BOARD MAY ORDER RELEASE OR PAROLE, WHEN — PERSONAL HEARING — STANDARDS — RULES — MINIMUM TERM FOR ELIGIBILITY FOR PAROLE, HOW CALCULATED — FIRST DEGREE MURDER, ELIGIBILITY FOR HEARING — HEARING PROCEDURE — NOTICE — EDUCATION REQUIREMENTS, EXCEPTIONS. — 1. When in its opinion there is reasonable probability that an offender of a correctional center can be released without detriment to the community or to himself, the board may in its discretion release or parole such person except as otherwise prohibited by law. All paroles shall issue upon order of the board, duly adopted.

2. Before ordering the parole of any offender, the board shall have the offender appear before a hearing panel and shall conduct a personal interview with him, unless waived by the offender. A parole shall be ordered only for the best interest of society, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. An offender shall be placed on parole only when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the board.

3. The board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

4. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

5. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three

years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011, RSMo.

6. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a board member at the board's central office; [and]

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; **and**

(6) The board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, RSMo, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

7. The board shall notify any person of the results of a parole eligibility hearing if the person indicates to the board a desire to be notified.

8. The board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

9. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

10. 142.028. DEFINITIONS — FUEL ETHANOL PRODUCER DEFINED — MISSOURI QUALIFIED PRODUCER INCENTIVE FUND CREATED, PURPOSE — ADMINISTRATION OF FUND — GRANTS TO PRODUCERS, AMOUNT, COMPUTATION, PAID WHEN — APPLICATION FOR GRANT, CONTENT, QUALIFICATIONS, BONDING — RULES AUTHORIZED. — 1. As used in this section, the following terms mean:

(1) "Fuel ethanol", one hundred ninety-eight proof ethanol denatured in conformity with the United States Bureau of Alcohol, Tobacco and Firearms' regulations and fermented and distilled

in a facility whose principal (over fifty percent) feed stock is cereal grain or cereal grain by-products;

(2) "Fuel ethanol blends", a mixture of ninety percent gasoline and ten percent fuel ethanol in which the gasoline portion of the blend or the finished blend meets the American Society for Testing and Materials - specification number D-439;

(3) "Missouri qualified fuel ethanol producer", any producer of fuel ethanol whose principal place of business and facility for the fermentation and distillation of fuel ethanol is located within the state of Missouri **and is at least fifty-one percent owned by agricultural producers actively engaged in agricultural production for commercial purposes**, and which has made formal application, posted a bond, and conformed to the requirements of this section.

2. The "Missouri Qualified Fuel Ethanol Producer Incentive Fund" is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified fuel ethanol producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified fuel ethanol producer shall be eligible for a monthly grant from the fund, except that a Missouri qualified fuel ethanol producer shall only be eligible for the grant for a total of sixty months **unless such producer during those sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which they were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty month time period.** The amount of the grant is determined by calculating the estimated gallons of qualified fuel ethanol production to be produced from Missouri agricultural products for the succeeding calendar month, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified fuel ethanol producer shall be eligible for a total grant in any [calendar] fiscal year equal to twenty cents per gallon for the first twelve and one-half million gallons of qualified fuel ethanol produced from Missouri agricultural products in the [calendar] fiscal year plus five cents per gallon for the next twelve and one-half million gallons of qualified fuel ethanol produced from Missouri agricultural products in the [calendar] fiscal year. All such qualified fuel ethanol produced by a Missouri qualified fuel ethanol producer in excess of twenty-five million gallons shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 4 of this section. If actual production of qualified fuel ethanol during a particular month either exceeds or is less than that estimated by a Missouri qualified fuel ethanol producer, the department of agriculture shall adjust the subsequent monthly grant by paying additional amount or subtracting the amount in deficiency by using the calculation described in this subsection.

4. In order for a Missouri qualified fuel ethanol producer to obtain a grant from the fund for a particular month, an application for such funds shall be received no later than fifteen days prior to the first day of the month for which the grant is sought. The application shall include:

(1) The location of the Missouri qualified fuel ethanol producer;

(2) The average number of citizens of Missouri employed by the Missouri qualified fuel ethanol producer in the preceding quarter, if applicable;

(3) The number of bushels of Missouri agricultural commodities used by the Missouri qualified fuel ethanol producer in the production of fuel ethanol in the preceding quarter;

(4) The number of gallons of qualified fuel ethanol the producer expects to manufacture during the month for which the grant is applied;

(5) A copy of the qualified fuel ethanol producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and

(6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified fuel ethanol producers.

5. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section. The director shall also establish procedures for bonding Missouri qualified fuel ethanol producers. Each Missouri qualified fuel ethanol producer who attempts to obtain moneys pursuant to this section shall be bonded in an amount not to exceed the estimated maximum monthly grant to be issued to such Missouri qualified fuel ethanol producer.

6. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

204.472. SEWER SERVICE TO BE PROVIDED BY AGREEMENT FOR CERTAIN ANNEXED AREAS, PROCEDURE (POPLAR BLUFF, BUTLER COUNTY) — 1. Whenever all or any part of a territory located within a sewer district that is located in any county of the third classification without a township form of government and with more than forty thousand eight hundred but less than forty thousand nine hundred inhabitants is included by annexation within the corporate limits of any city of the third classification with more than sixteen thousand six hundred but less than sixteen thousand seven hundred inhabitants, but is not receiving sewer service from such district or city at the time of such annexation, the city and the board of trustees of the district may, within six months after such annexation becomes effective, develop an agreement to provide sewer service to the annexed territory. Such an agreement may also be developed for territory that was annexed between January 1, 1996, and August 28, 2002, but was not receiving sewer service from such district or such city on August 28, 2002. For the purposes of this section, "not receiving sewer service" shall mean that no sewer services are being sold within the annexed territory by such district or city. If the city and the board reach an agreement that detaches any territory from such district, the agreement shall be submitted to the circuit court having jurisdiction over the major portion, and the circuit court shall make an order and judgment detaching the territory described in the agreement from the remainder of the district and stating the boundary lines of the district after such detachment. At such time that the circuit court's order and judgment becomes final, the clerk of the circuit court shall file certified copies of such order and judgment with the secretary of state and with the recorder of deeds and the county clerk of the county or counties in which the district is located. If an agreement is developed between a city and a sewer district pursuant to this subsection, subsections 2 to 8 of this section shall not apply to such agreement.

2. In the event that the board of trustees of such district and the city cannot reach such an agreement, an application may be made by the board or the city to the circuit court requesting that three commissioners develop such an agreement. Such application shall include the name of one commissioner appointed by the applying party. The second party shall appoint one commissioner within thirty days of the service of the application upon the second party. If the second party fails to appoint a commissioner within such time period, the circuit court shall appoint a commissioner on behalf of the second party. Such two named commissioners may agree to appoint a third disinterested commissioner within thirty days after the appointment of the second commissioner. In the event that the two named commissioners cannot agree on or fail to appoint the third disinterested commissioner within thirty days after the appointment of the second commissioner, the circuit court shall appoint the third disinterested commissioner.

3. Upon the filing of such application and the appointment of three such commissioners, the circuit court shall set a time for one or more hearings and shall order a public notice including the nature of the application, the annexed area affected, the names of the commissioners, and the time and place of such hearings, to be published for

three weeks consecutively in a newspaper published in the county in which the application is pending, the last publication to be not more than seven days before the date set for the first hearing.

4. The commissioners shall develop an agreement between the district and the city to provide sewer service to the annexed territory. In developing the agreement, the commissioners shall consider information presented to them at hearings and any other information at their disposal including, but not limited to:

- (1) The estimated future loss of revenue and costs for the sewer district related to the agreement;
- (2) The amount of indebtedness of the sewer district within the annexed territory;
- (3) Any contractual obligations of the sewer district within the annexed area; and
- (4) The effect of the agreement on the sewer rates of the district.

The agreement shall also include a recommendation for the apportionment of costs incurred pursuant to subsections 2 to 8 of this section, including reasonable compensation for the commissioners, between the city and the district.

5. If the circuit court finds that the agreement provides for necessary sewer service in the annexed territory, then such agreement shall be fully effective upon approval by the circuit court. The circuit court shall also review the recommended apportionment of court costs incurred and the reasonable compensation for the commissioners and affirm or modify such recommendations.

6. The order and judgment of the circuit court shall be subject to appeal as provided by law.

7. If the circuit court approves a detachment as part of the territorial agreement, it shall make its order and judgment detaching the territory described in the application from the remainder of the district and stating the boundary lines of the district after such detachment.

8. At such time that the circuit court's order and judgment becomes final, the clerk of the circuit court shall file certified copies of such order and judgment with the secretary of state and with the recorder of deeds and the county clerk of the county or counties in which the district is located.

9. The proportion of the sum of all outstanding bonds and debt, with interest thereon, that is required to be paid to the sewer district pursuant to this section, shall be the same as the proportion of the assessed valuation of the real and tangible personal property within the area sought to be detached bears to the assessed valuation of all of the real and tangible personal property within the entire area of the sewer district.

247.030. TERRITORY INCLUDED IN DISTRICT, CONTIGUOUS — BOUNDARIES OF DISTRICTS, HOW CHANGED — EXTENSION OR ENLARGEMENT OF DISTRICT, HOW. — 1. Territory that may be included in a district sought to be incorporated or enlarged may be wholly within one or in more than one county, may take in school districts or parts thereof, and cities that do not have a waterworks system or cities whose governing body has by a majority vote requested that the city or part thereof be included within the boundaries of a public water supply district. For the purpose of this section, "city" means any city, town or village. The territory, however, shall be contiguous, and proceedings to incorporate shall be in the circuit court of the county in which the largest acreage is located. No two districts shall overlap.

2. Any two or more contiguous districts or any city and a contiguous district may, if there are no outstanding general obligation bonds relating to drinking water supply projects in either entity, by a majority vote of the governing body of each entity, provide for territory located in one entity to be annexed and served by the entity contiguous to the annexed territory. Notice of the proposed annexation shall be filed with the circuit court that originally issued the decree of incorporation for a district which is detaching territory through the proposed annexation or with the circuit court that originally issued the decree of incorporation for a district which is including

a city or part thereof through the proposed annexation. The court shall set a date for a hearing on the proposed annexation and shall cause notice to be published in the same manner as for the filing of the original petition for incorporation; except that publication of notice shall not be required if a majority of the landowners in the territory proposed to be annexed consent in writing, and if notice of the hearing is posted in three public places within the territory proposed to be annexed at least seven days before the date of the hearing. If publication of the notice is not required pursuant to this section, the court shall only approve the proposed annexation if there is sworn testimony by at least five landowners in the area of the proposed annexation, or a majority of the landowners, if there are fewer than ten landowners in the area. If the court, after the hearing, finds that the proposed annexation would not be in the public interest, it shall order that the annexation not be allowed. If the court finds the proposed annexation to be in the public interest, it shall approve the annexation and the territory shall be detached from the one entity and annexed to the other. After the annexation is approved, the circuit court in which each district involved in the proceedings was incorporated shall amend the decree of incorporation for each district to reflect the change in the boundaries as a result of the annexation and [to] redivide each district into five subdistricts, fixing their boundary lines so that each of the five subdistricts have approximately the same area. A certified copy of the amended decree showing the boundary change and the new subdistricts shall be filed in the office of the recorder of deeds and in the office of the county clerk in each county having territory in the district and in the office of the secretary of state of the state of Missouri.

3. The boundaries of any district may be extended or enlarged from time to time upon the filing, with the clerk of the circuit court having jurisdiction, of a petition by either:

(1) The board of directors of the district and five or more voters **or landowners** within the territory proposed to be annexed by the district; or

(2) **The board of directors of the district and** a majority of the landowners within the territory proposed to be annexed to the district.

If the petition is filed by the board of directors of the district and five or more voters or landowners within the territory proposed to be annexed by the district, the same proceedings shall be followed as are provided in section 247.040 for the filing of a petition for the organization of the district, except that no election shall be held. Upon entry of a final order declaring the court's decree of annexation to be final and conclusive, the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable. If the petition is filed by **the board of directors of the district and** a majority of the landowners within the territory proposed to be annexed, the publication of notice shall not be required, provided notice is posted in three public places within the territory proposed to be annexed at least seven days before the date of the hearing and provided that there is sworn testimony by at least five landowners in the territory proposed to be annexed, or a majority of the landowners if the total landowners in the area are fewer than ten. **If the court finds that the annexation of such territory would be in the public interest, the court shall enter its order granting such annexation.** Upon the entry of [a final] **such** order [declaring the court's decree of annexation to be final and conclusive], the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable. The costs incurred in the enlargement or extension of the district shall be taxed to the district, if the district be enlarged or extended, otherwise against the petitioners; provided, however, that no costs shall be taxed to the directors of the district.

4. Should any [voter] **landowner** who owns real estate that abuts upon a district once formed desire to have such real estate incorporated in the district, the [voter] **landowner** shall first petition the board of directors thereof for its approval. If such approval be granted, the clerk of the board shall endorse a certificate of the fact of approval by the board upon the petition. The petition so endorsed shall be filed with the clerk of the circuit court in which the district is incorporated. It shall then be the duty of the court to amend the boundaries of such district by a decree incorporating the real estate in the same. A certified copy of this decree including the

real estate in the district shall then be filed in the office of the recorder and in the office of the county clerk of the county in which the real estate is located, and in the office of the secretary of state. The costs of this proceeding shall be borne by the petitioning property owner.

247.031. DETACHMENT FROM DISTRICT, WHEN — PROCEDURE — COSTS — PETITION FORM. — 1. Territory included in a district that is not being served by such district may be detached from such district provided that there are no outstanding general obligation or special obligation bonds and no contractual obligations of greater than twenty-five thousand dollars for debt that pertains to infrastructure, fixed assets or obligations for the purchase of water. If any such bonds or debt is outstanding, and the written consent of the holders of such bonds or the creditors to such debt is obtained, then such territory may be detached in spite of the existence of such bonds or debt, except such consent shall not be required for special obligation bonds if the district has no water lines or other facilities located within any of the territory detached. Detachment may be made by the filing of a petition with the circuit court in which the district was incorporated. The petition shall contain a description of the tract to be detached and a statement that the detachment is in the best interest of the district or the inhabitants and property owners of the territory to be detached, together with the facts supporting such allegation. The petition may be submitted by the district acting through its board of directors, in which case the petition shall be signed by a majority of the board of directors of the district. The petition may also be submitted by voters residing in **or by landowners owning land in** the territory sought to be detached. If there are more than ten voters **and landowners** in such territory, the petition shall be signed by five or more voters [residing in] **or landowners within** the territory; if there are less than ten voters [residing in] **and landowners within** such territory, the petition shall be signed by fifty percent or more of the voters [residing in] **and landowners within** the territory. In the event there are no voters living within such territory proposed to be detached, then the petition may be submitted by owners of more than fifty percent of the land in the territory proposed to be detached, in which case said petition shall be signed by the owners so submitting the petition.

2. Such petition shall be filed in the circuit court having jurisdiction and the court shall set a date for hearing on the proposed detachment and the clerk shall give notice thereof in three consecutive issues of a weekly newspaper in each county in which any portion of the territory proposed to be detached lies, or in lieu thereof, in twenty consecutive issues of a daily newspaper in each county in which any portion of the tract proposed to be detached lies; the last insertion of the notice to be made not less than seven nor more than twenty-one days before the hearing. Such notice shall be substantially as follows: IN THE CIRCUIT COURT OF COUNTY, MISSOURI NOTICE OF THE FILING OF A PETITION FOR TERRITORIAL DETACHMENT FROM PUBLIC WATER SUPPLY DISTRICT NO. OF COUNTY, MISSOURI.

To all voters and landowners of land within the boundaries of the above-described district:
You are hereby notified:

2. That a hearing on said petition will be held before this court on the day of, 20, at,m.

3. Exceptions or objections to the detachment of said tracts from said public water supply district may be made by any voter or landowner of land within the district from which territory is sought to be detached, provided such exceptions or objections are in writing not less than five days prior to the date set for hearing on the petition.

4. The names and addresses of the attorneys for the petitioner are:

.....
Clerk of the Circuit Court of

..... County, Missouri

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions or objections to the detachment of such territory may be made by any voter or landowner within the boundaries of the district, including the territory to be detached. The exceptions or objections shall be in writing and shall specify the grounds upon which they are made and shall be filed not later than five days before the date set for hearing the petition. If any such exceptions or objections are filed, the court shall take them into consideration when considering the petition for detachment and the evidence in support of detachment. If the court finds that the detachment will be in the best interest of the district and the inhabitants and landowners of the area to be detached will not be adversely affected or if the court finds that the detachment will be in the best interest of the inhabitants and landowners of the territory to be detached and will not adversely affect the remainder of the district, it shall approve the detachment and grant the petition.

5. If the court approves the detachment, it shall make its order detaching the territory described in the petition from the remainder of the district, or in the event it shall find that only a portion of said territory should be detached, the court shall order such portion detached from the district. The court shall also make any changes in subdistrict boundary lines it deems necessary to meet the requirements of sections 247.010 to 247.220. Any subdistrict line changes shall not become effective until the next annual election of a member of the board of directors.

6. A certified copy of the court's order shall be filed in the office of the recorder and in the office of the county clerk in each county in which any of the territory of the district prior to detachment is located, and in the office of the secretary of state. Costs of the proceeding shall be borne by the petitioner or petitioners.

247.040. FORMATION OF PUBLIC WATER SUPPLY DISTRICT — PROCEDURE. — 1. Proceedings for the formation of a public water supply district shall be substantially as follows: a petition in duplicate describing the proposed boundaries of the district sought to be formed, accompanied by a plat of the proposed district, shall be filed with the clerk of the circuit court of the county wherein the proposed district is situate, or with the clerk of the circuit court of the county having the largest acreage proposed to be included in the proposed district, in the event that the proposed district embraces lands in more than one county. Such petition, in addition to such boundary description, shall set forth an estimate of the number of customers of the proposed district, the necessity for the formation of the district, the probable cost of the improvement, an approximation of the assessed valuation of taxable property within the district and such other information as may be useful to the court in determining whether or not the petition should be granted and a decree of incorporation entered. Such petition shall be accompanied by a cash deposit of fifty dollars as an advancement of the costs of the proceeding, and the petition shall be signed by not less than fifty voters **or owners of real property** within the proposed district and shall pray for the incorporation of the territory therein described into a public water supply district. The petition shall be verified by at least one of the signers thereof.

2. Upon the filing of the petition, the same shall be presented to the circuit court, and such court shall fix a date for a hearing on such petition, as herein provided for. Thereupon the clerk of the court shall give notice of the filing of the petition in some newspaper of general circulation in the county in which the proceedings are pending, and if the district extends into any other county or counties, such notice shall also be published in some newspaper of general circulation in such other county or counties. The notice shall contain a description of the proposed boundary lines of the district and the general purposes of the petition, and shall set forth the date fixed for the hearing on the petition, which shall not be less than [fifteen] **seven** nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk

of the circuit court and shall be published in three successive issues of a weekly newspaper or in [twenty successive issues] of a daily newspaper **once a week for three consecutive weeks.**

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions to the formation of a district, or to the boundaries outlined in the petition for the incorporation thereof, may be made by any voter **or owner of real property in** the proposed district; provided, such exceptions are filed not less than five days prior to the date set for the hearing on the petition. Such exceptions shall specify the grounds upon which the exceptions are being made. If any such exceptions be filed, the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. Should the court find that the petition should be granted but that changes should be made in the boundary lines, it shall make such changes in the boundary lines as set forth in the petition as to the court may seem meet and proper, and thereupon enter its decree of incorporation, with such boundaries as changed.

5. Should the court find that it would not be to the public interest to form such a district, the petition shall be dismissed at the costs of the petitioners. If, however, the court should find in favor of the formation of such district, the court shall enter its decree of incorporation, setting forth the boundaries of the proposed district as determined by the court pursuant to the aforesaid hearing. The decree of incorporation shall also divide the district into five subdistricts and shall fix their boundary lines, all of which subdistricts shall have approximately the same area and shall be numbered. The decree shall further contain an appointment of one voter from each of such subdistricts, to constitute the first board of directors of the district. No two members of such board so appointed or hereafter elected or appointed shall reside in the same subdistrict, except as provided in section 247.060. If no qualified person who lives in the subdistrict is willing to serve on the board, the court may appoint, or the voters may elect, an otherwise qualified person who lives in the district but not in the subdistrict. The court shall designate two of such directors so appointed to serve for a term of two years and one to serve for a term of one year. And the directors thus appointed by the court shall serve for the terms thus designated and until their successors shall have been appointed or elected as herein provided. The decree shall further designate the name and number of the district by which it shall hereafter be officially known.

6. The decree of incorporation shall not become final and conclusive until it shall have been submitted to the voters residing within the boundaries described in such decree and until it shall have been assented to by a majority of the voters as provided in subsection 9 of this section or by two-thirds of the voters of the district voting on the proposition. The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the judges and clerks of election to the circuit court having jurisdiction in the case and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If, upon canvass and declaration, it is found and determined that the question shall have been assented to by a majority of two-thirds of the voters of the district voting on such proposition, then the court shall, in such order declaring the result of the election, enter a further order declaring the decree of incorporation to be final and conclusive. In the event, however, that the court should find that the question had not been assented to by the majority above required, the court shall enter a further order declaring such decree of incorporation to be void and of no effect. No appeal shall lie from any such decree of incorporation nor from any of the aforesaid orders. In the event that the court declares the decree of incorporation to be final, as herein provided for, the clerk of the circuit court shall file certified copies of such decree of incorporation and of such final order with the secretary of state of the state of Missouri, and with the recorder of deeds of the county or counties in which the district is situate and with the clerk of the county commission of the county or counties in which the district is situate.

8. The costs incurred in the formation of the district shall be taxed to the district, if the district be incorporated otherwise against the petitioners.

9. If petitioners seeking formation of a public water supply district specify in their petition that the district to be organized shall be organized without authority to issue general obligation bonds, then the decrees relating to the formation of the district shall recite that the district shall not have authority to issue general obligation bonds and the vote required for such a decree of incorporation to become final and conclusive shall be a simple majority of the voters of the district voting on such proposition.

247.217. CONSOLIDATION, PROCEDURE, PETITION, NOTICE — SUBDISTRICTS, HOW FORMED — ELECTION — DIRECTORS, TERMS, ELIGIBILITY — PROPERTY, HOW HANDLED.

— 1. Any two or more contiguous public water supply districts organized under the provisions of sections 247.010 to 247.220 may be consolidated into a single district by a decree of the circuit court in which the district with the largest acreage was originally incorporated and organized.

2. 5. Should the court find that it would not be to the public interest to dissolve a district, the petition shall be dismissed at the costs of the petitioners. If, however, the court should find in favor of the petitioners, the court shall enter its interlocutory decree of dissolution which decree

The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the election authority to the circuit court having jurisdiction in the case and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If, upon canvass and declaration, it is found and determined that the question shall have been assented to by a majority of [four-sevenths] **two-thirds** of the voters of the district voting on such proposition then the court shall, in such order declaring the result of the election, enter a further order declaring the decree of dissolution to be final and conclusive. In the event, however, that the court should find that the question had not been assented to by the majority required, the court shall enter a further order declaring such decree of dissolution to be void and of no effect. No appeal shall lie from any of the aforesaid orders. In the event that the court declares the decree of dissolution to be final, as provided in this section, the clerk of the circuit court shall file certified copies of such decree of dissolution and of such final order with the secretary of state of the state of Missouri, and with the recorder of deeds of the county or counties in which the district is situate and with the clerk of the county commission of the county or counties in which the district is situate.

The commission shall promulgate rules and regulations for the certification of public water system operators, backflow prevention assembly testers and laboratories conducting tests pursuant to sections 640.100 to 640.140. Any person seeking to be a certified backflow prevention assembly tester shall satisfactorily complete standard, nationally recognized written and performance examinations designed to ensure that the person is competent to determine if the assembly is functioning within its design specifications. Any such state certification shall satisfy any need for local certification as a backflow prevention assembly tester. However, political subdivisions may set additional testing standards for individuals who are seeking to be certified as backflow prevention assembly testers. Notwithstanding any other provision of law to the contrary, agencies of the state or its political subdivisions shall only require carbonated beverage dispensers to conform to the backflow protection requirements established in the National Sanitation Foundation standard eighteen, and the dispensers shall be so listed by an independent testing laboratory. The commission shall promulgate rules and regulations for collection of samples and analysis of water furnished by municipalities, corporations, companies, state establishments, federal establishments or individuals to the public. The department of natural resources or the department of health and senior services shall, at the request of any supplier, make any analyses or tests required pursuant to the terms of section 192.320, RSMo, and sections 640.100 to 640.140. The department shall collect fees to cover the reasonable cost of laboratory services, both within the department of natural resources and the department of health and senior services, laboratory certification and program administration as required by sections 640.100 to 640.140. The laboratory services and program administration fees pursuant to this subsection shall not exceed two hundred dollars for a supplier supplying less than four thousand one hundred service connections, three hundred dollars for supplying less than seven thousand six hundred service connections, five hundred dollars for supplying seven thousand six hundred or more service connections, and five hundred dollars for testing surface water. Such fees shall be deposited in the safe drinking water fund as specified in section 640.110. The analysis of all drinking water required by section 192.320, RSMo, and sections 640.100 to 640.140 shall be made by the department of natural resources laboratories, department of health and senior services laboratories or laboratories certified by the department of natural resources.

4. The department of natural resources shall establish and maintain an inventory of public water supplies and conduct sanitary surveys of public water systems. Such records shall be available for public inspection during regular business hours.

5. (1) For the purpose of complying with federal requirements for maintaining the primacy of state enforcement of the federal Safe Drinking Water Act, the department is hereby directed to request appropriations from the general revenue fund and all other appropriate sources to fund the activities of the public drinking water program and in addition to the fees authorized pursuant to subsection 3 of this section, an annual fee for each customer service connection with a public water system is hereby authorized to be imposed upon all customers of public water systems in this state. The fees collected shall not exceed the amounts specified in this subsection and the commission may set the fees, by rule, in a lower amount by proportionally reducing all fees charged pursuant to this subsection from the specified maximum amounts. Each customer of a public water system shall pay an annual fee for each customer service connection.

(2) The annual fee per customer service connection for unmetered customers and customers with meters not greater than one inch in size, shall be based upon the number of service connections in the water system serving that customer, and shall not exceed:

1 to 1,000 connections	\$2.00
1,001 to 4,000 connections	1.84
4,001 to 7,000 connections	1.67
7,001 to 10,000 connections	1.50
10,001 to 20,000 connections	1.34
20,001 to 35,000 connections	1.17
35,001 to 50,000 connections	1.00
50,001 to 100,000 connections84
More than 100,000 connections66.

(3) The annual user fee for customers having meters greater than one inch but less than or equal to two inches in size shall not exceed five dollars; for customers with meters greater than two inches but less than or equal to four inches in size shall not exceed twenty-five dollars; and for customers with meters greater than four inches in size shall not exceed fifty dollars.

(4) Customers served by multiple connections shall pay an annual user fee based on the above rates for each connection, except that no single facility served by multiple connections shall pay a total of more than five hundred dollars per year.

6. Fees imposed pursuant to subsection 5 of this section shall become effective on August 28, 1992, and shall be collected by the public water system serving the customer. The commission shall promulgate rules and regulations on the procedures for billing, collection and delinquent payment. Fees collected by a public water system pursuant to subsection 5 of this section are state fees. The annual fee shall be enumerated separately from all other charges, and shall be collected in monthly, quarterly or annual increments. Such fees shall be transferred to the director of the department of revenue at frequencies not less than quarterly. Two percent of the revenue arising from the fees shall be retained by the public water system for the purpose of reimbursing its expenses for billing and collection of such fees.

7. Imposition and collection of the fees authorized in subsection 5 of this section shall be suspended on the first day of a calendar quarter if, during the preceding calendar quarter, the federally delegated authority granted to the safe drinking water program within the department of natural resources to administer the Safe Drinking Water Act, 42 U.S.C. 300g-2, is withdrawn. The fee shall not be reinstated until the first day of the calendar quarter following the quarter during which such delegated authority is reinstated.

8. Fees imposed pursuant to subsection 5 of this section shall expire on September 1, [2002] 2007.

640.825. BURDEN OF PROOF IN MATTERS HEARD BY DEPARTMENT, EXCEPTIONS. — In all matters heard by the department of natural resources in chapters 260, 278, 444, 640,

643, and 644, RSMo, the hazardous waste management commission in chapter 260, RSMo, the state soil and water districts commission in chapter 278, RSMo, the land reclamation commission in chapter 444, RSMo, the safe drinking water commission in this chapter, the air conservation commission in chapter 643, RSMo, and the clean water commission in chapter 644, RSMo, the burden of proof shall be upon the department of natural resources or the commission that issued the finding, order, decision or assessment being appealed, except that in matters involving the denial of a permit, license or registration, the burden of proof shall be on the applicant for such permit, license or registration.

643.220. MISSOURI EMISSIONS BANKING AND TRADING PROGRAM ESTABLISHED BY COMMISSION — PROMULGATION OF RULES. — 1. The commission shall promulgate rules establishing a "Missouri Air Emissions Banking and Trading Program" to achieve and maintain the National Ambient Air Quality Standards established by the United States Environmental Protection Agency pursuant to the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended. In promulgating such rules, the commission may consider, but not be limited to, inclusion of provisions concerning the definition and transfer of air emissions reduction credits or allowances between mobile sources, area sources and stationary sources, the role of offsets in emissions trading, interstate and regional emissions trading and the mechanisms necessary to facilitate emissions trading and banking, including consideration of the authority of other contiguous states.

2. The program shall:

(1) Not include any provisions prohibited by federal law;

(2) Be applicable to criteria pollutants and their precursors as defined by the federal Clean Air Act, as amended;

(3) Not allow banked or traded emissions credits to be used to meet federal Clean Air Act requirements for hazardous air pollutant standards pursuant to Section 112 of the federal Clean Air Act;

(4) Allow the banking and trading of criteria pollutants that are also hazardous air pollutants, as defined in Section 112 of the federal Clean Air Act, to the extent that verifiable emissions reductions achieved are in excess of those required to meet hazardous air pollutant emissions standards promulgated pursuant to Section 112 of the federal Clean Air Act;

(5) Authorize the direct trading of air emission reduction credits or allowances between nongovernmental parties, subject to the approval of the department;

(6) Allow net air emission reductions from federally approved permit conditions to be transferred to other sources for use as offsets required by the federal Clean Air Act in nonattainment areas to allow construction of new emission sources; and

(7) Not allow banking of air emission reductions unless they are in excess of reductions required by state or federal regulations or implementation plans.

3. The department shall verify, certify or otherwise approve the amount of an air emissions reduction credit before such credit is banked. Banked credits may be used, traded, sold or otherwise expended within the same nonattainment area, maintenance area or air quality modeling domain in which the air emissions reduction occurred, provided that there will be no resulting adverse impact of air quality.

4. To be creditable for deposit in the Missouri air emissions bank, a reduction in air emissions shall be permanent, quantifiable and federally approved.

5. To be tradeable between air emission sources, air emission reduction credits shall be based on air emission reductions that occur after August 28, 2001, **or shall be credits that exist in the current air emissions bank.**

6. In nonattainment areas, the bank of criteria pollutants and their precursors shall be reduced by three percent annually for as long as the area is classified as a nonattainment area.

644.036. PUBLIC HEARINGS — RULES AND REGULATIONS, HOW PROMULGATED —

LISTINGS UNDER CLEAN WATER ACT, REQUIREMENTS. — 1. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held after thirty days' prior notice by advertisement of the date, time and place of the hearing and opportunity given to the public to be heard. Notice of the hearings and copies of the proposed standard, rule or regulation or any amendment or repeal thereof shall also be given by regular mail, at least thirty days prior to the scheduled date of the hearing, to any person who has registered with the director for the purpose of receiving notice of such public hearings in accordance with the procedures prescribed by the commission at least forty-five days prior to the scheduled date of the hearing. However, this provision shall not preclude necessary changes during this thirty-day period.

2. At the hearing, opportunity to be heard by the commission with respect to the subject thereof shall be afforded any interested person upon written request to the commission, addressed to the director, not later than seven days prior to the hearing, and may be afforded to other persons if convenient. In addition, any interested persons, whether or not heard, may submit, within seven days subsequent to the hearings, a written statement of their views. The commission may solicit the views, in writing, of persons who may be affected by, or interested in, proposed rules and regulations, or standards. Any person heard or represented at the hearing or making written request for notice shall be given written notice of the action of the commission with respect to the subject thereof.

3. Any standard, rule or regulation or amendment or repeal thereof shall not be deemed adopted or in force and effect until it has been approved in writing by at least four members of the commission. A standard, rule or regulation or an amendment or repeal thereof shall not become effective until a certified copy thereof has been filed with the secretary of state as provided in chapter 536, RSMo.

4. Unless prohibited by any federal water pollution control act, any standard, rule or regulation or any amendment or repeal thereof which is adopted by the commission may differ in its terms and provisions as between particular types and conditions of water quality standards or of water contaminants, as between particular classes of water contaminant sources, and as between particular waters of the state.

5. Any listing required by Section 303(d) of the federal Clean Water Act, as amended, 33 U.S.C. 1251 et seq., to be sent to the U.S. Environmental Protection Agency for their approval that will result in any waters of this state being classified as impaired shall be adopted by rule pursuant to chapter 536, RSMo. Total maximum daily loads shall not be required for any listed waters that subsequently are determined to meet water quality standards.

644.051. PROHIBITED ACTS — PERMITS REQUIRED, WHEN, FEE — BOND REQUIRED OF PERMIT HOLDERS, WHEN — PERMIT APPLICATION PROCEDURES — RULEMAKING — LIMITATION ON USE OF PERMIT FEE MONEYS. — 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to build, erect, alter, replace, operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds a permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. Every proposed water contaminant or point source which, when constructed or installed or established, will be subject to any federal water pollution control act or sections 644.006 to 644.141 or regulations promulgated pursuant to the provisions of such act shall make application to the director for a permit at least thirty days prior to the initiation of construction or installation or establishment. Every water contaminant or point source in existence when regulations or

sections 644.006 to 644.141 become effective shall make application to the director for a permit within sixty days after the regulations or sections 644.006 to 644.141 become effective, whichever shall be earlier. The director shall promptly investigate each application, which investigation shall include such hearings and notice, and consideration of such comments and recommendations as required by sections 644.006 to 644.141 and any federal water pollution control act. If the director determines that the source meets or will meet the requirements of sections 644.006 to 644.141 and the regulations promulgated pursuant thereto, the director shall issue a permit with such conditions as he or she deems necessary to ensure that the source will meet the requirements of sections 644.006 to 644.141 and any federal water pollution control act as it applies to sources in this state. If the director determines that the source does not meet or will not meet the requirements of either act and the regulations pursuant thereto, the director shall deny the permit pursuant to the applicable act and issue any notices required by sections 644.006 to 644.141 and any federal water pollution control act.

4. Before issuing a permit to build or enlarge a water contaminant or point source or reissuing any permit, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule. **Prior to the development or renewal of a general permit or permit by rule, for aquaculture, the director shall convene a meeting or meetings of permit holders and applicants to evaluate the impacts of permits and to discuss any terms and conditions that may be necessary to protect waters of the state. Following the discussions, the director shall finalize a draft permit that considers the comments of the meeting participants and post the draft permit on notice for public comment. The director shall concurrently post with the draft permit an explanation of the draft permit and shall identify types of facilities which are subject to the permit conditions. Affected public or applicants for new general permits, renewed general permits or permits by rule may request a hearing with respect to the new requirements in accordance with this section. If a request for a hearing is received, the commission shall hold a hearing to receive comments on issues of significant technical merit and concerns related to the responsibilities of the Missouri clean water law. The commission shall conduct such hearings in accordance with this section. After consideration of such comments, a final action on the permit shall be rendered. The time between the date of the hearing request and the hearing itself shall not be counted as time elapsed pursuant to subdivision (1) of subsection 13 of this section.**

5. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from

the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. The commission shall set the matter for hearing not less than thirty days after the notice of appeal is filed. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section the burden of proof is on the applicant for a permit. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. Unless a site-specific permit is requested by the applicant, aquaculture facilities shall be governed by a general permit issued pursuant to this section with a fee not to exceed two hundred fifty dollars pursuant to subdivision (5) of subsection 6 of section 644.052. However, any aquaculture facility which materially violates the conditions and requirements of such permit may be required to obtain a site-specific permit.

[9.] 10. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of an operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit.

[10.] 11. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

[11.] 12. The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

[12.] 13. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the requested permits within sixty days of the department's receipt of an application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065, RSMo.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087, RSMo. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

[13.] 14. The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

[14.] 15. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

644.052. PERMIT TYPES, FEES, AMOUNTS — REQUESTS FOR PERMIT MODIFICATIONS — REQUESTS FOR FEDERAL CLEAN WATER CERTIFICATIONS. —

1. Persons with operating permits or permits by rule issued pursuant to this chapter shall pay fees pursuant to subsections 2 to 8 and 12 to 13 of this section. Persons with a sewer service connection to public sewer systems owned or operated by a city, public sewer district, public water district or other publicly owned treatment works shall pay a permit fee pursuant to subsections 10 and 11 of this section.

2. A privately owned treatment works or an industry which treats only human sewage shall annually pay a fee based upon the design flow of the facility as follows:

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

Authorizes Buchanan County to seek a grant from the Contiguous Property Redevelopment Fund.

AN ACT to repeal section 447.721, RSMo, and to enact in lieu thereof two new sections relating to property development.

SECTION

A. Enacting clause.

253.395. Historic preservation revolving fund authorized — definitions — use of fund.

447.721. Contiguous property redevelopment fund created — grants issued to certain counties by department, criteria — rulemaking authority — expiration date.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 447.721, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 253.395 and 447.721, to read as follows:

253.395. HISTORIC PRESERVATION REVOLVING FUND AUTHORIZED — DEFINITIONS — USE OF FUND. — 1. As used in this section, the following terms mean:

(1) "Historic properties" or "property", any building, structure, district, area, or site within a municipality's boundaries that is significant in the history, architecture, archaeology, or culture of this state, its communities, or this country, which is eligible for nomination to the National Register of Historic Places;

(2) "Municipality", any town, city, or village that has by ordinance established a historic preservation revolving fund as authorized by this section.

2. Any town, city, or village in the state of Missouri may by ordinance establish a fund for the purpose of protecting and preserving historic properties, such fund to be known as the "Historic Preservation Revolving Fund". All expenses incurred in the acquisition of and all revenues received from the disposition of property as provided in subsections 3 and 4 of this section shall be paid for out of and deposited in the historic preservation revolving fund. Any moneys appropriated and any other moneys made available by gift, grant, bequest, contribution, or otherwise to carry out the purpose of this section, and all interest earned on, and income generated from, moneys in the fund shall be paid to, and deposited in, the historic preservation revolving fund.

3. From the moneys in the historic preservation revolving fund, such municipality may acquire, preserve, restore, hold, maintain, or operate any historic properties, together with such adjacent or associated lands within the municipality's boundaries as may be necessary for their protection, preservation, maintenance, or operation. Any interest in property acquired using the moneys in the historic preservation revolving fund shall be limited to that estate, agency, interest, or term deemed by such municipality to be reasonably necessary for the continued protection or preservation of the property. The moneys in this fund may be used to acquire the fee simple title, but where such municipality finds that a lesser interest, including any development right, negative or affirmative easement in gross or appurtenant covenant, lease or other contractual right of or to any real property to be the most practical and economical method of protecting and preserving historical property, the lesser interest may be acquired. Property may be acquired by gift, grant, bequest, devise, lease, purchase, or otherwise, but not by condemnation.

4. Such municipality may acquire or, in the case of property on which moneys from this fund have been expended, dispose of the fee or lesser interest to any historic property, including adjacent and associated lands, for the specific purpose of conveying or leasing the property back to its original owner or to any such other person, firm, association, corporation, or other organization under such covenants, deed restrictions, lease, or other contractual arrangements as will limit the future use of the property in such a way as to insure its preservation. In all cases where property on which money from this fund has been expended is conveyed or leased, it shall be subjected by covenant or otherwise to such rights of access, public visitation, and other conditions as may be agreed upon between the municipality and the grantee or lessee to operate, maintain, restore, or repair such property. Any conveyance or lease shall contain a reversion clause providing that, in the event the historic property is not operated, maintained, restored, and repaired in accordance with the provisions of this section or in such a way as to insure its preservation, title, and control of such property shall immediately revert to and vest in the municipality.

447.721. CONTIGUOUS PROPERTY REDEVELOPMENT FUND CREATED — GRANTS ISSUED TO CERTAIN COUNTIES BY DEPARTMENT, CRITERIA — RULEMAKING AUTHORITY — EXPIRATION DATE. — 1. There is hereby created in the state treasury the "Contiguous Property Redevelopment Fund", which shall consist of all moneys appropriated to the fund, all moneys required by law to be deposited in the fund, and all gifts, bequests or donations of any kind to the fund. The fund shall be administered by the department of economic development. Subject to appropriation, the fund shall be used solely for the administration of and the purposes described in this section. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the fund shall not be transferred to the general revenue fund at the end of the biennium; provided, however, that all moneys in the fund on August 28, 2006, shall be transferred to the general revenue fund and the fund shall be abolished as of that date. All interest and moneys earned on investments from moneys in the fund shall be credited to the fund.

2. The governing body of any city not within a county, any county of the first classification without a charter form of government and a population of more than two hundred seven thousand but less than three hundred thousand, any county of the first classification with a population of more than nine hundred thousand, **any county of the first classification without a charter form of government and with a population of more than eighty-five thousand nine hundred but less than eighty-six thousand**, any city with a population of more than three hundred fifty thousand that is located in more than one county or any county of the first classification with a charter form of government and a population of more than six hundred thousand but less than nine hundred thousand may apply to the department of economic development for a grant from the contiguous property redevelopment fund. The department of

economic development may promulgate the form for such applications in a manner consistent with this section. Grants from the fund may be made to the governing body to assist the body both acquiring multiple contiguous properties within such city and engaging in the initial redeveloping of such properties for future use as private enterprise. For purposes of this section, "initial redeveloping" shall include all allowable costs, as that term is defined in section 447.700, and any other costs involving the improvement of the property to a state in which its redevelopment will be more economically feasible than such property would have been if such improvements had not been made.

3. In awarding grants pursuant to this section, the department shall give preference to those projects which propose the assembly of a greater number of acreage than other projects and to those projects which show that private interest exists for usage of the property once any redevelopment aided by grants pursuant to this section is completed.

4. The department of economic development may promulgate rules for the enforcement of this section. [No rule or portion of a rule promulgated pursuant to this section shall take effect unless it has been promulgated pursuant to chapter 536, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

5. The provisions of this section shall expire on August 28, 2006.

(1) [An insurance company may purchase put options or sell call options with regard to underlying securities owned by the insurance company, underlying securities which the insurance company may reasonably expect to obtain through exercise of warrants or conversion rights

owned by the insurance company at the time the put option is purchased or the call option is sold, or to reduce the economic risk associated with an insurance company asset or liability, group of such assets or liabilities, or assets, liabilities or groups of assets or liabilities reasonably expected to be acquired or incurred by the insurance company in the normal course of business. Such assets or liabilities must be subject to an economic risk, such as changing interest rates or prices.

(6) The premiums paid for all option contracts purchased, less the premiums received for all option contracts sold, plus amounts calculated pursuant to subdivision (3) of subsection 3 of this section, shall not at any one time exceed in the aggregate five percent of the insurance company's admitted assets.

(3) For all purchased or sold financial futures contracts together, plus amounts calculated pursuant to subdivision (6) of subsection 2 of this section, an insurance company shall not invest at any one time an aggregate amount of more than five percent of its admitted assets. For the purposes of transactions in financial futures contracts, such admitted assets limitation shall be calculated by taking the net asset value of the property used to margin the financial futures contract positions, plus option premiums paid on financial futures contracts, less option premiums received on financial futures contracts.

4.] In general:

(a) An insurance company may use derivative instruments pursuant to this chapter to engage in hedging transactions and certain income generation transactions;

(b) Upon request, an insurance company shall demonstrate to the director, the intended hedging characteristics and the ongoing effectiveness of the derivative transaction or combination of the transactions through cash flow testing or other appropriate analyses;

(3) An insurance company may enter into hedging transactions if as a result of and after giving effect to the transaction:

(b) The aggregate statement value of options, caps and floors written in hedging transactions then engaged in by the insurer does not exceed three percent of its admitted assets; and

(c) The aggregate potential exposure of collars, swaps, forwards and futures used in hedging transactions then engaged in by the insurer does not exceed six and one-half percent of its admitted assets;

(4) An insurance company may only enter into the following types of income generation transactions if as a result of and after giving effect to an income generation transaction, the aggregate statement value of the fixed income assets that are subject to call or that generate the cash flows for payments under the caps or floors, plus the face value of fixed income securities underlying a derivative instrument subject to call, plus the amount of the purchase obligations under the puts, shall not exceed ten percent of its admitted assets:

(c) Sales of covered puts on investments that the insurance company is permitted to acquire under the applicable insurance laws of the state, if the insurance company has escrowed or entered into a custodian agreement segregating cash or cash equivalents with a market value equal to the amount of its purchase obligations under the put during the complete term of the put option sold; or

(d) Sales of covered caps or floors if the insurance company holds in its portfolio the investments generating the cash flow to make the required payments under the caps or floors during the complete term that the cap or floor is outstanding;

(5) An insurance company may use derivative instruments for replication transactions only after the director promulgates reasonable rules that set forth methods of disclosure, reserving for risk-based capital, and determining the asset valuation reserve for these instruments. Any asset being replicated is subject to all the provisions and limitations on the making thereof specified in chapters 375, 376, and 379, RSMo, with respect to investments by the insurer as if the transaction constituted a direct investment by the insurer in the replicated asset;

(6) An insurance company shall include all counterparty exposure amounts in determining compliance with this state's single-entity investment limitations;

(7) The director may approve, by rule or order, additional transaction conditions involving the use of derivative instruments for other risk management purposes.

3. Written investment policies and recordkeeping procedures shall be approved by the board of directors of the insurance company or by a committee authorized by such board before the insurance company may engage in the practices and activities authorized by this section. These policies and procedures must be specific enough to define and control permissible and suitable investment strategies with regard to [put options, call options, and financial futures contracts] **derivative transactions** with a view toward the protection of the policyholders. The minutes of any such committee shall be recorded and regular reports of such committee shall be submitted to the board of directors.

376.671. PROVISIONS WHICH SHALL BE CONTAINED IN ANNUITY CONTRACTS. — 1. This section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this state through an agent or other representative of the company issuing the contract.

2. In the case of contracts issued on or after the operative date of this section as defined in subsection 11, no contract of annuity, except as stated in subsection 1, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the director are at least as favorable to the contractholder, upon cessation of payment of considerations under the contract:

(1) That upon cessation of payment of considerations under a contract, the company will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections 4, 5, 6, 7, and 9;

(2) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections 4, 5, 7, and 9. The company shall reserve the right to defer the payment of such cash surrender benefit for a period of six months after demand therefor with surrender of the contract;

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits;

(4) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars monthly, the company may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

3. The minimum values as specified in subsections 4, 5, 6, 7, and 9 of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payment shall be equal to an accumulation up to such time at a rate of interest of three percent per annum of percentages of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of

(a) Any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three percent per annum; and

(b) The amount of any indebtedness to the company on the contract, including interest due and accrued and increased by any existing additional amounts credited by the company to the contract. The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of thirty dollars and less a collection charge of one dollar and twenty-five cents per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent of the net consideration for the first contract year and eighty-seven and one-half percent of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent;

(2) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two exceptions:

(a) The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent of the net consideration for the first contract year plus twenty-two and one-half percent of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years;

(b) The annual contract charge shall be the lesser of thirty dollars or ten percent of the gross annual consideration;

(3) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage

of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent, and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars;

(4) Notwithstanding any other provision of this subsection, for any contract issued on or after July 1, 2002, and before July 1, 2004, the interest rate at which net considerations, prior withdrawals, and partial surrenders shall be accumulated for the purpose of determining minimum nonforfeiture amounts shall be one and one-half percent per annum.

4. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

5. For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

6. For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

7. For the purpose of determining the benefits calculated under subsections 5 and 6, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity date, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

8. Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

9. Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations

beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

10. For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections 4, 5, 6, 7, and 9, additional benefits payable in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits, or as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

11. After September 28, 1979, any company may file with the director a written notice of its election to comply with the provisions of this section after a specified date before September 28, 1981. After the filing of such notice, then upon such specified date, which shall be the operative date of this section for such company, this section shall become operative with respect to annuity contracts thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be September 28, 1981.

Prior to advertising, marketing or offering such policy within this state, the association or associations, or the insurer of the association or associations, shall file evidence with the director that the association or associations have at the outset a minimum of one hundred persons and have been organized and maintained in good faith for purposes other than that of obtaining insurance; have been in active existence for at least one year; and have a constitution and bylaws which provide that:

Qualified long-term care insurance contract also includes an individual or group insurance contract that meets the requirements of Section 7702B(b) of the Internal Revenue Code of 1986, as amended, as follows:

(a) The only insurance protection provided under the contract is coverage of qualified long-term care services. A contract shall not fail to satisfy the requirements of this paragraph by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which payments relate;

(b) The contract does not pay or reimburse expenses incurred for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act, as amended, or would be so reimbursable but for the application of a deductible or coinsurance amount. The requirements of this paragraph do not apply to expenses that are reimbursable under Title XVIII of the Social Security Act only as a secondary payor. A contract shall not fail to satisfy the requirements of this paragraph by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate;

376.952. LAWS APPLICABLE, MEDICARE SUPPLEMENT LAWS NOT APPLICABLE — PURPOSE — POLICIES OR RIDERS MUST BE IN COMPLIANCE. — 1. The provisions of sections 376.951 to 376.958 and sections 376.1121 to 376.1130 shall apply to policies delivered or issued for delivery in this state on or after August 28, [1990] 2002. Sections 376.951 to 376.958 and sections 376.1121 to 376.1130 are not intended to supersede the obligations of entities subject to the provisions of sections 376.951 to 376.958 and sections 376.1121 to 376.1130 to comply with the substance of other applicable insurance laws insofar as they do not conflict with the provisions of sections 376.951 to 376.958 and sections 376.1121 to 376.1130, except that laws and regulations designed and intended to apply to medicare supplement insurance policies shall not be applied to long-term care insurance.

2. The purposes of the provisions of sections 376.951 to 376.958 and sections 376.1121 to 376.1130 are to promote the public interest, to promote the availability of long-term care insurance policies, to protect applicants for long-term care insurance, as defined, from unfair or deceptive sales or enrollment practices, to establish standards for long-term care insurance, to facilitate public understanding and comparison of long-term care insurance policies, and to facilitate flexibility and innovation in the development of long-term care insurance coverage.

3. Any policy or rider advertised, marketed or offered as long-term care or nursing home insurance shall comply with the provisions of sections 376.951 to 376.958 and sections 376.1121 to 376.1130.

376.955. POLICIES, CONTENT REQUIREMENTS, PROVISIONS PROHIBITED — RULES AUTHORIZED. — 1. The director may adopt regulations that include standards for full and fair disclosure setting forth the manner, content and required disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions

and definitions of terms. Regulations adopted pursuant to sections 376.951 to 376.958 **and sections 376.1121 to 376.1130** shall be in accordance with the provisions of chapter 536, RSMo.

2. No long-term care insurance policy may:

(1) Be canceled, nonrenewed or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or

(2) Contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or

(3) Provide coverage for skilled nursing care only or provide significantly more coverage for skilled care in a facility than for lower levels of care.

3. No long-term care insurance policy or certificate other than a policy or certificate thereunder issued to a group as defined in paragraph (a) of subdivision (4) of subsection 2 of section 376.951:

(1) Shall use a definition of preexisting condition which is more restrictive than the following: "Preexisting condition" means a condition for which medical advice or treatment was recommended by, or received from, a provider of health care services, within six months preceding the effective date of coverage of an insured person;

(2) May exclude coverage for a loss or confinement which is the result of a preexisting condition unless such loss or confinement begins within six months following the effective date of coverage of an insured person.

4. The director may extend the limitation periods set forth in subdivisions (1) and (2) of subsection 3 of this section as to specific age group categories in specific policy forms upon findings that the extension is in the best interest of the public.

5. The definition of preexisting condition provided in subsection 3 of this section does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in subdivision (2) of subsection 3 of this section expires. No long-term care insurance policy or certificate may exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in subdivision (2) of subsection 3 of this section.

6. No long-term care insurance policy may be delivered or issued for delivery in this state if such policy:

(1) Conditions eligibility for any benefits on a prior hospitalization requirement; or

(2) Conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care; or

(3) Conditions eligibility for any benefits [on a prior institutionalization requirement, except in the case of] **other than** waiver of premium, post-confinement, post-acute care or recuperative benefits **on a prior institutionalization requirement**.

7. A long-term care insurance policy containing post-confinement, post-acute care or recuperative benefits shall clearly label in a separate paragraph of the policy or certificate entitled "Limitations or Conditions on Eligibility for Benefits" such limitations or conditions, including any required number of days of confinement.

8. A long-term care insurance policy or rider which conditions eligibility of noninstitutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty days.

9. No long-term care insurance policy or rider which provides benefits only following institutionalization shall condition such benefits upon admission to a facility for the same or related conditions within a period of less than thirty days after discharge from the institution.

10. The director may adopt regulations establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the regulation.

11. Long-term care insurance applicants shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Long-term care insurance policies and certificates shall have a notice prominently printed on the first page or attached thereto stating in substance that the applicant shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in paragraph (a) of subdivision (4) of subsection 2 of section 376.951, the applicant is not satisfied for any reason. **This subsection shall also apply to denials of applications and any refund must be made within thirty days of the return of denial.**

376.957. COVERAGE OUTLINE TO BE DELIVERED TO APPLICANTS, WHEN, CONTENT. —

1. An outline of coverage shall be delivered to a prospective applicant for long-term care insurance at the time of initial solicitation through means which prominently direct the attention of the recipient to the document and its purpose. The director shall prescribe a standard format, including style, arrangement and overall appearance, and the content of an outline of coverage. In the case of agent solicitations, an agent shall deliver the outline of coverage prior to the presentation of an [applicant] **application** or enrollment form. In the case of direct response solicitations, the outline of coverage shall be presented in conjunction with any application or enrollment form. **In the case of a policy issued to a group defined in section 376.951, an outline of coverage shall not be required to be delivered; provided that the information described in subdivisions (1) to (6) of subsection 2 of this section is contained in other materials relating to enrollment. Upon request, such other materials shall be made available to the director.**

2. The outline of coverage shall include:

- (1) A description of the principal benefits and coverage provided in the policy;
- (2) A statement of the principal exclusions, reductions, and limitations contained in the policy;
- (3) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change the premium. Continuation or conversion provisions of group coverage shall be specifically described;
- (4) A statement that the outline of coverage is a summary only, not a contract of insurance, and that the policy or group master policy contains governing contractual provisions;
- (5) A description of the terms under which the policy or certificate may be returned and premium refunded; [and]
- (6) A brief description of the relationship of cost of care and benefits; **and**
- (7) **A statement that discloses to the policyholder or certificate holder whether the policy is intended to be a federally tax-qualified long-term care insurance contract under Section 7702B(b) of the Internal Revenue Code of 1986, as amended.**

3. A certificate issued pursuant to a group long-term care insurance policy which policy is delivered or issued for delivery in this state shall include:

- (1) A description of the principal benefits and coverage provided in the policy;
- (2) A statement of the principal exclusions, reductions and limitations contained in the policy; and

(3) A statement that the group master policy determines governing contractual provisions.

4. **If an application for a long-term care insurance contract or certificate is approved, the issuer shall deliver the contract or certificate of insurance to the applicant no later than thirty days after the date of approval.**

5. At the time of policy delivery, a policy summary shall be delivered for an individual life insurance policy which provides long-term care benefits within the policy or by rider. In the case of direct response solicitations, the insurer shall deliver the policy summary upon the applicant's request, but regardless of request shall make such delivery no later than at the time of policy delivery. In addition to complying with all applicable requirements, the summary shall also include:

- (1) An explanation of how the long-term care benefit interacts with other components of the policy, including deductions from death benefits;
- (2) An illustration of the amount of benefits, the length of benefit, and the guaranteed lifetime benefits, if any, for each covered person;
- (3) Any exclusions, reductions and limitations on benefits of long-term care; [and]
- (4) **A statement that any long-term care inflation protection option may be required by the laws of this state is not available under the policy; and**
- (5) If applicable to the policy type, the summary shall also include:
 - (a) A disclosure of the effects of exercising other rights under the policy;
 - (b) A disclosure of guarantees related to long-term care costs of insurance charges [or notice that such guarantees are included in the policy or rider; and];
 - (c) Current and projected maximum lifetime benefits; and
 - (d) **The provisions of the policy summary listed in paragraphs (a) to (c) of this subdivision may be incorporated into a basic illustration required to be delivered in accordance with sections 375.1509, RSMo, or into the life insurance policy summary required to be delivered in accordance with section 376.706.**

376.1121. DENIAL OF CLAIM, LONG-TERM CARE INSURANCE, DUTIES OF ISSUER. — If a claim under a long-term care insurance contract is denied, the issuer shall within sixty days of the date of a written request by the policyholder or certificate holder or a representative thereof:

- (1) **Provide a written explanation of the reasons for the denial; and**
- (2) **Make available all information directly related to the denial.**

376.1124. RESCINDING OF A LONG-TERM CARE POLICY, PERMITTED WHEN — GROUNDS FOR CONTESTING — NO FIELD ISSUANCE, WHEN. — 1. For a policy or certificate that has been in force less than six months, an insurer may rescind a long-term care insurance policy or certificate, or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is material to the acceptance for coverage.

2. For a policy or certificate that has been in force for at least six months but less than two years, an insurer may rescind a long-term care insurance policy or certificate, or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is both material to the acceptance of coverage and which pertains to the conditions for which benefits are sought.

3. After a policy or certificate has been in force for two years, such policy or certificate is not contestable upon the grounds of misrepresentation alone. Such policy or certificate may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.

4. No long-term care insurance policy or certificate shall be field issued based on medical or health status. For purposes of this subsection, "field issued" means a policy or certificate issued by an agent or third-party administrator pursuant to the underwriting authority granted to the agent or third-party administrator by an insurer.

5. If an insurer has paid benefits under the long-term care insurance policy or certificate, the benefit payments shall not be recovered by the insurer if such policy or certificate is rescinded.

6. In the event of death of the insured, this section shall not apply to the remaining death benefit of a life insurance policy that accelerates benefits for long-term care. In this situation, the remaining death benefits under such policies shall be governed by the contestability provisions otherwise applicable in the policy to life insurance benefits. In all other situations, this section shall apply to life insurance policies that accelerate benefits for long-term care.

376.1127. NONFORFEITURE BENEFIT OPTION REQUIRED FOR LONG-TERM CARE INSURANCE POLICIES, REQUIREMENTS OF OFFER—RULEMAKING AUTHORITY.— 1. Except as provided in subsection 2 of this section, a long-term care insurance policy shall not be delivered or issued for delivery in this state unless the policyholder or certificate holder has been offered the option of purchasing a policy or certificate including a nonforfeiture benefit. The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the policy. If a policyholder or certificate holder declines the nonforfeiture benefit, the insurer shall provide a contingent benefit upon lapse that will be available for a specified period of time following a substantial increase in premium rates.

2. When a group long-term care insurance policy is issued, the offer required in subsection 1 of this section shall be made to the group policyholder; except that, if the policy is issued as a group long-term care insurance, as defined in section 376.951, other than to a continuing care retirement community or other similar entity, the offering shall be made to each proposed certificate holder.

3. The director shall promulgate rules specifying the type or types of nonforfeiture benefits to be offered as part of long-term care insurance policies and certificates, the standards for nonforfeiture benefits, and the rules regarding contingent benefit upon lapse, including a determination of the specified period of time during which a contingent benefit upon lapse will be available and the substantial premium rate increase that triggers a contingent benefit upon lapse as described in subsection 1 of this section.

376.1130. RULEMAKING AUTHORITY.— 1. The director shall promulgate reasonable rules to promote premium adequacy and to provide alternatives for the policyholder in the event of substantial rate increases, and to establish minimum standards for marketing practices, agent testing, penalties, and reporting practices for long-term care insurance.

2. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in section 376.1121 to 376.1130 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

379.080. CAPITAL AND SURPLUS OF STOCK OR MUTUAL COMPANY, INVESTMENTS AUTHORIZED—VIOLATION, PENALTY.— 1. (1) The amount of the minimum capital required of a stock company to write the lines of business it proposes to transact or is transacting, or if the company is a mutual company an amount equal to the minimum capital required of a stock company transacting the same classes of business, shall be held in cash or invested in:

- (a) Treasury notes or bonds of the United States;

 - (e) Bonds of any other state, or of any political subdivision of any other state;
 - (f) Mortgages or deeds of trust on unencumbered real estate in this or any other state worth not less than twenty percent in excess of the amount loaned thereon;
 - (g) If a company is authorized to do business in a foreign country or a possession of the United States or has outstanding insurance or reinsurance contracts on risks located in a foreign country or United States' possession, the company may invest the remainder of its capital and other assets in securities, cash or other investments payable in the currency of the foreign country or possession that are of substantially the same kinds and classes as those eligible for investments under this subsection, provided that such investments are made with the approval of the director. The aggregate amount of the foreign investments and cash shall not exceed the greater of one and one-half times the amount of the company's reserves and other obligations under the contracts or the amount that the company is required by law to invest in the foreign country or possession, and the aggregate amount of foreign investments and cash shall not exceed five percent of the company's admitted assets. All foreign investments shall be reported to the director from time to time as he directs;
 - (h) Loans evidenced by bonds, notes or other evidences of indebtedness guaranteed or insured, but only to the extent guaranteed or insured by the United States, any state, territory or possession of the United States, the District of Columbia, or by any agency, administration, authority or instrumentality of any of the political units enumerated;

 - (n) Any investments in an investment pool meeting the requirements of section 379.083 and any other provision of law relating to investments made by individual property and casualty companies; [and]
 - (o) Any other investments expressly authorized in writing by the director of the department of insurance; **and**
 - (p) **Any investment in a Missouri tax credit certificate or partnership interest which entitles the company to receive Missouri tax credits that may be used as a credit against the gross premium tax.**
2. Violation of any of the provisions of this section by an insurer is grounds for the suspension or revocation of its certificate of authority by the director.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 260.270, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 260.270 and 1, to read as follows:

260.270. WASTE TIRES, PROHIBITED ACTIVITIES — PENALTIES — SITE OWNERS, NO NEW WASTE TIRE SITES PERMITTED, WHEN, EXCEPTION — REGISTRATION REQUIRED, DUTY TO INFORM DEPARTMENT, CONTENTS — RULES AND REGULATIONS — PERMIT FEES — DUTIES OF DEPARTMENT — INVENTORY OF PROCESSED WASTE TIRES NOT TO EXCEED LIMITATION — AUTO DISMANTLER, LIMITED STORAGE OF TIRES ALLOWED — RECOVERED RUBBER, USE BY TRANSPORTATION DEPARTMENT, HOW. — 1. (1) It shall be unlawful for any person to haul for commercial profit, collect, process, or dispose of waste tires in the state except as provided in this section. This section shall not be construed to prohibit [used or] waste tires from being hauled to a lawfully operated facility in another state. Waste tires shall be collected at a waste tire site, waste tire processing facility, waste tire end-user facility, or a waste tire collection center. A violation of this subdivision shall be a class C misdemeanor for the first violation. A second and each subsequent violation shall be a class A misdemeanor. A third and each subsequent violation, in addition to other penalties authorized by law, may be punishable by a fine not to exceed five thousand dollars and restitution may be ordered by the court.

(2) A person shall not maintain a waste tire site unless the site is permitted by the department of natural resources for the proper and temporary storage of waste tires or the site is an integral part of the person's permitted waste tire processing facility or registered waste tire end-user facility. No new waste tire sites shall be permitted by the department after August 28, 1997, unless they are located at permitted waste tire processing facilities or registered waste tire end-user facilities. A person who maintained a waste tire site on or before August 28, 1997, shall not accept any quantity of additional waste tires at such site after August 28, 1997, unless the site is an integral part of the person's waste tire processing or end-user facility, or unless the person who maintains such site can verify that a quantity of waste tires at least equal to the number of additional waste tires received was shipped to a waste tire processing or end-user facility within thirty days after receipt of such additional waste tires.

(3) A person shall not operate a waste tire processing facility unless the facility is permitted by the department. A person shall not maintain a waste tire end-user facility unless the facility is registered by the department. The inventory of unprocessed waste tires on the premises of a waste tire processing or end-user facility shall not exceed the estimated inventory that can be processed or used in six months of normal and continuous operation. This estimate shall be based on the volume of tires processed or used by the facility in the last year or the

manufacturer's estimated capacity of the processing or end-user equipment. This estimate may be increased from time to time when new equipment is obtained by the owner of the facility, and shall be reduced if equipment used previously is removed from active use. The inventory of processed waste tires on the premises of a waste tire processing or end-user facility shall not exceed two times the permitted inventory of an equivalent volume of unprocessed waste tires.

(4) Any person selling new, used, or remanufactured tires at retail shall accept, at the point of transfer, in a quantity equal to the number of tires sold, [used or] waste tires from customers, if offered by such customers. Any person accepting [used or] waste tires may charge a reasonable fee reflecting the cost of proper management of any waste tires accepted; except that the fee shall not exceed two dollars per waste tire for any tire designed for a wheel of a diameter of sixteen inches or less and which tire is required to be accepted on a one-for-one basis at the time of a retail sale pursuant to this subdivision. All tire retailers or other businesses that generate waste tires shall use a waste tire hauler permitted by the department, except that businesses that generate or accept waste tires in the normal course of business may haul such waste tires without a permit, if such hauling is performed without any consideration and such business maintains records on the waste tires hauled as required by sections 260.270 to 260.276. Retailers shall not be liable for illegal disposal of waste tires after such waste tires are delivered to a waste tire hauler, waste tire collection center, waste tire site, waste tire processing facility or waste tire end-user facility if such entity is permitted by the department of natural resources.

(5) It shall be unlawful for any person to transport waste tires for consideration within the state without a permit.

(6) Waste tires may not be deposited in a landfill unless the tires have been cut, chipped or shredded.

2. Within six months after August 28, 1990, owners and operators of any waste tire site shall provide the department of natural resources with information concerning the site's location, size, and approximate number of waste tires that have been accumulated at the site and shall initiate steps to comply with sections 260.270 to 260.276.

3. The department of natural resources shall promulgate rules and regulations pertaining to collection, storage and processing and transportation of waste tires and such rules and regulations shall include:

(1) Methods of collection, storage and processing of waste tires. Such methods shall consider the general location of waste tires being stored with regard to property boundaries and buildings, pest control, accessibility by fire-fighting equipment, and other considerations as they relate to public health and safety;

(2) Procedures for permit application and permit fees for waste tire sites and commercial waste tire haulers, and by January 1, 1996, procedures for permitting of waste tire processing facilities and registration of waste tire end-user facilities. The only purpose of such registration shall be to provide information for the documentation of waste tire handling as described in subdivision (5) of this subsection, and registration shall not impose any additional requirements on the owner of a waste tire end-user facility;

(3) Requirements for performance bonds or other forms of financial assurance for waste tire sites;

(4) Exemptions from the requirements of sections 260.270 to 260.276; and

(5) By January 1, 1996, requirements for record-keeping procedures for retailers and other businesses that generate waste tires, waste tire haulers, waste tire collection centers, waste tire sites, waste tire processing facilities, and waste tire end-user facilities. Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 301.131, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 301.131, to read as follows:

301.131. HISTORIC MOTOR VEHICLES, PERMANENT REGISTRATION, FEE — LICENSE PLATES — ANNUAL MILEAGE ALLOWED, RECORD TO BE KEPT — PENALTY. — 1. Any motor vehicle over twenty-five years old which is owned solely as a collector's item and which is used and intended to be used for exhibition and educational purposes shall be permanently registered upon payment of a registration fee of twenty-five dollars. Upon the transfer of the title to any such vehicle the registration shall be canceled and the license plates issued therefor shall be returned to the director of revenue.

3. The director shall issue to the owner of any motor vehicle registered pursuant to this section the same number of license plates which would be issued with a regular annual registration, containing the number assigned to the registration certificate issued by the director of revenue. [Such license plates shall be kept securely attached to the motor vehicle registered hereunder. The advisory committee established in section 301.129 shall determine the characteristic features of such license plates for vehicles registered pursuant to the provisions of this section so that they may be recognized as such, except that] Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

Such log must be kept in the historic vehicle when the vehicle is driven on any state road. The historic vehicle's mileage driven in an antique auto tour or event and mileage driven to and from such a tour or event shall not be considered mileage driven for the purpose of the mileage limitations in this section. Violation of this section is a class C misdemeanor and in addition to any other penalties prescribed by law, upon conviction thereof, the director of revenue shall revoke the historic motor vehicle license plates of such violator which were issued pursuant to this section.

5. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

— 1. (1) Notwithstanding any other law to the contrary, if a care provider sustains an exposure from a person while rendering emergency health care services, the person to whom the care provider was exposed is deemed to consent to a test to determine if the person has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of an exposure report by the care provider to the hospital where the person is delivered by the care provider.

(2) The hospital where the person is delivered shall conduct the test. The sample and test results shall only be identified by a number and shall not otherwise identify the person tested.

(3) A hospital shall have written policies and procedures for notification of a care provider pursuant to this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. 5. This section does not preclude a hospital from providing notification to a care provider under circumstances in which the hospital's policy provides for notification of the hospital's own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient's name, unless the patient consents.

6. A hospital participating in good faith in complying with the provisions of this section is immune from any liability, civil or criminal, which may otherwise be incurred or imposed.

7. A hospital's duty of notification pursuant to this section is not continuing but is limited to diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services to which notification pursuant to this section applies.

321.552. SALES TAX AUTHORIZED IN CERTAIN COUNTIES FOR AMBULANCE AND FIRE PROTECTION — BALLOT LANGUAGE — SPECIAL TRUST FUND ESTABLISHED — REFUNDS AUTHORIZED. — 1. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax imposed pursuant to the provisions of this section shall be effective unless the governing body of the ambulance or fire protection district submits to the voters of such ambulance or fire protection district, at a municipal or state general, primary or special election, a proposal to authorize the governing body of the ambulance or fire protection district to impose a tax pursuant to this section.

2. The ballot of submission shall contain, but need not be limited to, the following language:

☐ Yes

☐ No

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

3. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax authorized in this section shall be in effect and the governing body of the ambulance or fire protection district shall lower the level of its tax rate by an amount which reduces property tax revenues by an amount equal to fifty percent of the amount of sales tax collected in the preceding year. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the ambulance or fire protection district shall not impose the sales tax authorized in this section unless and until the governing body of such ambulance or fire protection district resubmits a proposal to authorize the governing body of the ambulance or fire

protection district to impose the sales tax authorized by this section and such proposal is approved by a majority of the qualified voters voting thereon.

4. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund, and be used solely for the purposes specified in the proposal submitted pursuant to this section for so long as the tax shall remain in effect.

5. All sales taxes collected by the director of revenue pursuant to this section, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in a special trust fund, which is hereby created, to be known as the "Ambulance or Fire Protection District Sales Tax Trust Fund". The moneys in the ambulance or fire protection district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust and the amount collected in each district imposing a sales tax pursuant to this section, and the records shall be open to inspection by officers of the county and to the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the governing body of the district which levied the tax; such funds shall be deposited with the board treasurer of each such district.

6. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credit any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. If any district abolishes the tax, the district shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed pursuant to this section.

321.554. ADJUSTMENT IN TOTAL OPERATING LEVY OF DISTRICT BASED ON SALES TAX REVENUE — GENERAL REASSESSMENT, EFFECT OF. — 1. When the revenue from the ambulance or fire protection district sales tax is collected for distribution pursuant to section 321.552, the board of the ambulance or fire protection district, after determining its budget for the year pursuant to section 67.010, RSMo, and the rate of levy needed to produce the required revenue and after making any other adjustments to the levy that may be required by any other law, shall reduce the total operating levy of the district in an amount sufficient to decrease the revenue it would have received therefrom by an amount equal to fifty percent of the previous fiscal year's sales tax receipts. Loss of revenue, due to a decrease in the assessed valuation of real property located within the ambulance or fire protection district as a result of general reassessment, and from state-assessed railroad and utility distributable property based upon the previous fiscal year's receipts shall be considered in lowering the rate of levy to comply with this section in the year of general reassessment and in each subsequent year. In the event that in the immediately preceding year the ambulance or fire protection district actually received more or less sales tax revenue than estimated, the ambulance or fire protection district board may adjust its operating levy for the current year to reflect such increase or decrease. The director of revenue shall certify the amount payable from the ambulance

or fire protection district sales tax trust fund to the general revenue fund to the state treasurer.

2. Except that, in the first year in which any sales tax is collected pursuant to section 321.552, the collector shall not reduce the tax rate as defined in section 137.073, RSMo.

3. In a year of general reassessment, as defined by section 137.073, RSMo, or assessment maintenance as defined by section 137.115, RSMo, in which an ambulance or fire protection district in reliance upon the information then available to it relating to the total assessed valuation of such ambulance or fire protection district revises its property tax levy pursuant to section 137.073 or 137.115, RSMo, and it is subsequently determined by decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of assessed valuations that the assessed valuation of such ambulance or fire protection district has been changed, and but for such change the ambulance or fire protection district would have adopted a different levy on the date of its original action, then the ambulance or fire protection district may adjust its levy to an amount to reflect such change in assessed valuation, including, if necessary, a change in the levy reduction required by this section to the amount it would have levied had the correct assessed valuation been known to it on the date of its original action, provided:

(1) The ambulance or fire protection district first levies the maximum levy allowed without a vote of the people by article X, section 11(b) of the constitution; and

(2) The ambulance or fire protection district first adopts the tax rate ceiling otherwise authorized by other laws of this state; and

(3) The levy adjustment or reduction may include a one-time correction to recoup lost revenues the ambulance or fire protection district was entitled to receive during the prior year.

321.556. REPEAL OF SALES TAX, PROCEDURE — BALLOT LANGUAGE. — 1. The governing body of any ambulance or fire protection district, when presented with a petition signed by at least twenty percent of the registered voters in the ambulance or fire protection district that voted in the last gubernatorial election, calling for an election to repeal the tax pursuant to section 321.552, shall submit the question to the voters using the same procedure by which the imposition of the tax was voted. The ballot of submission shall be in substantially the following form:

"Shall (insert name of ambulance or fire protection district) repeal the (insert amount up to one-half) of one percent sales tax now in effect in the (insert name of ambulance or fire protection district) and reestablish the property tax levy in the district to the rate in existence prior to the enactment of the sales tax?"

☐ Yes ☐ No

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

2. If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of repeal, that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved.

SECTION 1. AMBULANCE SERVICES TO HAVE SAME STATUTORY LIEN RIGHTS AS HOSPITALS — RECOVERY OF LIEN, NET PROCEEDS TO BE SHARED WITH PATIENT, WHEN — RELEASE OF CLAIMANT FROM LIABILITY, WHEN. — 1. As used in this section, the following terms mean:

(1) "Claim", a claim of a patient for:

(a) Damages from a tort-feasor; or

(b) Benefits from an insurance carrier;

(2) "Insurance carrier", any person, firm, corporation, association or aggregation of persons conducting an insurance business pursuant to chapter 375, 376, 377, 378, 379, 380, 381, or 383, RSMo;

(3) "Patient", any person to whom an ambulance service delivers treatment, care, or transportation for sickness or injury caused by a tort-feasor from whom such person seeks damages or any insurance carrier which has insured such tort-feasor.

2. Ambulance services shall have the same rights granted to hospitals in sections 430.230 to 430.250, RSMo.

3. If the liens of such ambulance services or hospitals exceed fifty percent of the amount due the patient, every ambulance service or hospital giving notice of its lien, as aforesaid, shall share in up to fifty percent of the net proceeds due the patient, in the proportion that each claim bears to the total amount of all other liens of ambulance services or hospitals. "Net proceeds", as used in this section, means the amount remaining after the payment of contractual attorney fees, if any, and other expenses of recovery.

4. In administering the lien of the ambulance service, the insurance carrier may pay the amount due secured by the lien of the ambulance service directly, if the claimant authorizes it and does not challenge the amount of the customary charges or that the treatment provided was for injuries caused by the tort-feasor.

5. Any ambulance service electing to receive benefits hereunder releases the claimant from further liability on the cost of the services and treatment provided to that point in time.

[190.044. AMBULANCE SERVICE TAX FROM ONE DISTRICT ONLY (THIRD CLASS COUNTIES), PETITION. — 1. No taxpayer shall be required to pay property taxes for ground ambulance service to both an ambulance district and a fire protection district or two ambulance districts which operate a ground ambulance service, unless reaffirmed and authorized pursuant to this section. In the event that a taxpayer in a third class county is paying taxes to both entities to provide ground ambulance service, any taxpayer residing in the area subject to the double tax may file a petition with the county clerk in which the area, or greatest part thereof, is situated requesting that the double tax be eliminated and that the area only pay a tax to one entity.

2. Upon receipt of such petition, the county clerk shall determine the area taxed by two such entities and place the question before the voters of such area at the next state or municipal election. The petition shall request that the following question be submitted to the voters residing within the geographic limits of the area:

The (description of area) is currently paying a tax to provide ambulance service to the (name of entity created first) and the (name of entity created second).

As a result, choose only one of the following districts to provide ambulance service and taxation:

..... (name of entity created first)

..... (name of entity created second).

3. The entity receiving the most votes shall be declared as the single taxing entity for the area in question. The taxpayers within the area shall thereafter only pay one tax to the single taxing entity following a three-year period, over which the tax rate levied and collected shall be decreased by one-third each year until such tax is no longer levied or collected by the entity not chosen to provide service.

4. All costs incurred by the county clerk as a result of this section, including election costs, shall be paid by the entity not chosen to provide service.

5. The boundaries and service area of the entities providing ambulance service will reflect the change as determined by the election.]

The sale shall constitute and be treated as a true sale and absolute transfer of the property so transferred and not as a pledge or other security interest for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the state's share is being sold, or by the state's acquisition or retention of an ownership interest in the residual assets.

3. On or after the effective date of such sale, the state shall not have any right, title, or interest in the portion of the master settlement agreement sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

In connection with the issuance of bonds and subject to the terms of the sales agreement, the authority shall determine the terms and other details of the financing and the method of implementation of sections 8.500 to 8.565. Bonds issued pursuant to this section may be secured by a pledge of the authority's interest in any sales agreement and any other sources available to the authority with the exception of moneys in the tobacco securitization settlement trust fund. The authority shall also have the power to issue refunding bonds, including advance refunding bonds, for the purpose of refunding previously issued bonds, and shall have the power to issue any other types of bonds, debt obligations, and financing arrangements necessary to fulfill the purposes of sections 8.500 to 8.565, including but not limited to the issuance of debt obligations with a maturity of not more than one year from the date of issue for the purpose of preserving any expenditure of moneys from the state general revenue fund for reimbursement from the proceeds of any bonds to be issued pursuant to sections 8.500 to 8.565. The state may transfer to the authority funds designated in the state's budget for such expenditure for the purpose of securing such debt obligations. The bonds are investment securities and negotiable instruments within the meaning of and for the purposes of the uniform commercial code.

3. Bonds issued by the authority are special obligations of the authority payable solely and only out of the moneys, assets, or revenues pledged by the authority and are not a general obligation or indebtedness of the authority or an obligation or indebtedness of the state or any political subdivision of the state. The authority shall not pledge the credit or taxing power of the state or any political subdivision of the state, or create a debt or obligation of the state, or make its debts payable out of any moneys except those of the authority specifically pledged to such purpose, and shall exclude from any such pledge those moneys deposited in the tobacco securitization settlement trust fund.

4. Bonds issued by the authority shall state on their face that they are special obligations payable both as to principal and interest solely out of the assets of the authority pledged for their purpose and do not constitute an indebtedness of the state or any political subdivision of the state; are secured solely by and payable solely from assets of the authority pledged for such purpose; constitute neither a general, legal, or moral obligation of the state or any of its political subdivisions; and that the state has no obligation or intention to satisfy any deficiency or default of any payment of the bonds.

Amounts so pledged and then or thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind against the authority, whether such parties have notice of the lien. Notwithstanding any other provision to the contrary, the resolution of the authority or any other instrument by which a pledge is created need not be recorded or filed to perfect such pledge.

6. The bonds shall comply with all of the following:

(1) The bonds shall be in a form, issued in denominations, executed in a manner, and payable over terms, not to exceed forty-five years, and with rights of redemption, as the board prescribes in the resolution authorizing their issuance;

(2) The bonds shall be fully negotiable instruments under the laws of the state. The sale of bonds issued pursuant to this section may be completed on a negotiated or competitive basis, but in no event shall such bonds be sold for less than ninety-five percent of the par value thereof, plus accrued interest;

(3) The aggregate costs of issuance of any bonds or other obligations issued by the authority (excluding insurance or other credit enhancement) shall not exceed one and one-half percent of the aggregate principal amount of the bonds, if the aggregate principal amount is equal to or greater than three hundred million dollars, or two percent of the aggregate principal amount of the bonds, if the aggregate principal amount is less than three hundred million dollars. The authority shall not procure insurance or other credit enhancement for the bonds unless the underwriter or the authority's financial advisor certifies that the present value of the premium paid for such insurance or credit enhancement is less than the present value of the interest expected to be saved as a result of the insurance or credit enhancement; and

(4) The bonds shall be subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest which may be fixed or variable during any period the bonds are outstanding, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with sections 8.500 to 8.565 and as determined by resolution of the board authorizing their issuance.

However, a resolution authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds by an appropriate certificate of the authorized officer.

9. The state reserves the right at any time to alter, amend, repeal, or otherwise change the structure, organization, programs, or activities of the authority, including the power to terminate the authority, except that a law shall not be enacted that impairs any obligation made pursuant to a sales agreement or any contract entered into by the authority with or on behalf of the holders of the bonds.

4. All moneys paid to or deposited in the fund are available to the authority to be used in accordance with sections 8.500 to 8.565, including but not limited to all of the following:

542.301. DISPOSITION OF UNCLAIMED SEIZED PROPERTY — FORFEITURE TO THE STATE, WHEN — ALLEGEDLY OBSCENE MATTER, HOW TREATED — APPEAL AUTHORIZED. — 1. [Unless the statute authorizing seizure provides otherwise,] Property which comes into the custody of an officer or of a court as the result of any seizure and which has not been **forfeited pursuant to any other provisions of law or** returned to the claimant shall be disposed of as follows:

(1) Stolen property, or property acquired in any other manner declared an offense by chapters 569 and 570, RSMo, but not including any of the property referred to in subsection 2 of this section, shall be delivered by order of court upon claim having been made and established, to the person who is entitled to possession;

[(2)] (a) The claim shall be made by written motion filed with the court with which a motion to suppress has been, or may be, filed. The claim shall be barred if not made within one year from the date of the seizure;

[(3)] (b) Upon the filing of such motion, the judge shall order notice to be given to all persons interested in the property, including other claimants and the person from whose possession the property was seized, of the time, place and nature of the hearing to be held on the motion. The notice shall be given in a manner reasonably calculated to reach the attention of all interested persons. Notice may be given to unknown persons and to persons whose address is unknown by publication in a newspaper of general circulation in the county. No property shall be delivered to any claimant unless all interested persons have been given a reasonable opportunity to appear and to be heard;

[(4)] (c) After a hearing, the judge shall order the property delivered to the person or persons entitled to possession, if any. The judge may direct that delivery of property required as evidence in a criminal proceeding shall be postponed until the need no longer exists;

[(5)] (d) A law enforcement officer having custody of seized property may, at any time that seized property has ceased to be useful as evidence, request that the prosecuting attorney of the county in which property was seized file a motion with the court of such county for the disposition of the seized property. If the prosecuting attorney does not file such motion within

sixty days of the request by the law enforcement officer having custody of the seized property, then such officer may request that the attorney general file a written motion with the circuit court of the county or judicial district in which the seizure occurred. Upon filing of the motion, the court shall issue an order directing the disposition of the property. **Such disposition may**, if the property is not claimed within one year from the date of the seizure or if no one establishes a right to it, and the seized property has ceased to be useful as evidence, [the judge authorized to order a delivery shall upon the judge's own motion, order] **include** a public sale of the property. **Pursuant to a motion properly filed and granted under this section, the proceeds of [the] any sale, less necessary expenses of preservation and sale, shall be paid into the county treasury for the use of the county. If the property is not salable, the judge may order its destruction. Notwithstanding any other provision of law, if no claim is filed within one year of the seizure and no motion pursuant to this section is filed within six months thereafter, and the seized property has ceased to be useful as evidence, the property shall be deemed abandoned, converted to cash and shall be turned over immediately to the treasurer pursuant to section 447.543, RSMo;**

[6.] (e) If the property is a living animal or is perishable, the judge may, at any time, order it sold at public sale. The proceeds shall be held in lieu of the property. A written description of the property sold shall be filed with the judge making the order of sale so that the claimant may identify the property. If the proceeds are not claimed within the time limited for the claim of the property, the proceeds shall be paid into the county treasury. If the property is not salable, the judge may order its destruction.

[2.] (2) Weapons, tools, devices, and substances other than motor vehicles, aircraft or watercraft, used by the owner or with the owner's consent as a means for committing felonies other than the offense of possessing burglary tools in violation of section 569.180, RSMo, and property, the possession of which is an offense under the laws of this state or which has been used by the owner, or used with the owner's acquiescence or consent, as a raw material or as an instrument to manufacture or produce anything the possession of which is an offense under the laws of this state, or which any statute authorizes or directs to be seized, other than lawfully possessed weapons seized by an officer incident to an arrest, shall be forfeited to the state of Missouri.

[3.] 2. The officer who has custody of the property shall inform the prosecuting attorney of the fact of seizure and of the nature of the property. The prosecuting attorney shall thereupon file a written motion with the court with which the motion to suppress has been, or may be, filed praying for an order directing the forfeiture of the property. If the prosecuting attorney of a county in which property is seized fails to file a motion with the court for the disposition of the seized property within sixty days of the request by a law enforcement officer, the officer having custody of the seized property may request the attorney general to file a written motion with the circuit court of the county or judicial district in which the seizure occurred. Upon filing of the motion, the court shall issue an order directing the disposition of the property. The signed motion shall be returned to the requesting agency. A motion may also be filed by any person claiming the right to possession of the property praying that the court declare the property not subject to forfeiture and order it delivered to the moving party.

[4.] 3. Upon the filing of a motion either by the prosecuting attorney or by a claimant, the judge shall order notice to be given to all persons interested in the property, including the person out of whose possession the property was seized and any lienors, of the time, place and nature of the hearing to be held on the motion. The notice shall be given in a manner reasonably calculated to reach the attention of all interested persons. Notice may be given to unknown persons and to persons of unknown address by publication in a newspaper of general circulation in the county. Every interested person shall be given a reasonable opportunity to appear and to be heard as to the nature of the person's claim to the property and upon the issue of whether or not it is subject to forfeiture.

[5.] 4. If the evidence is clear and convincing that the property in issue is in fact of a kind subject to forfeiture under this subsection, the judge shall declare it forfeited and order its destruction or sale. The judge shall direct that the destruction or sale of property needed as evidence in a criminal proceeding shall be postponed until this need no longer exists.

[6.] 5. If the forfeited property can be put to a lawful use, it may be ordered sold after any alterations which are necessary to adapt it to a lawful use have been made. If there is a holder of a bona fide lien against property which has been used as a means for committing an offense or which has been used as a raw material or as an instrument to manufacture or produce anything which is an offense to possess, who establishes that the use was without the lienholder's acquiescence or consent, the proceeds, less necessary expenses of preservation and sale, shall be paid to the lienholder to the amount of the lienholder's lien. The remaining amount shall be paid into the county treasury.

[7.] 6. If the property is perishable the judge may order it sold at a public sale or destroyed, as may be appropriate, prior to a hearing. The proceeds of a sale, less necessary expenses of preservation and sale, shall be held in lieu of the property.

[8.] 7. When a warrant has been issued to search for and seize allegedly obscene matter for forfeiture to the state, after an adversary hearing, the judge, upon return of the warrant with the matter seized, shall give notice of the fact to the prosecuting attorney of the county in which the matter was seized and the dealer, exhibitor or displayer and shall conduct further adversary proceedings to determine whether the matter is subject to forfeiture. If the evidence is clear and convincing that the matter is obscene as defined by law and it was being held or displayed for sale, exhibition, distribution or circulation to the public, the judge shall declare it to be obscene and forfeited to the state and order its destruction or other disposition; except that, no forfeiture shall be declared without the dealer, distributor or displayer being given a reasonable opportunity to appear in opposition and without the judge having thoroughly examined each item. If the material to be seized is the same as or another copy of matter that has already been determined to be obscene in a criminal proceeding against the dealer, exhibitor, displayer or such person's agent, the determination of obscenity in the criminal proceeding shall constitute clear and convincing evidence that the matter to be forfeited pursuant to this subsection is obscene. Except when the dealer, exhibitor or displayer consents to a longer period, or by such person's actions or pleadings willfully prevents the prompt resolution of the hearing, judgment shall be rendered within ten days of the return of the warrant. If the matter is not found to be obscene or is not found to have been held or displayed for sale, exhibition or distribution to the public, or a judgment is not entered within the time provided for, the matter shall be restored forthwith to the dealer, exhibitor or displayer.

[9.] 8. If an appeal is taken by the dealer, exhibitor or displayer from an adverse judgment, the case should be assigned for hearing at the earliest practicable date and expedited in every way. Destruction or disposition of a matter declared forfeited shall be postponed until the judgment has become final by exhaustion of appeal, or by expiration of the time for appeal, and until the matter is no longer needed as evidence in a criminal proceeding.

[10.] 9. A determination of obscenity, pursuant to this subsection, shall not be admissible in any criminal proceeding against any person or corporation for sale or possession of obscene matter; except that dealer, distributor or displayer from which the obscene matter was seized for forfeiture to the state.

[11.] 10. When allegedly obscene matter or pornographic material for minors has been seized under a search warrant issued pursuant to subsection 2 of section 542.281 and the matter is no longer needed as evidence in a criminal proceeding the prosecuting attorney of the county in which the matter was seized may file a written motion with the circuit court of the county or judicial district in which the seizure occurred praying for an order directing the forfeiture of the matter. Upon filing of the motion, the court shall set a date for a hearing. Written notice of date, time, place and nature of the hearing shall be personally served upon the owner, dealer, exhibitor,

displayer or such person's agent. Such notice shall be served no less than five days before the hearing.

[12.] **11.** If the evidence is clear and convincing that the matter is obscene as defined by law, and that the obscene material was being held or displayed for sale, exhibition, distribution or circulation to the public or that the matter is pornographic for minors and that the pornographic material was being held or displayed for sale, exhibition, distribution or circulation to minors, the judge shall declare it to be obscene or pornographic for minors and forfeited to the state and order its destruction or other disposition. A determination that the matter is obscene in a criminal proceeding as well as a determination that such obscene material was held or displayed for sale, exhibition, distribution or circulation to the public or a determination that the matter is pornographic for minors in a criminal proceeding as well as a determination that such pornographic material was held or displayed for sale, exhibition, distribution or circulation to minors shall be clear and convincing evidence that such material should be forfeited to the state; except that, no forfeiture shall be declared without the dealer, distributor or displayer being given a reasonable opportunity to appear in opposition and without a judge having thoroughly examined each item. A dealer, distributor or displayer shall have had reasonable opportunity to appear in opposition if the matter the prosecutor seeks to destroy is the same matter that formed the basis of a criminal proceeding against the dealer, distributor or displayer where the dealer, distributor or displayer has been charged and found guilty of holding or displaying for sale, exhibiting, distributing or circulating obscene material to the public or pornographic material for minors to minors. If the matter is not found to be obscene, or if obscene material is not found to have been held or displayed for sale, exhibition, distribution or circulation to the public, or if the matter is not found to be pornographic for minors or if pornographic material is not found to have been held or displayed for sale, exhibition, distribution or circulation to minors, the matter shall be restored forthwith to the dealer, exhibitor or displayer.

[13.] **12.** If an appeal is taken by the dealer, exhibitor or displayer from an adverse judgment, the case shall be assigned for hearing at the earliest practicable date and expedited in every way. Destruction or disposition of matter declared forfeited shall be postponed until the judgment has become final by exhaustion of appeal, or by expiration of the time for appeal, and until the matter is no longer needed as evidence in a criminal proceeding.

[14.] **13.** A determination of obscenity shall not be admissible in any criminal proceeding against any person or corporation for sale or possession of obscene matter.

[15.] **14.** An appeal by any party shall be allowed from the judgment of the court as in other civil actions.

15. All other property still in the custody of an officer or of a court as the result of any seizure and which has not been forfeited pursuant to this section or any other provision of law after three years following the seizure and which has ceased to be useful as evidence shall be deemed abandoned, converted to cash and shall be turned over immediately to the treasurer pursuant to section 447.543, RSMo.

16. In fiscal year 2003, the commissioner of administration shall estimate the amount of any additional state revenue received pursuant to this section and section 447.532, RSMo, shall transfer an equivalent amount of general revenue to the schools of the future fund created in section 1 of this act.

[470.040. PROCEEDINGS TO RECOVER MONEY FROM STATE. — Within twenty-one years after any money has been paid to the state director of revenue by an executor or administrator, assignee, sheriff or receiver, any person who appears and claims the same may file his petition in the court in which the final settlement of the executor or administrator, assignee, sheriff or receiver was had, stating the nature of his claim and praying that the money be paid to him, a copy of which petition shall be served upon the prosecuting attorney, who shall file an answer to the same.]

[470.050. COURT TO ORDER WARRANT TO ISSUE, WHEN. — The court shall examine the claim, and the allegations and proofs, and if it finds that the person is entitled to any money so paid to the state it shall order the commissioner of administration to issue his warrant on the state treasurer for the amount of the claim, but without interest or costs; a copy of which order under seal of the court is a sufficient voucher for issuing the warrant.]

[470.190. BAR AGAINST ALL CLAIMS. — After five years all persons, except those who are suffering under a legal disability, shall be forever debarred and precluded from setting up title or claim to any estate which has vested in the state under the provisions of sections 470.010 to 470.260.]

[470.280. CIRCUIT COURT JURISDICTION OVER ESCHEAT PROCEEDINGS. — Whenever an escheat has occurred, or shall occur, of any such moneys, or effects so paid into or deposited in the custody of, or under the control of, any court of the state of Missouri, or any United States court, or in the custody of any depository, clerk, custodian, or other officer of such court, the circuit court of the county in which such court of the state of Missouri or United States court sits, or the circuit court of Cole County, shall have jurisdiction to ascertain if an escheat has occurred, and to enter a judgment or decree for escheat in favor of the state of Missouri.]

The clerk, custodian, or other officer of the court having custody of such moneys or property shall be named a defendant in such action. After a decree for escheat in favor of the state of Missouri, the said attorney general shall take such action in the court wherein any such moneys or property are held as may be required to cause the same to be delivered to the state treasurer, and the same shall be by the treasurer preserved and kept in a separate fund to be known and designated as "Escheats".]

[470.300. NOTICE OF PROCEEDINGS. —

At any time prior to the institution of an action or proceeding by the attorney general on behalf of the state of Missouri as herein provided, said attorney general shall serve or cause to be served on the officer, clerk or custodian of such moneys or fund a notice, in writing, that such fund, designating it, is seized as an escheat fund for the state of Missouri, which notice shall contain a statement that a certain action or proceeding is being instituted and commenced for the escheat of the same and if said fund has been transferred to any other custodian or to the treasury of the United States, then a like notice shall be served on such other custodian and if the fund be transferred to the treasury of the United States, then a like notice shall be personally served on the attorney general of the United States.]

[470.310. SERVICE OF PROCESS. —

Upon the institution and commencement of such action or proceeding by said attorney general at the relation of and for and on behalf of the state of Missouri for the escheat of such funds, proper service of process and summons shall be had on all parties defendant as in other actions and if personal service cannot be had as by law provided in other cases, the defendants shall be served by publication as in other cases.]

[470.320. CLASS ACTION — SERVICE NOTICE BY PUBLICATION. — 1. If persons

constituting the owners, their assignees, personal representatives, grantees, heirs, devisees or other successors of such moneys or funds, to be made parties defendant in such action or proceeding for escheat, are so numerous as to render it impossible or impracticable to bring them all before the court, and to serve them all with process as herein provided for, such of them, if living, or if any of them be not living, their unknown assignees, personal representatives, grantees, heirs, devisees, or other successors, as will fairly insure adequate representation of all, may be sued and served with process as a class. Whenever such action or proceeding is instituted against defendants as representatives of a class, the petition or bill in equity shall allege such facts as shall show that the defendants specifically named, if living, and if any of them be not living, then his unknown assignee, personal representative, grantee, heirs, devisees, or other successors, and served with process as herein provided have been fairly chosen and adequately and fairly represent the whole class. The state shall be required to prove such allegations and it shall not be sufficient to prove such facts by the admission or admissions of the defendants who have entered their appearance.

2. If the proof shows that every person to be bound by the judgment or decree is fairly and adequately represented, a judgment or decree of escheat for the entire funds may be entered, notwithstanding the fact that the defendant or defendants make default, but in such case the state shall be required to prove its case and, if the court finds that a reasonable necessity therefor exists, it may appoint an attorney to represent the defendants and allow him a reasonable attorney's fee to be taxed as costs in the case. The costs of such action shall be paid from funds appropriated by an act of the legislature of the state of Missouri.

3. Service by publication shall be allowed in such escheat class action or proceeding and if the defendant or defendants so served do not appear, judgment of escheat may be rendered affecting said moneys and funds and declaring the same to escheat to the state of Missouri.

4. The attorney general desiring service by publication for such class action or proceeding shall file an application with the circuit judge or clerk of the said circuit court verified by his oath for an order of publication. The application shall show why service cannot be had as in other cases, such as personal service, or by publication as provided in other cases, and shall show that the owners of such moneys or funds and their unknown assignees, personal representatives, grantees, heirs, devisees or other successors are so very numerous as to render it impossible or impracticable to bring them all before the court or to serve them with process as provided for in other cases under the civil code of Missouri, and shall show that the defendants specifically named in the petition or bill in equity have been fairly chosen and adequately and fairly represent the whole class and said attorney general, as affiant, shall allege in said application that he has exercised reasonable diligence to ascertain the whereabouts of the owners of such moneys or funds, including their unknown assignees, personal representatives, grantees, heirs, devisees, or other successors, and that after so doing he has been unable to locate their whereabouts.

5. The judge or clerk, after the filing of said application, shall issue an order of publication of notice to the named defendants, if they be living, and if any of them be not living, then to their unknown assignees, personal representatives, grantees, heirs, devisees or other successors, and to all claimants of said moneys or funds whomsoever, notifying them of the commencement of the action, stating briefly the facts and circumstances in consequence of which such moneys, refund of rates, or premiums or effects is claimed to have escheated and alleging that by reason thereof the state of Missouri has the right to such moneys, refund of rates, or premiums or effects, and describing the moneys or property sought to be escheated to the state of Missouri, giving a brief description of the origin of said moneys or funds to be thereby affected and why the same has not been distributed. And, notifying all such persons that the action is a class action and setting forth the approximate number of owners of such fund, stating that it is impossible or impracticable to name and designate all of such owners because of the fact that they are too numerous to name.

6. The notice shall also contain the name of the court and the name of the parties who are named in said suit, including the unknown assignees, personal representatives, grantees, heirs, devisees or other successors of the named defendants and of all the other claimants whomsoever of such moneys or funds, and shall state the name and address of the attorney general representing the state, as a party plaintiff, and giving the time, which shall be at least forty-five days after the date of the first publication, within which the defendants are required to appear and defend, and shall notify such defendants, their unknown assignees, personal representatives, grantees, heirs, devisees, or other successors and all claimants whomsoever that in case of their failure to do so, judgment by default decreeing that all of such moneys or funds be escheated to the state of Missouri will be rendered against them.

7. Such notice shall be published at least once each week for four successive weeks in some newspaper published in the county where suit is instituted, if there be a newspaper published there, which the attorney general may designate, if not, then in some newspaper published in the state as designated by the judge of said circuit court as most likely to give notice to the persons to be notified.

8. In such action or proceeding for the escheat of such moneys or funds, except for class actions as herein provided, personal service shall be had on those defendants whose whereabouts are known and can be served within the state of Missouri, and for the defendants who are known and who come within the provisions for service by publication as provided by the civil code of Missouri, service on such defendants and their unknown assignees, personal representatives, grantees, heirs, devisees or other successors shall be had as in other civil actions, and in class actions or proceedings where the defendants are sued as a class, service on them shall be had by publication as herein provided.]

[470.330. CLAIMS TO MONEYS OR EFFECTS RECEIVED BY TREASURER UNDER ESCHEAT JUDGMENT. — 1. Within two years after any moneys, refund of rates or premiums, or effects are received by the Missouri state treasurer by reason of a judgment or decree for escheat in favor of the state of Missouri, any person who appears and claims the same or a part of the same may file his petition in the court in which the judgment or decree for escheat was rendered, stating the nature of his claim, showing he is entitled to the same and praying that such moneys or effects be paid to him, a copy of which petition shall be personally served upon the attorney general of the state of Missouri, who shall file answer to the same or make any other defense or take any such action as he deems necessary.

2. The court shall hear evidence and examine the said claim, and the allegations and proof and if it finds that such person is entitled to any of the moneys, or effects, so paid into the state treasury, it shall order a state warrant to be issued as provided by law for the amount of said claim, but without interest or costs after the same was paid into the said state treasury; a duly certified copy of which order, under seal of the court, shall be a sufficient voucher for issuing such warrant.]

[470.340. ORDER DIRECTING PAYMENT TO STATE TREASURER — PROCEDURE. — 1. Whenever an escheat of funds mentioned in sections 470.270 to 470.350 shall occur, or be supposed to occur, the attorney general of the state may, if he so elects, file in the court in which such funds are deposited or under whose jurisdiction same are being held, a motion, petition or other proper pleading praying for an order or judgment of said court directing the payment of said funds to the state treasurer. Notice of the filing of such pleading shall be given to such parties and in such manner as the law and the orders of such court shall require. If said order is made as prayed for, the state treasurer shall receive said funds and shall keep same in a separate fund to be known and designated "Escheats".

2. Any person may appear and claim said funds or a part of same within the time and in the same manner as provided by section 470.330, and like proceedings shall be had upon such application as in said section provided.

3. The proceeding authorized by this section may be instituted and prosecuted in lieu of the proceedings heretofore authorized by sections 470.270 to 470.350 or in addition to such other proceedings.]

[470.350. UNCLAIMED ESCHEAT — DISPOSITION. — All moneys, refund of rates or premiums or effects paid into the state treasury under the provisions of sections 470.270 to 470.350, after remaining therein unclaimed for a period of two years, shall escheat and vest absolutely in the state of Missouri and shall thereafter be used and appropriated as other escheat property.]

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to ensure that adequate funding is available to fully fund the school foundation formation of this state, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

**HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTION NO. 11**

WHEREAS, the State of Missouri borders 488 miles of the Mississippi River; and

WHEREAS, many of Missouri's locks and dams are more than 60 years old and only 600 feet long, making them unable to accommodate modern barge tows of 1,200 feet long, nearly tripling locking times, and causing lengthy delays and ultimately increasing shipping costs; and

WHEREAS, the use of 1,200-foot locks has been proven nationwide as the best method of improving efficiency, reducing congestion, and modernizing the inland waterways; and

WHEREAS, the construction of the lock and dam system has spurred economic growth and a higher standard of living in the Mississippi and Illinois river basin, and today supplies more than 300 million tons of the nation's cargo, supporting more than 400,000 jobs, including 90,000 in manufacturing; and

WHEREAS, more than 60 percent of American agriculture exports, including corn, wheat, and soybeans, are shipped down the Mississippi and Illinois rivers on the way to foreign markets; and

WHEREAS, Missouri farmers, producers, and consumers rely on efficient transportation to remain competitive in a global economy, and efficiencies in river transport offset higher production costs compared to those incurred by foreign competitors; and

WHEREAS, the Upper Mississippi and Illinois lock and dam system saves our nation more than 1.5 billion dollars in higher transportation costs each year, and failing to construct 1,200-foot locks will cause farmers to use more expensive alternative modes of transportation, including trucks and trains; and

WHEREAS, according to the United States Army Corps of Engineers, congestion along the Upper Mississippi and Illinois rivers is costing Missouri and other producers and consumers in the basin 98 million dollars a year in higher transportation costs; and

WHEREAS, river transportation is the most environmentally friendly form of transporting goods and commodities, creating almost no noise pollution and emitting 35 to 60 percent fewer pollutants than either trucks or trains according to the United States Environmental Protection Agency; and

WHEREAS, moving away from river transport would add millions of trucks and rail cars to our nation's infrastructure, adding air pollution, traffic congestion, and greater wear and tear on highways; and

WHEREAS, backwater lakes created by the lock and dam system provide breeding grounds for migratory waterfowl and fish; and

WHEREAS, the lakes and 500 miles of wildlife refuge also support a billion-dollar-a-year recreational industry, including hunting, fishing, and tourism jobs; and

WHEREAS, upgrading the system of locks and dams on the Upper Mississippi and Illinois rivers will provide 3,000 high-paying construction and related jobs over a 15 to 20 year period with health benefits which will benefit not only those directly employed, but the local health care systems and economies of the communities in which these individuals live and work; and

WHEREAS, in 1999, the State of Missouri shipped 18.8 million tons of commodities, including grain, coal, chemicals, aggregates, and other products; and

WHEREAS, 38.6 million tons of commodities, including grain, coal, chemicals, aggregates, and other products, were shipped to, from, and within Missouri by barge, representing 4.2 billion dollars in value; and

WHEREAS, shippers moving by barge in Missouri realized a savings of approximately \$380 million compared to other transportation modes; and

WHEREAS, Missouri docks shipped products by barge to 18 states and received products from 17 states; and

WHEREAS, the Port of Metropolitan St. Louis shipped and received 32.6 million tons of commodities in 1999 worth over 5 billion dollars and is the second busiest inland port in the United States, linking rural Missouri and St. Louis with world markets; and

WHEREAS, there are approximately 183 manufacturing facilities, terminals, and docks on the waterways of Missouri, representing thousands of jobs in this state:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, hereby recognize the importance of inland waterway transportation to Missouri agriculture and industry in the state, the region, and the nation, and urge the United States Congress to authorize funding to construct 1,200-foot locks on the Upper Mississippi and Illinois River System; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives, the Chair of the United States Senate Committee on Commerce, Science, and Transportation, the Chair

of the United States House Committee on Transportation and Infrastructure, and each member of the Missouri Congressional Delegation.

HOUSE CONCURRENT RESOLUTION NO. 13

WHEREAS, HR 3113, the TANF Reauthorization Act of 2001, was introduced in the United States House of Representatives on October 12, 2001, which would reform the Temporary Assistance for Needy Families program to make it clear that the program's principal focus is the long-term reduction of poverty rather than a short-term immediate reduction in the welfare rolls; and

WHEREAS, HR 3113 would also make it clear that postsecondary education is a work activity under the TANF program by providing access to postsecondary education for TANF recipients as a permissible work activity; and

WHEREAS, in the United States, education has always been a route to economic self-sufficiency and social mobility; and

WHEREAS, in the twenty-first century, at least one year of postsecondary education will become increasingly more essential for all workers; and

WHEREAS, TANF does not currently extend our nation's commitment to educational opportunity to persons living in poverty with their children, but who are ready, willing, and able to benefit from postsecondary education; and

WHEREAS, data from several studies has demonstrated that the additional earning capacity that a postsecondary education provides can make the difference between economic self-sufficiency and continued poverty for many TANF recipients; and

WHEREAS, among families headed by African American, Latino, and Caucasian women, the poverty rate declines from fifty-one, forty-one, and twenty-two percent to twenty-one, eighteen and one-half, and thirteen percent, respectively, with at least one year of postsecondary education; and

WHEREAS, further data has found that postsecondary education not only increases incomes, it also improves self-esteem, increases children's education ambitions, including aspiring to enter postsecondary education themselves, and has a dramatic impact on quality of life; and

WHEREAS, now more than ever TANF recipients need postsecondary education to obtain the knowledge and skills required to compete for jobs and enable them to lift themselves and their children out of poverty in the long-term; and

WHEREAS, without some postsecondary education, most women who leave welfare for employment will earn wages that place them far below the federal poverty level, even after five years of employment; and

WHEREAS, allowing TANF recipients to attend postsecondary education, even for a short time, will improve their earning potential significantly, with the average person who attends a

community college, even without graduating, earning approximately ten percent more than those persons who do not attend postsecondary education at all; and

WHEREAS, women who receive TANF assistance clearly appreciate the importance and role of postsecondary education in moving them out of poverty to long-term economic self-sufficiency; and

WHEREAS, as of November 1999, at least nineteen states had considered or enacted strategies to support recipient's efforts to achieve long-term economic self-sufficiency through the pursuit of postsecondary education:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, support HR 3113, the TANF Reauthorization Act of 2001; and

BE IT FURTHER RESOLVED that the General Assembly urges Missouri's Congressional delegation to support the passage of HR 3113, the TANF Reauthorization Act of 2001; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of Missouri's Congressional delegation.

WHEREAS, unless tougher corporate governance policies are put in place soon, many other companies may experience a similar devaluation of their assets in the current falling economy; and

WHEREAS, the "Employee Retirement Savings Bill of Rights", H.R. 3669, has been introduced in the 107th Congress and would allow workers to transfer matching employer contributions from company stock and to pay for retirement advice and counseling on a pretax basis through payroll deduction; and

- 4) Encourage organizations that represent individual curriculum areas, such as communications, mathematics, and social studies, to incorporate analysis of consumer credit issues where appropriate; and
- 5) Identify and publicize methods besides statewide assessments that could help students and teachers incorporate consumer credit issues in teaching and learning, including professional development opportunities; and

SENATE CONCURRENT RESOLUTION No. 36

WHEREAS, the Joint Interim Committee on Education Funding created by Senate Concurrent Resolution No. 26 enacted in the First Regular Session of the Ninety-first General Assembly ceased to exist on January 15, 2002; and

WHEREAS, the Joint Interim Committee on Education Funding was charged with an in-depth review of education finance in this state; and

WHEREAS, by its very nature, education funding is a complex subject that has many interlocking elements that are seldom understood in their entirety; and

WHEREAS, with the best efforts of the Joint Interim Committee on Education Funding, the foundation for further study has been created, but in-depth study will require more time; and

WHEREAS, institutional knowledge of the issues involved in education funding is dwindling, making an in-depth study even more difficult as time passes:

NOW, THEREFORE, BE IT RESOLVED by the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, that the Joint Interim Committee on Education Funding be reconstituted with substantially the same membership in a timely fashion so that the in-depth study contemplated in Senate Concurrent Resolution No. 26 enacted in the First Regular Session of the Ninety-first General Assembly may continue and be completed in time to present a thoughtful study and recommendations for future action to the members of the Ninety-second General Assembly so that the constitutional requirement that designates education as the state's first priority in public policy may continue to be fulfilled.

SENATE CONCURRENT RESOLUTION No. 37

WHEREAS, cancer is a leading cause of morbidity and mortality in the State of Missouri and throughout the Nation; and

WHEREAS, cancer is disproportionately a disease of the elderly, with more than half of all cancer diagnoses occurring in persons 65 years of age or older who are thus dependent on the federal Medicare program for provision of cancer care; and

WHEREAS, since treatment with anti-cancer drugs is the cornerstone of modern cancer care, elderly cancer patients must have access to potentially life-extending drug therapy, but the Medicare program's coverage of drugs is limited to injectable drugs or oral drugs that have an injectable version; and

WHEREAS, the Nation's investment in biomedical research has begun to bear fruit with a compelling array of new oral anti-cancer drugs that are less toxic, more effective, and more cost-effective than existing therapies, but because such drugs do not have an injectable equivalent, they are not covered by Medicare; and

WHEREAS, noncoverage of these important new products leaves many Medicare beneficiaries confronting the choice of either substantial out-of-pocket personal costs or selection of more toxic, less effective treatments that are covered by the program; and

WHEREAS, Medicare's failure to cover oral anti-cancer drugs leaves at risk many beneficiaries suffering from blood-related cancers like leukemia, lymphoma, and myeloma, as well as cancers of the breast, lung, and prostate; and

WHEREAS, certain members of the United States Congress have recognized the necessity of Medicare coverage for all oral anti-cancer drugs and introduced legislation in the 107th Congress to achieve such result (H.R. 1624 and S. 913):

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, respectfully urge the United States Congress to adopt legislation requiring the Medicare program to cover all oral anti-cancer drugs; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the Secretary of Health and Human Services, the Administrator of the Centers for Medicare and Medicaid Services, and each member of the Missouri Congressional Delegation.

SENATE CONCURRENT RESOLUTION NO. 46

WHEREAS, H.R. 3113, the TANF Reauthorization Act of 2001, was introduced in the United States House of Representatives on October 12, 2001, which would reform the Temporary Assistance for Needy Families program to make it clear that the program's principal focus is the long-term reduction of poverty rather than a short-term immediate reduction in the welfare rolls; and

WHEREAS, H.R. 3113 would also make it clear that postsecondary education is a work activity under the TANF program by providing access to postsecondary education for TANF recipients as a permissible work activity; and

WHEREAS, in the United States, education has always been a route to economic self-sufficiency and social mobility; and

WHEREAS, in the twenty-first century, at least one year of postsecondary education will become increasingly more essential for all workers; and

WHEREAS, TANF does not currently extend our nation's commitment to educational opportunity to persons living in poverty with their children, but who are ready, willing, and able to benefit from postsecondary education; and

WHEREAS, data from several studies has demonstrated that the additional earning capacity that a postsecondary education provides can make the difference between economic self-sufficiency and continued poverty for many TANF recipients; and

WHEREAS, among families headed by African American, Latino, and Caucasian women, the poverty rate declines from fifty-one, forty-one, and twenty-two percent to twenty-one,

eighteen and one-half, and thirteen percent, respectively, with at least one year of postsecondary education; and

WHEREAS, further data has found that postsecondary education not only increases incomes, it also improves self-esteem, increases children's education ambitions, including aspiring to enter postsecondary education themselves, and has a dramatic impact on quality of life; and

WHEREAS, now more than ever TANF recipients need postsecondary education to obtain the knowledge and skills required to compete for jobs and enable them to lift themselves and their children out of poverty in the long-term; and

WHEREAS, without some postsecondary education, most women who leave welfare for employment will earn wages that place them far below the federal poverty level, even after five years of employment; and

WHEREAS, allowing TANF recipients to attend postsecondary education, even for a short time, will improve their earning potential significantly, with the average person who attends a community college, even without graduating, earning approximately ten percent more than those persons who do not attend postsecondary education at all; and

WHEREAS, women who receive TANF assistance clearly appreciate the importance and role of postsecondary education in moving them out of poverty to long-term economic self-sufficiency; and

WHEREAS, as of November 1999, at least nineteen states had considered or enacted strategies to support recipient's efforts to achieve long-term economic self-sufficiency through the pursuit of postsecondary education:

SENATE CONCURRENT RESOLUTION NO. 65

WHEREAS, the September 11, 2001, terrorist attacks have had a substantial impact on the American economy; and

WHEREAS, insurers estimate that their losses from the attacks could reach \$70 billion; and

WHEREAS, insurance coverage on the World Trade Center and the businesses in and around the Trade Center were multi-layered, and will affect insurers of all kinds, including: property-casualty, liability, workers' compensation, business interruption, life, health and reinsurance; and

WHEREAS, insurers are concerned that they cannot adequately or accurately price insurance coverage for future catastrophes resulting from terrorism; and

WHEREAS, reinsurers are already notifying their customers that they will no longer cover terrorism risk, and primary carriers are notifying state insurance regulators that they intend to seek exclusions of terrorism coverage in their contracts with policyholders; and

WHEREAS, without adequate insurance coverage, banks may be unwilling to extend loans for commercial transactions, such as mortgages, construction projects and other capital-intensive programs; and

WHEREAS, the inability of the insurance industry to cover losses from future terrorist activities may require action by the federal government; and

WHEREAS, a federal backstop would assure an available and affordable insurance market America's consumers and businesses in these challenging times; and

WHEREAS, a federal backstop program would help to eliminate market constriction and prohibitively high prices, would facility insurance transactions necessary for commerce, and would assure the broad-based ability of families and businesses to recover from future incidences of terrorism;

WHEREAS, without a backstop, a limited availability of insurance against terrorism would have a severe adverse effect on our country's economy as financiers would be reluctant to lend, businesses would be reluctant to invest, and consumers would be unable to afford insurance:

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the members of Congress to provide for a limited and temporary backstop for insurance against terrorism; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for each member of Missouri's Congressional Delegation.

WHEREAS, recent data shows that violent juvenile crime rates soar and children are most likely to be victims of a violent crime committed by a nonfamily member between the hours of 3 p.m. and 8 p.m., the hours immediately after school; and

WHEREAS, according to the National Center for Juvenile Justice, children are at greater risk of being involved in crime, substance abuse, and teenage pregnancy in the hours after school, especially between the hours of 3 p.m. and 4 p.m.; and

WHEREAS, the United States Departments of Education and Justice report that children in quality after-school programs have better academic performance, school attendance, behavior, and greater expectations for the future; and

WHEREAS, children who attend high quality after-school programs have better peer relations, emotional adjustment, conflict resolution skills, grades, and conduct in school compared to their peers who are not in after-school programs; and

WHEREAS, children who attend after-school programs spend more time in learning opportunities, academic activities, and enrichment activities, and spend less time watching television than their peers; and

WHEREAS, children who attend after-school programs miss fewer days of school, have better homework completion, better school behavior, and higher test scores; and

WHEREAS, the United States Congress has recognized the beneficial impact of after-school programs to our youth, and has increased the funding of after-school programs administered by the Missouri Department of Elementary and Secondary Education; and

WHEREAS, 92% of all Americans believe there should be organized activities for all youth during after-school hours; and

WHEREAS, it is estimated that less than 25% of all school-age children attend any after-school program, leaving 75% of our youth without a safe, supportive, and enriching environment during the unsupervised hours after the formal school day ends:

NOW, THEREFORE, BE IT RESOLVED by the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, that a Joint Interim Committee on After-school Programs be created, to be comprised of three members of the Senate, appointed by the President Pro Tem of the Senate and the Senate Minority Floor Leader and three members of the House of Representatives, appointed by the Speaker of the House of Representatives and the House Minority Floor Leader; and

BE IT FURTHER RESOLVED that the committee, in consultation with the Departments of Elementary and Secondary Education and Social Services, make recommendations for an efficient and effective development plan to provide the opportunity for every Missouri school-age child to access quality after-school programs and design a system to train, mentor, and support after-school programs, and thereby guarantee their sustainability; and

BE IT FURTHER RESOLVED that the committee report its recommendations and findings to the General Assembly by January 1, 2003, and the authority of such committee shall terminate on December 31, 2002, unless reauthorized.
